A carrier pigeon was accidentally killed
one day this week by Lee Matlock.
The tag on the bird's leg bears the fol-
lowing inscription: "H. F. Z-900-
1001." The registry number of the
bird will be looked up.

Howard's grocery store is a very pop-
ular place for the purchase of supplies
for farmers and outfits for outing in the
way of extra fine groceries. Almost
everything imaginable kept in stock.
It's handy where you can get anything
you want.

During the past week some very fine
vegetables have been brought to this
city from Butter Creek. This is one of
the most fertile valleys in Oregon and a
large portion of this territory is tribu-
tary to Heppner, where a good market
is found for the fine fruits and veget-
ables.

Early Fall frosts have appeared and
the evenings bring thoughts of the coal
dealer and last winter overcoat. Tender
garden vegetables have been ripped
and the dropping of the yellow leaves
show that the fall season has arrived.
The beautiful weather is stimulating
fall work.

Maddeson B. Hayman of Boston,
Mass, is visiting his brother M. D. Hay-
man of this city. This is the first meet-
ing of the brothers since 1863. Some
time ago M. D. Hayman wrote to the
pension bureau at Washington, D. C.,
and found his brothers address which
he had not known for years.

On the coming Sunday divine services
will be held in All Saints' church, by
the Rev. W. E. Potwine, both morning

there will be a celebration of the Holy
Communion accompanied by a sermon,
and in the evening there will be the
usual service and an address. The
Sunday School will meet at 10 a. m. as
usual. The offerings at each service
will be devoted to current expenses.

J. L. Ayers has returned from Pay-
ette, Idaho. Mr. Ayers states that the
sheep industry in that state is in bad
shape owing to the effect of the law
which prohibits sheep from being run
within two miles of an inhabited dwell-
ing. Many sheepmen who formerly
used the public domain near their own
ranches are now completely shut out of
winter range and consequently must go
out of the business. Mr. Ayers stated
that every sheepman that he inter-
viewed wanted to sell.

Robbery at Lone.

Earhart & Bryerly's saloon safe at
Lone was robbed under peculiar circum-

stances one night last week. Messrs.
Earhart and Bryerly were away at the
time and the saloon was left in charge
of the bartenders. One of the bar-
tenders locked the safe Thursday night
and was taken very sick. The next day
Mr. Earhart was sent for and he got
back to Lone Saturday. He opened the
safe and found it empty. The combi-
nation had been worked and the safe
was locked after the money had been
taken. Nothing about the building was
disturbed. Entrance was gained by
unlocking the front door. Between
\$850 and \$900 was taken. No clew to
the thieves.

Heppner Wool Men Active.

Heppner is going to make an effort to
handle the wool clip of this section for
'03. We see every reason for and
none against their being success-
ful as there are at least 20 bands of
sheep here that are closer to Heppner
by 25 miles than they are to Shaniko,
and the wool can be hauled to the
former place for much less than the
latter.

Close observation shows that wool
has brought more in Heppner this year
than in Shaniko. As the difference is a
direct loss to the sheepmen, and the
trade is valuable to Heppner, we wel-
come the efforts of its business men to
bring about this much needed change
which will come unless Shaniko, by
making advances early in the season,
secures the clip.—Spray Courier.

NEW COAL COMPANY

ARTICLES HAVE BEEN FILED
WITH SECRETARY OF STATE.

Election of Officers of the Black
Butte Railroad and
Coal Company.

Articles of incorporation of the Black
Butte Railroad & Coal Company have
been filed with the Secretary of State.

The principal office of the company
will be in Heppner.

The members of the company are well
known Morrow county people all being
pioneers of the county.

The company controls about 2500
acres of land. The location of their
holdings is about 18 miles southeast of
Heppner and takes in the old Matteson
coal mine which has been abandoned
for several years.

The Matteson property has a history
and is remembered by the older resi-
dents of Morrow county. This mine
was vigorously worked by Matteson
brothers about 18 years ago. A tunnel
was blasted in the solid rock for a dis-
tance of 1100 feet.

Coal was taken out at that time
which was used in Heppner, but owing
to crude appliances for mining and a
lack of capital, the enterprise was
finally abandoned.

The recent rich coal discoveries in
the Willow creek basin has given an
impetus to mining in Morrow county.
In fact there is a coal fever which is
greatly stimulated by the great demand
for coal.

The new company will take hold of
the Matteson property and thoroughly
investigate the proposition with im-
proved methods.

A meeting of the company was held
in this city yesterday and the following
officers and directors were elected:

President, Thos. Quaid, vice-presi-
dent, Edgar M. Matteson; secretary-treasurer,

Henry Blackman.
Directors, Thos Quaid, Henry Black-
man, Edgar Matteson.
The capital stock of the company is
\$1,000,000, divided into 1,000 claims at
the par value of \$1 each.

Birthday Surprise.

A merry crowd of young people gath-
ered at the residence of Mr. and Mrs.
Vawter Crawford at about 8 o'clock last
Saturday evening the occasion being a
surprise party in honor of Miss Ger-
trude Crawford's 22d birthday.

All kinds of games were engaged in
until a late hour, also quite a variety of
music. The principal feature of the
evening being a five minute talk. Each
young man was assigned to some young
lady for a chat, and then the ladies left
the room, leaving the boys to write a
description of his lady. From the de-
scriptions handed in, the girls were
just about perfect, in fact Hepp. Black-
man was so captivated that he could
not find words to express his feelings,
and finally fell onto the one word
"lovely." After a delicate lunch was
served the crowd left declaring that
they had spent a very enjoyable even-
ing. Those present besides the family
were: Mr. and Mrs. W. L. Saling, Mr.
and Mrs. Elmer Morrison, Misses Mc-
Grew, Pauline Reno, Ethel Reed, Lena
Reed, Anna McBride, Mary Behrens,
Messrs. Clyde Brock, Lorrel McCall
and Heppner Blackman.

Large Shipment of Horses.

Saturday last George Q. Carey of the
firm of McCreary and Carey, the well
known South Omaha horse buyers,
shipped about 300 head of range horses
to South Omaha. This was a good lot
of range horses. They were purchased
in the Crooked River country and were
driven overland to this city for ship-
ment.
