ONE STEP MORE

Will be fatal to the sleep-walker. Will he draw back or will he take the final, fatal step? A great many people are in peril like the sleep-walker. They are diseased. The disease is progressing day by day. The time comes when one more step away from health is fatal. The man who has suffered from indigestion or gastric trouble goes some night to a dinner and returns home to find he has taken that last step from health which can never be taken back.

To neglect the cure of indigestion or some other form of stomach trouble is dangerous. It is also inexcusable. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It purifies the blood, stimulates the liver, cures biliousness, and eliminates biliary poisons from the system.

"The praise I would like to give your 'Golden Medical Discovery' I cannot utter in words or describe with pen," writes Jas. B. Ambrose Esq., of 1205 1/2 Millin St., Huntington, Pa. "I was taken with what our physicians said was indigestion. I doctored with the best around here and found no relief. I wrote you, and you advised me to use Dr. Pierce's Golden Medical Discovery. I took three bottles and I felt so good that I stopped being cured. I have no symptoms of gastric trouble or indigestion now."

If you ask your dealer for "Golden Medical Discovery" because you have confidence in its cures, do not allow yourself to be switched off to a medicine claimed to be "just as good," but which you did not ask for and of which you know nothing.

Effect a Compromise.

Salem, Or., Jan. 30.—(Special.)—The fight between Yale and Ontario for the county seat of Malheur County was compromised today through the efforts of the House committee on counties. Both factions have large lobbies at the Capitol, which has been fighting each other hard. The compromise is that the question of relocation is to be submitted to a vote of the people of Malheur. In order to secure this vote a petition must be presented to the County Court containing the names of 60 per cent of the registered electors of the county. This petition is to give the name of the town to be voted for and the election is to be held at the next general election after filing the petition. If 60 per cent of the votes cast are for the town contained in the petition, the removal is then to be made. In case the town which enters the race fails to get that 60 per cent of the votes cast, the question cannot be brought up again for four years. The lobbyists on both sides say they are content with the compromise. The committee will report probably tomorrow a substitute bill embracing the terms as above set forth.

Pearls Becoming Scarce.

It is reported that a famine of pearls has set in, due to the large demand for these lovely gems. It is claimed that no other stone is so becoming to youth and beauty, but the majority of people throughout the country are not able to purchase these costly gems. However, as long as they enjoy good health they are far richer and will always look better than if they possessed all the pearls in the world. If you have lost the precious possession—health—you should try Hostetter's Stomach Bitters because it is recognized as the best health maker in existence. It will cure headache, nervousness, indigestion, liver and kidney troubles and malaria fever and ague. Our Private Stamp is on the neck of the bottle.

In Favor of Alaska Treaty.

Washington, Jan. 30.—The committee on foreign relations today authorized favorable reports on the Alaskan boundary treaty and the protocol for the extension of time for the ratification of the Cuban reciprocity treaty, but failed, for lack of time, to reach a decision upon the Panama Canal treaty. There was considerable discussion of the Alaskan treaty, but the agreement to make a favorable report was unanimous. The Panama treaty was opposed by Senator Morgan, who offered a number of amendments and presented an argument in opposition to the treaty as it now stands. The committee will meet again tomorrow to hear the conclusion of Senator Morgan's objections.

Eugene Field's Views on Ambition and Dyspepsia.

"Dyspepsia," wrote Eugene Field, "often incapacitates a man for endeavor and sometimes extinguishes the fire of ambition." Though great despite his complaint Field suffered from indigestion all his life. A weak, tired stomach can't digest your food. It needs rest. You can only rest it by the use of a preparation like Kodol, which relieves it of work by digesting your food. Rest soon restores it to its normal tone. Strengthening, Satisfying, Enervating.
