

Baa Coughs

"I had a bad cough for six weeks and could find no relief until I tried Ayer's Cherry Pectoral. Only one-fourth of the bottle cured me."
L. Hawn, Newington, Ont.

Neglected colds always lead to something serious. They run into chronic bronchitis, pneumonia, asthma, or consumption. Don't wait, but take Ayer's Cherry Pectoral just as soon as your cough begins. A few doses will cure you then.

Three sizes: 25c., enough for an ordinary cold; 50c., just right for bronchitis, hoarseness, hard colds, etc.; \$1., most economical for chronic cases and to keep on hand.
J. C. AYER CO., Lowell, Mass.

QUIET SHEEP MARKET.

Outside of Local Demand There is Not Much Doing.

There is little change in the Morrow county sheep market. The market is dull. There is some local demand for lambs in small lots, but the tendency all round seems to be to hold off. In speaking of the conditions, a local man well versed in the situation said:

"Buyers seem to be of the opinion that sheep can be purchased in one month from now at as low figures as at the present time. For this reason they are holding off."

Tunis Swick, ex-commissioner of Grant county, and a prominent sheepman was in the city this week. Mr. Swick was here for the purpose of buying bucks to stock up his bands.

He reports sales in the Hamilton country as follows:

Newt Robinson sold 1000 ewe lambs for \$1.70 per head.

Mr. Simpson, of Yakima, Wash., was in the Hamilton country recently. He picked up about 2500 yearling wethers at from \$2 to \$2.15 per head which were driven to the Yakima country to feed.

Mr. Swick, just before leaving here, sold 1700 mixed lambs to W. P. Dutton for \$1.60 per head on the range.

In Grant county, wethers have been selling for \$2.00 quite freely of late.

J. H. McHaley, the well known Heppner sheepman who is now at Hamilton recently made sales of ewe lambs at \$1.75 and yearling wethers at \$2.25 per head. Mr. McHaley's sheep being choice stock.

During the past week John Edwards of Morrow county sold to Frank Killenny 500 wether lambs for \$1.60 per head.

W. H. Johnson & Son have sold out their entire sheep plant on the John Day. This was one of the big sheep plants of Grant county.

In relation to conditions in Utah, the American Wool and Cotton Reporter says:

The question of range for sheep this winter is one now seriously disturbing the minds of sheepmen. Usually sheep are wintered on the "western deserts," a big strip of range country in Beaver, Iron and Millard counties, extending out into Nevada, but, owing to light moisture falling during the past 10 months, the feed is very light in that country. It is anticipated that there will be very heavy snows this winter, and sheepmen are not inclined to risk their herds where heavy losses seem certain. This range, however, is about the only available winter range in this section, but with its forbidding prospects, sheep owners are in a quandary as to what to do. Several are talking of taking their sheep into the Dixie country and Arizona. There is no surplus hay and straw on which to feed sheep at home, so it is expected that a general exodus of sheep for the far south will begin in a few days. A number of sheepmen are talking of disposing of their entire herds rather than run this winter's risk.

AT THE COAL MINES.

Active Development Work on Three Veins.

D. A. Herren, of the Heppner Railroad & Coal Company, is in the city from the mines.

Work is now being pushed with energy on what is known as tunnels No. 3, 5, and 9.

At tunnel No. 3 a pump has been put in and is now in working order. An engine is being used to run the pump and a car. This tunnel is now in 80 feet, and the coal continues to improve rapidly as penetration increases.

Miners are at work on tunnels No. 5 and 9, and a depth of about 100 feet has been reached on both of these tunnels. The company is working full time, running both night and day shifts.

Coal is being taken out but no attention has been paid to sorting. A couple of small loads of coal have been hauled to Heppner and the coal is giving good satisfaction.

NEW WAGON ROAD.

The new Willow Creek wagon road is now almost completed to Ditch Creek flats, being through, and connects with the Grant county road.

A Typical South African Store.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by Slocum Drug Co.

The smallpox scare at Clackamas has proven to be nothing more than chickenpox.

Stricken With Paralysis.

Henderson Grimett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured. Geo. B. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by Slocum Drug Co.

George Rogers, a 14-year-old of Hillsdale, played with a 22-caliber rifle Wednesday. He was known as a bright boy at school. His funeral occurred yesterday.

Natural Anxiety.

Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. It's attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. Liquefies the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, all throat and lung trouble. F. S. McMahon, Hampton, Ga: "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal." Slocum Drug Co.

St. Luke's hospital at Boise has been dedicated. The services were conducted by Rt. Rev. James B. Funston, bishop of that Episcopal diocese, assisted by Dean Charles E. Devel.

America's Famous Beauties.

Look with horror on Skin Eruptions, Blisters, Sores, Pimples. They don't have them, nor will any one, who uses Bucklen's Arnica Salve. It glorifies the face. Eczema or Salt Rheum vanish before it. It cures sore lips, chapped hands, chilblains. Infalible for Piles. 25c at Slocum Drug Co's.
