## DESPERATE JAIL BREAK

The Officers are Surprised at  
Folsom Prison.

### BOLD DASH FOR LIBERTY

Thirteen Convicts Armed With  
Knives Overpower Guards  
and Make Escape.

Folsom, Cal., July 27.—Eighteen pris-  
oners broke into the prison armory this  
morning, secured guns and escaped to  
Mormon Island, taking with them War-  
den Wilkinson, his grandson, Harry,  
Captain Murphy and two other officers.  
They killed Guards Cochran and Cot-  
ton.

Warden Wilkinson after his clothes  
were taken from him, was released by  
the escaped prisoners.

The line of convicts were marching  
out of the prison to go to work. About  
300 of them were out, when 13 of them  
who were in a bunch in the line made a  
run for the guard's office, where War-  
den Wilkinson, Captain Murphy and  
other officers were. Each of the desper-  
ate men had a knife made of a file.  
They cut at the men, and Warden Wil-  
kinson had a narrow escape, his clothes  
being cut through.

They then marched to the armory,  
taking Warden Wilkinson, Captain  
Murphy and other guards and officers  
all closely guarded by the convicts with  
knives. At the armory they helped  
themselves to guns and ammunition,  
each convict having a rifle and a pistol.

During this time other guards had the  
crowd covered with guns, but could not  
shoot because of the free men. After  
leaving the armory the party crossed  
the prison grounds, there being at that  
time 13 convicts and 13 free men.

After going a short distance the free  
were forced to disrobe, the convicts  
putting on their clothes and the guards  
being forced to get into the convicts'  
garbs.

Poses are in pursuit of the escaped  
convicts.

### IRRIGATION IS ITS AIM

National Congress Soon to Meet  
at Ogden.

Ogden, Utah, July 26.—Unusual ef-  
forts have been made to insure the suc-  
cess of the 11th National Irrigation  
Congress, which will be held here Sep-  
tember 15 to 18, inclusive. A liberal  
state appropriation was made, and the  
amount has been doubled by private  
subscriptions from officers of the con-  
gress and from citizens of the city and  
state.

The programme has been carefully  
arranged with the view of achieving  
practical benefit, and will include prac-  
tical irrigation and forestry lessons, re-  
ports of experts, application of provi-  
sions of the reclamation act, state prog-  
ress under the National act, views on  
ottlement of legal complications and  
the pertinent and important theme of  
colonization.

As Utah is the pioneer state in irri-  
gation, special opportunities will be of-  
fered for the study of the history and  
progress of science, and excursions will  
be arranged to enable delegates to take  
full advantage of the fact.

Special terms have been secured from  
the railroads, and Ogden hotels have  
announced that there will be no ad-  
vance in their rates. Complete arrange-  
ments have been made for the enter-  
tainment of visitors, reception commit-  
tees being detailed to visit all trains.

## THE OLD RELIABLE

**There is no substitute**

The basis of the reception in the con-  
gress will be:

The governor of each state and terri-  
tory to appoint 20 delegates; the mayor  
of each city of less than 25,000 popula-  
tion to appoint two delegates; the  
mayor of each city of more than 25,000  
population to appoint four delegates;  
each board of county commissioners to  
appoint two delegates; each chamber of  
commerce, board of trade, commercial  
club or real estate exchange to appoint  
two delegates; each organized irri-  
gation, agricultural or livestock associa-  
tion to appoint two delegates; each  
society of engineers to appoint two dele-  
gates; each irrigation company, emigra-  
tion society or agricultural college, and  
each college or university having chairs  
of hydraulic engineering of forestry to  
appoint two delegates.

The following are delegates by virtue  
of their respective offices: The presi-  
dent and members of his cabinet; the  
duly accredited representative of any  
foreign nation or colony; the governor  
of any state or territory; any member  
of the United States senate or house of  
representatives; member of any state  
or territorial commission.

### CORPORATION TAX.

The Eddy Law Will Yield Nearly  
\$80,000 This Year.

Salem, July 24.—Secretary of State  
Dunbar reports to State Treasurer  
Moore that out of 8500 domestic corpora-  
tions, 1063 are now authorized to trans-  
act business. Of foreign companies, 46  
have reported, and 50 more are expect-  
ed to do so. The capitalization of the  
domestic corporations is \$329,830,271,  
on which the tax is \$46,785. The fore-  
igners have paid in \$7500. Those yet  
to report will swell the figures to near  
the \$80,000 mark.

The Secretary of State has filed with  
State Treasurer Moore a list of the cor-  
porations which have complied with the  
terms of the Eddy corporation law.

This list contains the names of all do-  
mestic corporations that had filed their  
annual reports by July 15, or have been  
incorporated since May 21, and of all  
foreign corporations that have filed de-  
clarations of intention to transact busi-  
ness in this state. From this list it ap-  
pears that out of some 8500 companies  
that have been incorporated in this state  
only 1063 are now authorized to trans-  
act business as corporations. The other  
7000 and more have either abandoned  
their corporate existence or have neg-  
lected to comply with the Eddy law and  
their corporate powers are suspended  
until they do so.

It also appears from the list filed by  
Mr. Dunbar that the 1063 domestic cor-  
porations which have filed statements  
and 32 new corporations have a total  
capital stock of \$329,830,271. The an-  
nual license fee must be paid to the  
State Treasurer by August 15. The  
largest capital stock is that of the Ore-  
gon Railroad & Navigation Company—  
\$35,000,000. The smallest is that of the  
Hub Land Company—\$50.

### Horses Shipped by the Carload.

Pendleton, Or., July 24.—W. H. Babb,  
the horseman of Echo, who on Tuesday  
sold to M. H. Gillette his large ranch on  
the meadows near Echo, will leave in  
about ten days for Alberta, Canada,  
with 40 carloads of horses, or 1200 head.  
About 800 of these are at Echo, 120  
were delivered in this city yesterday,  
and he still lacks about 200 head to com-  
plete the shipment. He expects to pick  
up about 60 head of the Fitzsimmons  
horses in Moscow, Idaho, and also has  
a pretty good idea where he will secure  
the remainder.
