Resolutions of Condolence.

Whereas, The Supreme Master of the universe has in his infinite wisdom and wise providence, removed by death from his family circle, our esteemed brother J. M. Waddell, and thereby a wife and family is left to mourn the loss of a kind husband and father, and our lodge deprived of a worthy brother and sturdy supporter of Odd Fellowship, therefore be it

Resolved, That the members of Willow Lodge No. 66 extend their heartfelt sympathy to the beloved family of our deceased brother in this hour of their deep distress.

Resolved, That the charter be draped for a period of thirty days, that these resolutions be spread on the minutes of the lodge, and that a copy be sent to the family and to the local press for publication. Fraternaly submitted in F. L. & T.

Largest Battleship Afloat.

London, May 15. — The Commonwealth, the largest battleship afloat, was launched at Govan, on the Clyde, today. She is the first vessel of the British navy to have the ten-inch guns protected by an extended barbettes, instead of casemates. Her other armament consists of four 12 inch guns, four 9.2-inch guns and 24 small guns. The new battleship's speed is to be 18.5 knots per hour and she will carry a crew of 755 men. The commonwealth is of 16,350 tons displacement, and her engines are to be of 18,000 horse power.

The door money at the Gans-Tracy fight in Portland, amounted to \$4,000. Gans gets \$1,440 out of it and Tracy \$960, the remainder going to the Pastime Club.

COUNTY ROAD WORK.

Much Has Been Accomplished Within the Past Month.

Roadmaster Geo. Thornton came in Thursday evening after a month's steady work on Morrow county roads with a force of five men.

This is Mr. Thornton's first visit to Heppner since he left here a month ago.

He started south on the Heppner grade and has been gradually getting nearer the Wheeler county line in working Cason Canyon, the Henry Gay grade, Clark's canyon, Gooseberry hill, Jackrabbit canyon, Deadman's hill and the Moskin's gulch. He will finish this route by improving the stage road to the Wheeler county line.

The work has consisted principally of grading, widening, narrow cuts, leveling up the rough places and throwing out the loose rocks which are so annoying to teamsters.

Mr. Thornton has been doing some good work and the result of his efforts will be a decided improvement in Morrow county.

Work with the big grader has been suspended in the mountain districts for the reason that the machine cannot be operated among rocks and roots. The machine will not be used very much until the fall rains set in as the ground everywhere is now too hard and dry.

L. McBee, of Butter Creek, has sold his alfalfa ranch of 400 acres to Stevens & Connor, of Portland for \$18,000. This was one of the finest ranches in the celebrated Butter Creek district, there being 300 acres in growing alfalfa on the place. In the past two years this fine alfalfa land has about doubled in value. The McBee place was purchased a year ago for \$12,000. The Butter creek valley is one of the greatest alfalfa districts in Oregon. The valley is only about 12 miles in length with an average width of a mile and a half. During the last feeding season 6000 head of beef cattle were fattened on hay grown in this small territory, not to say anything about a large number of range cattle and sheep.

Wm. Henry who has been in the county jail for about two months, awaiting trial for stealing a saddle, plead guilty, Monday. He was fined \$50 by Judge Ellis, in default of which he will board with the county another 25 days. He will be given a little exercise by helping to improve the court house grounds. Henry came to Ione about two months ago from Montana, and while on a drunk took a horse and saddle belonging to R. C. Sperry. He turned the horse loose and tried to sell the saddle, for which he was arrested.

Four hundred head of stock cattle were shipped from this city Monday morning. They were purchased by J. E. Reynolds from W. P. Prophet, H. D. Hale, Wm. Collins, G. F. Gates, J. B. Kerrick, of Spray, and Wm. Meyers, of Mitchell. The cattle were shipped to the Flathead reservation in Montana.

That Tired Feeling

Is a Common Spring Trouble.

It's a sign that the blood is deficient in vitality, just as pimples and other eruptions are signs that the blood is impure.

It's a warning, too, which only the hazardous fail to heed.

Hood's Sarsaparilla and Pills

Remove it, give new life, new courage, strength and animation.

They cleanse the blood and clear the complexion.

Accept no substitute.

"I felt tired all the time and could not sleep. After taking Hood's Sarsaparilla a while I could sleep well and the tired feeling had gone. This great medicine has also cured me of scrofula." Mas. C. M. Root, Gilhead, Conn.

Hood's Sarsaparilla promises to cure and keeps the promise.

COMING TO HEPPNER.

Next Meeting Grand Lodge Foresters to be Held Here.

At the last meeting of the grand lodge of Foresters which was held in Astoria, Heppner was selected as the meeting place of the grand lodge of this popular order. The meeting will be held on May 14, 1905.

The Heppner Lodge of Foresters is one of the most prosperous in the city, having a membership of 107.

Jerry Murphy was instantly killed at Tillamook, Thursday, by a falling tree.

Seattle plasterers are now locked out on account of trouble with master plasterers.

A Little Early Riser

now and then, at bedtime will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by Slocum Drug Co. Ione Drug Co.

Anzella, the trotter, sold at the blue-ribbon sale at Cleveland Tuesday for \$5000. Last season she won \$16,600 in purses, so her owner has received for her within the year, including the sale price, \$21,600. This is a pretty large sum of money for a young mare that was learning to trot on the bunchgrass tracks of Oregon and Washington three or four years ago. Anzella was foaled at Dayton, Wash., in 1895, and had not local race meetings given her owner a chance to develop and show her speed, she would never have been heard of except perhaps as a good roadster. There is money in horses of the Anzella class, but it is impossible to learn how many Anzellas there are in the ranks of the green ones in Oregon and Washington unless they are given a chance to try out at a race meeting. Klamath (2:07 1/2) was purchased as a green trotter for \$110, but less than three years after he left Oregon his owner refused \$20,000 for him, and during his racing career he won over \$10,000.

Notice.

Sheepmen who wish to use the trail between Swale and Potomus creeks, crossing Penland Company's land, must get permits from C. A. or W. O. Minor, or be liable for trespass.

Jim Dumps gazed out on sidewalks hot
And looked in vain for one cool spot;
And vowed he ne'er again would eat
A lunch of heat-producing meat.
Once more has "Force" restored his vim,
Although 'tis hot, he's "Sunny Jim."

Helps Him to Keep Cool.

"Force" is a blessing to hot humanity. I find since eating it—and I want it every morning—that I am able to go through a hot day with much more comfort than when I used to eat heavy meat breakfasts. It has taught me how to live.
