

GOOSEBERRY NOTES.

Just opened up, a nice line of xmas candies at B. L. Akers.

Do you read the Gazette, if not, why? best weekly paper in the county.

Ben Akers is having a well drilled; says the farther through life he gets the harder the task.

Farmers are not through piling in grain yet, but have gone in to wait 'till the snow goes away.

This part of the country has been wrapped for several days in snow which has furnished a nice track for sleighing, and our community went to enjoying the sport at once.

Miss Mattie Akers, who has been out of school several days on account of a ruptured blood vessel of the eye, will take her place Monday, to the satisfaction of teacher and pupils.

Hotel de McVay has a new 'phone and Bert Courter a new girl. Little Frank says, he thinks Santa Claus a little early with his presents, and he examined his list of wanted things, and could not find such an article asked for it.

The people of our town thought they had experienced another volcanic eruption last Thursday, so they questioned the school children to know if the shock was felt at school, when little Elmer Ball says, oh, pshaw, that was our teacher fell while making an attempt to give a skating lesson. So the matter was more fully explained to the landlord when the stove up instructor had finished his supper. The fall had set the previous meal unusually low.

The subject of school government is one often discussed among our teachers; there is only one way to settle this. Keep your pupils busily employed and the victory is yours. First, govern yourself, and when you have laid out work for your pupils, have them understand it must be done, and don't be changing your notion every hour or two, and confuse them, causing them to lose confidence in your ability to manage your own affairs. Teacher, never forget that the bright boy or girl, will certainly locate your weak points.

It is impossible for a teacher to succeed unless they are thoroughly interested in the future welfare of their pupils. For the time being you must live wholly for them, as their innocent minds are intrusted to your care. Never cease to feel that great responsibility which you owe to them and their parents, and after you have once won the confidence of the child, act your part right and never allow yourself to lack for kind words and earnest labor for its special benefit. Teaching the primary children is one of the highest trusts ever given to man.

Somehow, I never like to hear a teacher say, if I could get other work I would give up teaching. Certainly such teachers are merely jesting, or else they never think what influence is brought to bear upon their pupils. The pupils at once decide that the teacher is with them from a matter of dollars and cents, and not for their good, even partially. If you teach, let it be a matter of choice, not merely a stepping stone to another, so-called higher, position. There is no higher, not even the divine minister who proposes to fit you out for all eternity. Mencho.

"He Won't Die"

Of consumption" is a remark often made of a fleshy man. The remark expresses the popular recognition of the fact that the sign of consumption is emaciation, loss of flesh. On the other hand, a gain in flesh is a sure sign that wasting diseases are being cured.

Emaciated people with obstinate coughs, bleeding lungs, night-sweats and weakness, have been perfectly cured by the use of Dr. Pierce's Golden Medical Discovery. The several steps of the cure were recorded in ounces and pounds of increasing weight. When there is gain in flesh the wasting disease is being surely cured.

Mr. W. H. Whitmore, of Arlton, Rockingham Co., Va., writes: "Our son contracted a deep cold about the first of July, 1899, and had a terrible cough. We called a doctor and he pronounced an irritation of the bronchial tubes with asthmatic trouble, and he informed me that my son was liable to die at any time. He told me that if we could keep the bronchial tubes open, he might cure him, but after treating him several weeks and my son growing worse all the time, I concluded to try Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' I had seen several almost miraculous cures brought about by the use of these medicines, and of course I had wonderful faith in them. He used three bottles of 'Golden Medical Discovery' at home and one visit to Dr. 'Pellets,' and was then well enough to go to West Virginia, taking a supply with him. I saw just in receipt of a letter from him from which I quote: 'I am well and hearty and getting on my feet.'"

The Common Sense Medical Adviser, 1008 large pages is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

Thos. Schneider, proprietor of the Heppner Flouring Mills, has been making many improvements this winter in the Heppner mills, and now has everything in first class order for the manufacture of high grade flour. The flume which furnishes water power from Willow Creek has been thoroughly repaired. A new roll costing \$400 has been added to the mill, increasing the capacity from 60 to 80 barrels per day. "Heppner's Best" flour, has already earned a good reputation, not only in the local market, but in Portland. Mr. Schneider will soon commence the shipment of a carload of flour every week, to fill Portland orders. Mr. Schneider's enterprise in building up a home manufacturing concern should be encouraged.

The subject of school government is one often discussed among our teachers; there is only one way to settle this. Keep your pupils busily employed and the victory is yours. First, govern yourself, and when you have laid out work for your pupils, have them understand it must be done, and don't be changing your notion every hour or two, and confuse them, causing them to lose confidence in your ability to manage your own affairs. Saved At Grave's Brink.

"I know I would long ago have been in my grave," writes Mrs. S. M. N. Wason of Decatur, Ala., "if it had not been for Electric Bitters. For three years I suffered untold agony from the worst forms of Indigestion, Waterbrash, Stomach and Bowel Dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For Indigestion, Loss of Appetite, Stomach, Liver and Kidney troubles Electric Bitters are a positive, guaranteed cure. Only 50c at Slocum Drug Co.

Mrs. Laura S. Webb, Vice-President Woman's Democratic Clubs of Northern Ohio. "I dreaded the change of life which was fast approaching. I noticed Wine of Cardui, and decided to try a bottle. I experienced some relief for the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax." Female weakness, disordered menses, falling of the womb and ovarian troubles do not wear off. They follow a woman to the change of life. Do not wait but take Wine of Cardui now and avoid the trouble. Wine of Cardui never fails to benefit a suffering woman of any age. Wine of Cardui relieved Mrs. Webb when she was in danger. When you come to the change of life Mrs. Webb's letter will mean more to you than it does now. But you may now avoid the suffering she endured. Druggists sell 21 bottles of Wine of Cardui.
