

THE PROSPEROUS CITY OF LEXINGTON

SURROUNDED BY A VERY RICH COUNTRY

District that Should Not be Overlooked by
People Who Want Homes.

THE TOWN IS TAKING ON NEW LIFE

Situated on O. R. & N., has Good Railroad
Facilities---Located in Favored Sec-
tion of Morrow County.

Lexington is situated on the O. R. & N. railway, nine miles northwest of Heppner. Willow creek flows through the town, furnishing water for irrigation and power for the flouring mill. The population is about 275.

The country surrounding the town is devoted to wheat raising principally. The yield of wheat ranges from 10 to 25 bushels per acre. Barley, rye and oats, are also produced, but in smaller quantities.

There are few places where a crop can be raised with so little labor. The soil is of volcanic origin, and increases in fertility the longer it is cultivated.

Along Willow creek, where the land can be irrigated, a fine grade of alfalfa

recently fitted up and moved into a large and conveniently arranged store room. They carry a full line of dry goods, groceries, boots and shoes, hardware, salt and flour. They are enlarging their stock to meet their rapidly growing trade. The members of this firm are energetic public spirited young men.

W. F. Barnett has recently opened a first class stock of groceries in the building formerly occupied by Nichols & Leach. He is building up a good trade, and will prove a valuable addition to our business interests.

Ed Warfield recently purchased the confectionery store of D. A. Porter. He has added a line of groceries, and also

Brown Bros. expect to put in a full line of hardware and implements as soon as they get their new building completed.

Charley Norey is our barber. He has a neat shop and first class work.

Mrs. E. J. McAlister is postmaster, and sees that Uncle Sam's mail matters are properly attended to.

W. B. McAlister deals in wheat and real estate. He is U. S. Commissioner, notary public and justice of the peace. He has lately laid out an addition to the town, and has sold several lots to parties who expect to build on them.

W. J. Davis is a contractor and builder. He is a first class carpenter in every particular.

Mr. Nat Gray is proprietor of a well drill, and will find water for people if it can be found at any reasonable depth.

Wm. Thornburg is our shoemaker. He does good work at reasonable rates.

Dan P. Doherty is proprietor of the I. X. L. saloon, and general agent for Gibson's Washer.

J. T. McMillan owns and operates the cold storage plant, and does his part to keep people cool during the summer months.

B. M. Booher is our genial drayman. He is also a market gardener, and raises the finest grades of vegetables.

The legal fraternity is represented by S. E. Notson. He is a notary public and a member of the real estate firm of Notson & Hicks.

The outlook for several new lines of business is good. A drug store and a foundry will probably be added soon. A good physician would find this a good location. We have room for other lines of business also, and as the surrounding country has been filling up rapidly during the past year, we think business men looking for locations would do well to investigate our advantages.

There are two churches, the Congregational and the M. E. church. South. Rev. S. D. Jones, the Congregational minister, holds services one Sunday each month; Rev. J. M. Turner, the Methodist minister, holds services three Sundays each month; Rev. J. C. White, the Christian minister, holds services two Sundays each month, at the Congregational church. Sunday schools are maintained at both churches.

The fraternal orders are represented by the United Artisans, and the A. O. U. W. The Old Fellows expect to organize in the near future.

Nichols & Leach are proprietors of a general merchandise store. They have

White & Wood maintain a first class blacksmith and repair shop. They are prepared to do any kind of iron or wood work.

The large grain warehouse is owned by Mrs. Jane Penland. It is under the management of W. B. McMillan. About 160,000 bushels of wheat have been handled at this warehouse this season. Mr. McMillan buys grain and deals in wood and posts.

The flouring mill is owned and managed by Joseph Burgoyne. Some new machinery has been lately added, so that it is now a thoroughly equipped mill. Mr. Burgoyne's "Snowflake" flour is justly popular.
