

A COMEDY JAIL.

Town Guardhouse in Pennsylvania That is Merely a Convenience for Prisoners.

Elizabethtown, the county seat of Essex, in the Adirondacks, possesses a comedy jail, according to the Philadelphia Ledger. It is small, having windows secured by wooden bars and a jailyard inclosed by a solid fence of three-quarter-inch boards, which a healthy male could push over with his shoulder. But the prisoners rarely, if ever, attempt to escape. Some good stories are told by Judge Kellogg, Judge Hand and other residents. It is a custom to allow the prisoners out on parole, so that they may cut the grass on neighboring lawns, do garden work, or repair roads for the village or county. Recently one prisoner, who should have returned at eight o'clock, did not apply for admission until nearly an hour later. The warden angrily demanded to know the reason, and added: "Don't let this occur again, or I will not allow you to come in. I lock the door at eight o'clock, and won't open it in the future for you." Another accused of and awaiting trial for manslaughter, overstayed his parole and pleaded as an excuse that as it was Saturday he thought he would go and spend Sunday with his wife, returning to the jail on Monday morning.

MIGRATION OF THE SNIPE.

Tons of Lead Ore Fired at the Artful Dodger as He Wings His Way Southward.

The snipe, properly Wilson's snipe, Gallinago Delicata, but commonly known as English snipe and wrongfully called half a dozen other names, is a widely distributed species. It visits every state at some season; its northward migration extends within the arctic circle, while it is known to go southward to northern South America and the West Indies. Comparatively few of the birds which move northward from February until May breed south of the international line. It is quite true there are breeding grounds at various points of the northern states, but the great breeding range extends from latitude 42 degrees north to some undetermined point much nearer the pole than most sportsmen will venture. Some time in September the first south-bound birds pass below the Canadian grounds, and soon most of the suitable marshy bits of east and west have their share of long-billed prizes. Then begins an astonishing attack which extends from ocean to ocean and generally sweeps southward from Canada to California. Probably tons of lead, half of which is wasted, are fired at the artful dodger.

Apple Fritters.

Peel the apples and slice thinly. Take a quart of flour, two eggs, half a cupful of sugar and enough sweet milk to make rather a thick batter. Stir in the sliced apples and fry till brown in boiling lard. Sprinkle with sugar as soon as taken from the kettle.—Albany Argus.

Adventures of Pat Crow.

Omaha, Feb. 13.—J. J. Crow, of Council Bluffs, Ia., has received a letter from England stating that Pat Crow, his brother, alleged to have been connected with the kidnaping of Eddie Cudahy, is now in Liverpool. The letter states that Pat is employed as a solicitor for a wholesale house and is receiving \$200 per month salary. In writing the relative says that when Pat left this country, he went direct to England, where, under an assumed name, he enlisted in the English army and was sent to South Africa. Upon the close of the war, he returned to England and secured his present employment. The informant also implied that Pat Crow is ready to return to Omaha if he is guaranteed immunity from prosecution.
