MANY NEW OFFICES CREATED.

Summary of Appropriations Made By Congress Just Adjourned.

Washington, May 14.—The volume relating to appropriations made and new offices created during the last session of Congress has been completed for the second session of the 57th Congress, by Thomas P. Cleaves and James C. Courts, chief clerks, respectively, of the House and Senate committees. A summary of the appropriations shows a grand total of \$753,058,506. In addition to the specific appropriations made, contracts are authorized to be entered into for certain public works requiring future appropriations by Congress in the aggregate of \$36,969,859, the principal item of which is \$20,426,000 for additions to the Navy.

The new officers and employments specifically authorized are 11,316 in number, at an annual compensation of \$7,927,630. Those abolished or omitted are 1816 in number, at an annual compensation of \$941,481, a net increase of 8501 in number in \$6,986,158 in amount.

The largest increase is 5617 men for the naval estimates, including 3000 seamen and 1459 midshipmen, and 3354 for the postal service, including 143 assistant postmasters, 2289 clerks in postoffices and 896 railway postal clerks. The number of salaries increased is 341, at an annual cost of \$205,202, and the number reduced is 60, in the sum of \$600.

A comparison of the total appropriations of the second session of the 57th Congress for 1904 with those of the first session for 1903 shows a reduction of \$47,565,900. The principal items of decrease are for river and harbor improvements \$12,397,049; for the Isthmian Canal, \$50,130,000, and for the military establishment, \$13,813,583.

Among the increases are: For the naval establishment, \$3,020,429; for the postal service, \$15,094,951; for legislative, executive and judicial expenses, \$2,200,000 for the enforcement of the anti-trust laws, and for the Agricultural Department, \$770,000.

The total appropriations made by the 57th Congress amount to \$1,553,683,002, an increase over the 56th Congress of \$113,193,567. This is accounted for in part by increases in the appropriations for postal service of \$54,000,000; for the naval service, \$17,500,000; for rivers and harbors, \$29,500,000; for the Isthmian Canal, \$50,000,000; for the Agricultural Department, \$2,500,000; for legislative, executive and judicial expenses, \$3,440,000; for public buildings throughout the country, \$10,000,000, and for the Philippine Islands, \$3,000,000. Reductions are made in the appropriations for the military establishment of \$60,000, and for pensions of \$100,000.

### Senator Mitchell in Portland.

John H. Mitchell, senior United States Senator for Oregon, arrived in Portland, Wednesday from Washington, via Tacoma, where he visited his daughter. There was nothing about the Senator to indicate that he had been ill at Washington recently, or that he in any way gave foundation for the reports circulated as to his precarious condition.

Senator Mitchell upon his arrival at his hotel was immediately surrounded, as usual by a number of politicians, who wished to discuss matters of a more or less personal character. The doors of the Senator's room were open, and he had his famous hand grasp in readiness for one and all, giving a hearty welcome and a warm greeting to his visitors. The Senator will remain in Portland for some time, and will participate in the reception of President Roosevelt.

### Whooping Cough.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would cry lustily for cough syrup between whoops.—Jessie Pinkey Hall, Springville, Ala. This Remedy is for sale by Slocum Drug Co.

### Oregon Fruits Will Sell.

Secretary George Lamberson, of the Horticultural Board, has received a letter from Kansas City, written by a large dealer in fruit, that a severe freeze all through the southern part of the Central West, April 29 and 30, damaged the Eastern fruit prospects about 50 per cent. B. M. Tanner is the man who gives the information. He says that reports are coming in that indicate that only 40 to 50 per cent of the fruit crop will mature. Within 15 days more he can tell what is left of the crop.

Mr. Tanner is coming to Oregon to inspect the fruit prospects in this country in July. He says: "I am connected with large Eastern jobbing houses and should Oregon have a crop of a good quality of fruit I will, no doubt, operate quite largely out that way this season."

Mr. Tanner wishes to be informed of the conditions in Oregon, especially in regard to apples, and Mr. Lamberson believes from this and other inquiries that have come to him, that this will be a season of good demand for Oregon fruits of all kinds.

A Prophetstown, Ill., man has written asking for information as to the fruit industry and the chances for disposing of the product this distance from market. Mr. Lamberson has supplied all the information within his power to give, and will encourage the growth of the fruit business as much as possible.—Portland Telegram.

### Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," writes Josh Edgar, of Germantown, Cal. "I was able to be around but continually suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well. It is for sale by Slocum Drug Co.
