Mr. Will Allyn, who resides about three miles from Ione, made the GAZETTE office a pleasant call Sunday. Mr. Allyn has a sow which he justly feels proud of. Mr. Allyn states that the sow is not for sale.

Heppner's home talent will play "Nevada, or the lost mine" at the opera house in the near future for the benefit of Symphony band. This is a very strong drama and requires good acting to do justice to the play. We are confident it will not be butchered if presented here, as Heppner has some talent that it need not be ashamed of. Should they decide to favor us with "Nevada" a crowded house will greet them.

N. C. Maris who spent a few days in town with his family the past week and who is traveling in the interest of the Rural Spirit, the leading stock paper of the Northwest, went to Portland the first of the week. Mr. Maris leaves immediately for Chicago to attend the National Association in the interest of his paper and to buy some cattle for himself and other parties. He has just returned from the fair circuit and reports excellent meetings at all places, especially at Spokane and Boise City, Idaho. An immense lot of stock was exhibited this fall at the different places showing that the West is taking an active interest in the breeding of fine stock.

Mr. Ralph Feeney lectured in the opera house last Friday evening in the interest of the Workmen lodge. Quite a large audience was in attendance. Mr. Feeney represents a very strong order. He is an interesting speaker and no doubt convinced many that the Workman lodge is the proper one to belong to.

The Rod and Gun Club met Sunday on their grounds in the east end of town and showed their skill shooting clay pigeons. The boys are improving rapidly and some very good scores were made. They have three traps. By the way they break the clay pigeons it would not be safe for live birds to get close to them.

Claud Knowles, while out at D. A. Herren's place, received a bad fracture of the leg last Thursday morning. On horseback in making a short turn to cross a bridge near Mr. Herren's residence, while riding at a fast gait, the horse slipped and fell on the bridge. Mr. Knowles' leg was fractured and the horse was badly injured.

The Grant county papers are terribly exercised about the Blue mountain reserve and lay the blame entirely to the sheepmen, the Blue Mountain Eagle says: "The reason why that association is boosting the so-called Blue Mountain forest reserve, is in order so that they can run their sheep in Grant county and force our resident stockmen out of business."
