## EARTHQUAKES IN THE SOUTH.

### Shakes South Carolina and Georgia and Rocks Lighthouse.

Savannah, Ga., Jan. 23.—Two shocks of earthquake were generally felt in Savannah tonight at 8:15 o'clock. News from the settlements along the coast indicate that they were of sufficient violence to rock houses.

From Tybee Island came reports of the greatest violence, and decided alarm was caused among the few who populate the resort at this season. Mrs. Evans, the keeper of the lighthouse, telephoned that five shocks had shaken the lighthouse so that in the living room 40 feet from the ground, the sleeping children had been awakened and greatly frightened.

In other houses on the island the shocks were as perceptible, and it was some time before the excitement there subsided. In the city no report of any damage has been received, and it is doubtful if there will be any, as the shocks were scarcely severe enough for that.

Columbus, S. C., Jan. 23.—A decided earthquake shock was felt in this city and suburbs at 8:56 o'clock tonight.

Augusta, Ga., Jan. 23.—A slight earthquake shock was felt here tonight at 8:13 o'clock. No damage resulted.

Charleston, S. C. Jan. 23.—An earthquake shock was felt here at 11 o'clock tonight. There was one distinct shock, which was not sufficient to cause any damage to property nor to occasion serious alarm. Reports from all points near the city indicate that the shock was felt through Lower South Carolina.

Miss Lilian Whitaker, of Lawrence, Mass., has arrived in Tacoma, in answer to a fake newspaper story to the effect that 500 young men of that city were in search of wives.

## New County of Stockman.

Salem, Jan. 23.—The new county of Stockman to be created by the bill of Representative Burgess, which passed the house today, will contain about 1700 people and about 487 voters. The county seat is to be at Antelope. The assessed valuation in the limits of the proposed county now amounts to \$900,000. The county will lie between the Deschutes and John Day Rivers, and between Crook and Sherman counties. Its area will be taken from Wasco and Crook counties. In the proposed county are about 200,000 sheep, 5000 horses and 1800 cattle.

The new county will be opposed by the Crook county delegation. Although it encountered little or no resistance in the house, it may not get through the Senate so easily.

## A Movable Fort.

One of the latest inventions for service in war times is called the war motor. Being built on wheels it can be operated by a very few men, and is strongly recommended for sea coast defense. The only medicine that is strongly recommended by thousands of grateful people, who have used it as a defense against all stomach, liver and kidney complaints, is Hostetter's Stomach Bitters. It cures them and will not fail in your case. Try it, if you are a sufferer from loss of appetite, headache, insomnia, indigestion, dyspepsia, torpid liver, constipated bowels, or kidney troubles, and you will not be disappointed. Ask your druggist for a copy of our 1903 Illustrated Almanac. It contains much valuable and useful information and is free of charge.
