# PIERCE'S VIEWS

**BRIEF TALK ON MATTERS OF LEGISLATION.**

**Senator-elect From Morrow, Umatilla and Union Will Introduce Several Measures.**

Senator-elect Walter M. Pierce, lawyer, farmer and stockman, was in the the city yesterday attending the I. O. O. F. dedicatory exercises.

In the upper house of the Oregon legislature, Mr. Pierce will represent the district comprising Morrow, Umatilla and Union counties.

For a few minutes Mr. Pierce talked with considerable interest to a GAZETTE reporter in outlining his ideas of needed legislation at the coming session of the Oregon law makers.

"I believe that every county should have its own attorney," said Mr. Pierce, "for the reason that the present districts are too large, making the present system of little value to the remote districts. Without extra cost to the state of Oregon, each county should have a county attorney who could act as adviser for the county court and all legal matters of the county and the prosecution of criminal cases. For instance, the district attorney for Umatilla and Morrow counties now receives a salary of $3000 per year. I would favor an attorney for Morrow county at a salary of $1000, an an attorney for Umatilla at $2000 a year, thus giving better service at no greater expense. This would apply to every county of the state. I favor making each county a district. I have drawn a bill of this kind."

"I also favor an inheritance tax law," continued Mr. Pierce, "taxing all estates valued at $20,000 and over. This would bring in a revenue amounting to $500,000."

"Being interested in the question of better roads, I favor a law similar to the one in the state of Ohio, making it possible for the residents of any district to petition the county court and secure aid in road improvement where the residents are willing to help bear the burden of expense, of course making this optional with the people."

"I also favor a fellow servant law, making a corporation or company, or it might be well to say the employer responsible for any damage caused by the negligence of incompetent employes."

"I shall also favor the abolishment of the present five mile school tax levy, making it the duty of the county court to set aside a sufficient sum to furnish $75 for each school district and $6 per capita for each child of school age in the different districts. This with the amount from the irreducible school fund would make about $8 per capita not including the $75 apportioned."

"I favor changing the time of payment of taxes from spring to fall."

"I desire to know how the people feel on the limit grazing law and the scalp bounty law, and it will be my aim to represent the 40,000 people in my district in a manner that will benefit them."

**Pioneer Stockman in Town.**

T. J. Matlock, a prominent stockraiser and well known pionner of Heppner, was in the city yesterday on business and pleasure combined.

Mr. Matlock is highly elated over the prospects of the Heppner coal mines, and says that town is feeling the effect of the promised prosperity of that great industry. Building is going on, improvements are being made and a general air of thrift is noticable on every hand.

Mr. Matlock has some pasture land on Upper Butter Creek, which has every indication of containing coal deposits and naturally follows the development of the Heppner coal fields with great interest. He has been engaged for years in growing thoroughbred stock—horses, sheep and hogs, and says the demand for better grades of livestock is increasing at an astonishing rate.

The day of the "scrub" is past. Ranges are narrowing down and the herds are accordingly dimnishing, but a better grade of stock is bieng raised—East Oregonian.

Fire totally destroyed the hoist and other buildings of the Lexington mine at Centerville Mont., with the exception of the mill, on Friday. The cause of the fire is unknown, and it is believed it had its origin in the engine room.

**A Movable Fort.**

One of the latest inventions for service in war times is called the war motor. Being built on wheels it can be operated by a very few men, and is strongly recommended for seacoat defense. The only medicine that is strongly recommended by thousands of grateful people, who have used it as a defense against all stomach, liver and kidney complaints, is Hostetter's Stomach Bitters. It cured them and will not fail in your case. Try it, if you are a sufferer from loss of appetite, headache, insomnia, indigestion, dyspepsia, torpid liver, constipated bowels, or kidney troubles, and you will not be disappointed. Ask your druggist for a copy of our 1903 Illustrated Almanac. It contains much valuable and useful information and is free of charge.

Burglars wrecked the safe of the Spokane Lime Company, Friday morning. They secured $10 in cash and took the strong box containing all the valuable papers of the company.

**REMARKABLE CURE OF CROUP.**
**A Little Boy's Life Saved.**

I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth today.—JOEL DEMONT, Inwood, Iowa. For sale dy Slocum Drug Co.

W. M. Hall, in jail at Albany for horse stealing is feigning insanity.

## BUSINESS LOCALS

and want ads of all descriptions will hereafter be published in a column by themselves.
