Mr. Francis Lattle of Benton Harbor, Mich., is over eighty years of age. Since 1865 he has been troubled more or less with indigestion and constipation and has tried almost everything in use for those ailments. Last August he began using Chamberlain's Stomach and Liver Tablets and was soon feeling much better. In a recent letter he says, "I have used three boxes of the Tablets and now think I am well." These Tablets improve the appetite and invigorate the stomach, liver and bowels. For sale by Slocum Drug Co.

## A NEW DREDGE.

Will be Put on John Day River to Take Out Gold.

Wm. Starrett of Grant county was in the city Tuesday. Mr. Starrett states that the big dredge on the John Day which is being used for taking out gold is a great success.

Mr. Pomeroy, the manager of the dredge is figuring on the proposition of putting in another machine on Canyon creek between Canyon City and John Day in the near future.

In the palmy days of '62 fortunes were taken out of the rich placers on Canyon creek and the ground was all worked over with pick and pan.

With modern methods the John Day bottoms still turn out the precious yellow metal in paying quantities.

F. M. Lacy who recently bought the old Gundlack place near Canyon City, while digging a post hole uncovered a \$3 nugget. This will be an incentive to dig a good many more post holes. The Gundlack place is an old wheat farm on a hill and nobody ever thought of finding gold there before. The farm has been a sort of a "hoodoo" to former owners, but if Mr. Lacy can dig enough post holes which contain \$3 nuggets he is all right.

Activity in mining generally in Grant county is on the increase.

## Goos Like Hot Cakes.

"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "is Dr. King's New Discovery for Consumption, Coughs and colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and Lung diseases, who could get no help from this or any other remedy." Mothers rely on it, best physicians prescribe it, and Slocum Drug Co. guarantee satisfaction or refund price. Trial bottles free. Reg. sizes, 50c and \$1.

The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Slocum Drug Co.

## WORK AT THE MINES

EXPERIENCED COAL MINERS BEING EMPLOYED.

Willow Creek Wagon Road Now Almost Completed to Harve Hill Camp.

The force of miners at the Morrow county coal mines is being increased to push development work as fast as possible.

Tuesday evening four experienced coal miners came in from Seattle, and yesterday they went out to the mines to commence work.

The main development work is now being pushed on tunnels known as No. 3 and No. 9. No. 3 is about 150 feet below where the first drill hole was sunk. This tunnel now penetrates the mountain side for a distance of about 40 feet. From the surface, the coal has gradually been getting better and the bone in this seam has disappeared almost entirely.

With the work of experienced miners now in charge, coal will soon be taken from this tunnel in quantity.

Tunnel No. 9 where another force of men is now at work is located about 3 1/2 miles from No. 3. This is a 12 foot vein with indications that it will be thicker when depth is reached.

Nine men under the direction of Willard Herren are now at work on the new wagon road which connects with the Willow creek road at the old Hamilton mill, and will touch the Grant county road up on the Ditch creek meadows.

This road is now cut out from the Hamilton mill to the tunnel of the railroad survey, or better known as Harve Hill camp by persons who are acquainted with the Willow creek basin.

The original wagon road survey from the railroad terminal over the mountain to connect with the Grant county road up on the meadows has been changed to reduce the grade which will make a more feasible route. This road will be put through as soon as possible.

With this new survey, tunnel No. 3 will be easiest of access and from this tunnel it is expected that the local demand will be supplied for this winter at least.

D. A. Herren and C. E. Redfield drove in over the new road to Heppner, Monday evening. They brought with them some samples of good coal which was taken from tunnel No. 3.

For comparison a piece of coal was sent from Portland which had been imported from Wales. The foreign coal is now being used in Portland by the gas factories.

The imported coal does not compare with Morrow county's product. Thos. L. Brophy, the mining expert says that the Morrow county coal is far superior to the sample of coal which had been imported from Wales.

A very encouraging feature of the Morrow county coal fields is that the measures, as depth is reached, are greatly improving in both quality and quantity.

This coal is undoubtedly of superior quality, in fact is better than any yet discovered in the Northwest.

Geo. Wells, the O. R. & N. expert is still out at the mines and he says that he has found what he has been looking for for many years—a great coal field.

Before another year these mines will be worked extensively.

## Stricken With Paralysis.

Henderson Grimett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured. Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by Slocum Drug Co.
