Holds up Northern Pacific Passenger Train Alone.

THE ENGINEER WAS KILLED

Jubilant Polk County Hop Man Throws Away \$100 in Nickels.

Butte, Mont., Oct. 24.-One of the most daring train robberies in the history of the Northern Pacific Railroad occurred early this morning three and a half miles west of Drummond, Montana. As far as is known, but one man was engaged in the robbery.

Engineer Dan O'Neill was shot and killed, when he grappled with the desperado, who had covered him with two revolvers.

The robber secured but very little for his trouble.

The train had left Bearmouth, and, as the fireman turned to gather a scoopful of coal he was startled to see a man standing on the coal pointing two reyolvers at his head.

man, elevating his voice to overcome the noise of the train.

orders and you won't get hurt." Then the robber commanded: "Go

and put out that headlight and mind ing been taken beforehand, and was a that you come back here."

The fireman lost no time in obeying Brown. the order an was returning into the cab when he heard a shot and peered in just in time to see the engineer fall backwards out of the gangway to the ground. Just then the steam was shut off and the brakes applied and the train came to a stop in Mulkey Canyon.

Clerk C. W. Otis refused to open the mail car door until threatened twith dynamite. Once in the mail car the robber went to work on the registered mail pouches, which he forced the express and mail men to open. Packages were handed to him, and with the utmost coolness the fellow took a seat and opened first one package and then another, using his gun to break them.

CASTS MONEY IN AIR.

Jubilant Hopman Gives Away \$100 in Nickels.

Dallas, Or., Oct. 25-About 2000 people witnessed 400 children scramble for \$100 worth of nickels, on the Court-house Square, this afternoon. Two weeks ago Hon. W. C. Brown announced that should the price of hops ever reach 20 cents a pound he would throw away

Mr. Brown had grown hops for a number of years, and sold them for 8 or 10 or 12 cents. In conversation with some friends one day he asserted that he did not believe that the price would ever reach 20 cents again, and offered, should it do so, to throw away \$100 in coin. Last week he sold his hop crop for 25 cents, and immediately announced that he was prepared to fulfill his promise.

The nickel-throwing affair came off today, with great crowds of children in attendance. The sowing was on the Court-house Square. The children were arranged in groups according to size and are as follows: Large boys, small boys, large girls and small girls. The formation was on the sidewalks. and the nickels were sown on the sward and the different sections were seperated by ropes.

ployed for the purp se threw \$100 in nickels at once, this being the signal for the scramble, which was immense. Several hundred children plunged into the square, c'ad for the occasion. "Throw up your hands," shouted the For a moment the scene was novel and intensely exciting. There seemed to be an indiscriminate mixture of bonnets, and East." "Throw up your hands and obey my hats, boots, shoes and other childish apparel. The affair passed without serious accident, every precaution havgreat source of satisfaction to Mr.

Republican Majority.

Washington, Oct. 26.-Chairman Bab cock has the following to say of the

"The Republicans will elect a majority of the next House of Representatives. The majority will not be that of the last Presidential election, but will be somewhat reduced. I think it will be greater than the majority in 1898, which was 13.

"In most of the states there will be a light vote, and all our speakers have reported considerable apathy. However, there has been an awakening of interest and I look for a heavy vote in some states.

"I attribute much of the present favorable outlook to the splendid attitude of President Roosevelt on the question

SHYLOCK

Shylock was the man who wanted a pound of human flesh. There are many Shylocks now, the convalescent, the consumptive, the sickly child, the pale young woman, all want human flesh and they can get it-take Scott's Emulsion.

Scott's Emulsion is flesh and blood, bone and muscle. It feeds the nerves, strengthens the digestive organs and they feed the whole body.

For nearly thirty years Scott's Emulsion has been the great giver of human flesh.

of the trusts, the tariff and the coal strike. If the party had ignored the tariff question it would have met with defeat. It has taken the ground that the tariff should be modified and placed on a protective basis. It has also advocated Cuban reciprocity in the West

The Worst Form.

Multitudes are singing the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by dygesting what they est, by cleansing and sweetening the stomach and by transforming their food into their kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: For a number of years I was troubled with indigestion and dyspepsis which grew into the worst form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodel to all sufferers from indigestion and dyspepsis. Take a dose after meals. It digests what you est. Slocum Drug Co.

Come to Weston.

Weston, Oregon, is an ideal home town. Beautifully situated in the richest part of the rich empire where wheat is king, with pleasant surroundings and superb climate, its attractions to the home-seekers are manifold. It has a eplendid gravity system, amply supplied by mountain springs, and offers free water for ten years to house-builders. The only state school in Eastern Oregon-an excellent institution under progressive management - is here. Weston gave to the state its first Normal building and afterward donated a ten-acre site, the best property in the city, for the new Normal grounds. At this date, October 23, 1902, it has granted a valuable acre strip adjoining to complete the grounds. Fine building sites on Normal heights may be cheaply had, with shade trees, grading, sidewalks and city water free. Weston is the the place to locate and "school your children." Desirable land may be had for a reasonable figure, considering its productive value. For information in detail address Weston Improvement Association Weston, Oregon.
