### NOT MUCH DOING.

**Very Little Change to Report in Sheep Market.**

The sheep market in Morrow county still remains stiff with but very little change. Several buyers are here, but they say they are gentlemen of leisure under present conditions.

One cause for this is that sheep men are now very busy with lambing and shearing and haven't much time to talk trade. Prices are fully as good if not a little better than last year at this time, but owners have a tendency to wait awhile.

Thos. Grimshaw, of California, has purchased 10,000 head of two and three year old wethers from N. S. Whetstone and Frank Elder. The price ranged from $2.25 to $2 45 per head.

O. F. Bacon, of Boise, Idaho, and John Meek, who is buying for A. M. Crea, of St. Paul, have purchased about 10,000 head of mixed yearlings down in the sand country along the Columbia river. Prices ranged from $1 70 to $2 per had

Hon. Henry Blackman returned Tuesday evening from Portland.

Jefferson P. Buford, of Kelso, Washington, was a caller at the GARETTE office Wednesday.

### Mohair Pool Sold.

Dallas, Ore., April 10.—At a meeting of the Polk County Mohair Growers' Association, held in this city today, bids were received for the association's 1903 clip and that of W. M. Brown, of Salem, of 38⅝ cents per pound, was accepted. The clip consisted of about 12,000 fleeces, amounting to something like 45,000 pounds.

An official of the National Waiters' Union is now in Southern Oregon, reviving old and organizing new unions.

The funeral was held at the Methodist church in Lexington, Tuesday at 11 o'clock a. m. Rev. J M. Turner conducted the services, preaching from the text found in Rev. XXII 14. The remains were laid to rest in the Lexington cemetery. Charley was loved and respected by all who knew him. He suffered a great deal but was ever patient, cheerful and hopeful. He has gone to his reward.

### Sheep Notes.

The wool clip which has been sheared in the Salt River valley Arizona, and shipped from Phoenix, this year will amount to nearly $20,000. Shearing is nearly complete and most of the wool has been shipped out. The amount that has passed through the warehouses at Phoenix is in round numbers 1,200,000 pounds, with about 100,000 more to chip.

The entire wool crop of the 10 or 12 wool counties tributary to Trinidad, Colorado, which produce about 4,650,000 pounds annually, has been bought up by eastern dealers. It is stated that the prices at which the clip was secured are somewhat in excess of those which ruled last season. About 3,500,000 pounds of this will be secured here, as against 2,000,000 pounds last year, the large scouring plant in this city now being doubled in capacity.

Mr. Charles Stocker, who is running a large band of sheep near Terry, Montana, says that as a rule all kinds of stock are in excellent shape and that most ranch men will come through with very little loss.

Shearing will commence this month in Utah and one of the best-posted men on wool in the West estimates that the output of Utah will exceed the figures of last year. The same is true of the other states. He says there have been severe losses to some flocks, but the losses in general have only been normal in spite of the severe weather. Last year Utah shipped 15,000,000 pounds of wool, Idaho shipped 18,000,000 pounds and Wyoming 20,000,000 pounds. Early shearing will begin in Idaho about April 8, in Utah from the 5th to the 10th, and in Wyoming from the 15th to the 20th. It is expected that buyers will begin to show up in the next two weeks, and the season will be open then in earnest. So far as can be learned, no purchases have been made ahead of the shearing, although this is sometimes done.

### Resolutions of Condolence.

Resolved, That San Souci Rebekah Lodge No. 33, while we as a body of fraternal sisterhood realize our inability to reverse the decree of the Almighty, that will eventually enroll us one and all with the departed, we are nevertheless in hearty sympathy with the family and friends of our departed sister, who was near and dear to them, and to the citizens of Heppner as well, in having lost one from their midst who embodied all that was noble in womanhood Hence while life is extended to us, let us follow the example of our departed sister and improve every opportunity of doing our part to perpetuate the grand tenents of our beloved order.
