Notes From Ione.

Ione Post.

Geo. Wells stopped off here Monday evening, having just returned from Portland. He proceeded on to Heppner Tuesday evening.

Rev. Mount, of Heppner, has been called to the Baptist church, of this place, to preach in Ione every third Sunday in each month.

On last Tuesday morning Davidson Bros shipped from this place 850 head of sheep, making seven car-loads, to Troutdale to be delivered to the Union Meat Co. T. J. Davidson was a passenger to Troutdale to deliver them.

The following several parties came down from Heppner Wednesday morning to attend the funeral of Mrs. Ingraham. The gentlemen are members of the K. of P. and Elks Lodges: Mr. and Mrs. Jas. Hart, Frank Roberts, Dave McAtee, Walt Richardson, Pres Creswell, Mr. and Mrs. Shutt.

Prineville Harvesting Ice.

Prineville, Or., Feb. 5.—The past six days have been busy ones for the ice-harvesters, as the ice has been thick enough to cut up for the first time this winter. Grave fears were entertained for a time that there would be an ice famine the coming summer but now all is serene and the ice is coming in at the rate of many tons daily. The mercury has been toying with zero for three nights, and may go lower. There is no snow here, but all around throughout the country it is from five to ten inches deep. Stock of all kinds have done exceptionally well in this section of the state so far this winter, and sheepmen are looking forward to a large crop of lambs.

A Salem dispatch of recent date says: The people living on fourteen townships of northwestern Grant county known as the Monument country desire to be annexed to Morrow county. Representative G. W. Phelps has received a comparative statement of the assessed valuation of the region and the whole of Grant county accompanied by maps and descriptions of the townships that are under consideration. The names of ninety-two tax payers are given and the total assessed valuation of property as found on the assessor's books of Grant county of the fourteen townships is \$150,350. The region is convenient to Morrow county and Heppner as a county seat. The agitation for a change was commenced by the people of Monument last summer, but the statement and maps mentioned were not prepared until recently and sent to Mr. Phelps. He has the matter under consideration but says he thinks it is too late to accomplish the change at this session. He is not certain that the region is desired by Morrow county, or what attitude the remainder of Grant county will assume.

A recognized authority—The Weekly Oregonian.

MITCHELL IS ILL.

Oregon Senator has Serious Set-back.

Washington, Feb. 7.—Senator Mitchell has not made material progress this week, in fact on Friday he had a serious set-back, but today is again on the road to recovery. On Monday last the Senator left his room and took dinner in the hotel dining-room. He also attempted to look after some of his official business, and apparently overtaxed his strength, for, except for short periods, he has not been out of bed during the remainder of the week. His long confinement in bed has very greatly weakened his condition, and it is slowly indeed that he recovers his strength. For the past week or more he has practically no more stomach or bowel trouble and suffers none except from confinement.

The Senator's physician has insisted all along that Senator Mitchell was steadily improving and tonight told The Oregonian correspondent that the "Senator would be out some time the following week." This is the same statement he made a week ago, and the week preceding. For all that, Senator Mitchell does not appear to be gaining strength as rapidly as was hoped. It is his weakness that is now his greatest ailment, and his insistence upon work appears to retard his progress.

With one hand grasping the throttle and his body between two monster cable spools of the donkey engine, employes of the Booth-Kelly logging camp near Wendling, found their companion in toil, Bob Alexander, the engineer, dead Tuesday.

Pearls Becoming Scarce.

It is reported that a famine of pearls has set in, due to the large demand for these lovely gems. It is claimed that no other stone is so becoming to youth and beauty, but the majority of people throughout the country are not able to purchase these costly gems. However, as long as they enjoy good health they are far richer and will always look better than if they possessed all the pearls in the world. If you have lost the precious possession—health—you should try Hostetter's Stomach Bitters because it is recognized as the best health maker in existence. It will cure headache, nervousness, indigestion, liver and kidney troubles and malaria fever and ague. Our Private Stamp is on the neck of the bottle.

The Illinois Central Railroad office, at Portland, Oregon, has a small supply of nicely mounted wall maps of the United States, 32 by 38 inches, also Cuba and Porto Rico, enlarged. If you will send us ten cents, in stamps, we will prepay the postage and send you one of these handsome maps, by return mail.

If you intend going east, or know any one coming west, from any point east or south of St. Paul, Omaha or St. Louis, we would appreciate the opportunity of writing to you or your friends about the details. To say that is the purpose of this advertisement, but the maps are free. Address B. H. Trumbull, 142 Third street, Portland, Oregon.

Mr. Wheeler Got Rid of His Rheumatism.

"During the winter of 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around, when I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well, and was cured and have worked steadily all the year.—R. WHEELER, Northwood, N. Y. For sale by Slocum Drug Co.

Stockholders' Meeting.

Notice is hereby given that a meeting of the stockholders of the Morrow County Land and Trust Company will be held at the office of the Company in Heppner, on Saturday, March 14, 1903, at 2 o'clock p. m., for the purpose of electing directors for the ensuing year, and other business that may come before the meeting.

R. F. HYSB, Secretary.

Heppner, Or., Jan. 15, 1903.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. R. W. Grove's signature is on each box. 25c.

Old as the Pyramids

And as little changed by the ages, is Scrofula, than which no disease, save Consumption, is responsible for a larger mortality, and Consumption is its outgrowth.

It affects the glands, the mucous membranes, tissues and bones; causes bunches in the neck, catarrhal troubles, rickets, inflamed eyelids, sore ears, cutaneous eruptions, etc.

"I suffered from scrofula, the disease affecting the glands of my neck. I did everything I was told to do to eradicate it, but without success. I then began taking Hood's Sarsaparilla, and the swelling in my neck entirely disappeared and my skin resumed a smooth, healthy appearance. The cure was complete." Miss ANITA MITCHELL, 915 Scott St., Covington, Ky.

Hood's Sarsaparilla and Pills

Thoroughly eradicate scrofula and build up the system that has suffered from it.

New Shearing Machines.

G. W. Waters spent last week in interviewing some of our big woolgrowers ascertaining their views on the advisability of putting in a sheepshearing machine to remove the wool of this section, says the Burns Times-Herald. He found that all favored the move and has the pledge of enough sheepmen to justify the establishment of the enterprise and Mr. Waters and Jenkins Bros. are arranging to have two Cooper Sheepshearing Machine plants in readiness for the spring shearing. It is claimed that these machines are not only rapid, but will take off at least two pounds more wool to the sheep than by hand, besides taking all dirt off the animal which is of material benefit to its health.

These plants will have a capacity of three thousand head per day and will enable the sheep men to finish their shearing in a much shorter time and get their sheep away quickly to summer range.

No doubt the promoters will have a good and prosperous business from the start. The plant will be so arranged that they can be moved from place to place. Gasoline engines will be used for power.

Cattle Starving at Halsey.

Halsey, Or., Feb. 7.—The frosty weather is compelling the farmers to feed all their stock, and feed is in great demand. Sheep and cattle are poorer than they have been for years, and are dying to a marked degree. There is scarcely any grass, and what there is does not seem to have much strength. The farmers say that the crowds of grasshoppers that traversed the country last summer not only destroyed the grass, but even killed the grass.

State Fish Warden Van Dusen has recently selected and secured a site for a new hatchery at Elk City.

Kimberling, the escaped horse thief, from Grant county, after three days of freedom, went back and crawled into jail through the same hole that he had cut for his escape.

An Astoria society woman won \$89 on a Chinese lottery ticket purchased through curiosity on Chinese new year.
