

Hair Splits

"I have used Aver's Hair Vigor for thirty years. It is elegant for a hair dressing and for keeping the hair from splitting at the ends."—J. A. Gruenfelder, Grantfork, Ill.

Hair-splitting splits friendships. If the hair-splitting is done on your own head, it loses friends for you, for every hair of your head is a friend.

Ayer's Hair Vigor in advance will prevent the splitting. If the splitting has begun, it will stop it.

LOW WHEAT YIELD.

Winter Grain is Turning Out Very Poorly.

Chicago, Ill., July 26.—Crop expert, W. B. Snow, in his review of crop conditions says that accumulating threshing evidence continues to confirm what has been said before as to disappointment in the rate of wheat yield. Shock threshing has now made sufficient progress to invest the results to date with the force of averages and the yields reported must be accepted as typifying the general situation. In an experience of more than 20 years he marked a failure of a crop to reach reasonable expectations based on its appearance when cut has never before been met with.

Threshing results to date have been received covering operations of from one to half dozen machines, from widely scattered districts, and the showing is significant. In Putnam county, Indiana, the average to date is nine bushels; in Illinois, Marion county shows five bushels; Clay five to 15; in Iowa, Hamilton county gives 12 bushels; Clinton, seven to 11; Marion county, Missouri shows eight to 11 bushels.

Portions of Kansas and Nebraska are failing to make good early promise, but generally speaking the yields in those states are satisfactory. It is apparent that in spite of an increase of more than 5,000,000 acres in area harvested the Winter wheat crop will be little if any larger than last year.

During the week the Spring wheat crop has not more than held its own, if that. Rainfall was badly distributed, heavy in the southern parts of the district and light or entirely wanting in the north. Some damage occurred to the crop in each district from these opposite extremes.

In the southern and southwestern counties of Minnesota, lowlands were overflowed, wheat badly lodged, and rust is developing. In the Red River Valley counties, on the other hand, there was no moisture, the ground is dry, and a great deal of the late sown wheat can hardly pay for cutting. Early fields promise better, but the crop is at a standstill, and at the best the yield in this important section will be materially below an average crop.

The week in South Dakota was generally favorable, and with the exception of a few northern counties, where the stand is thin as a result of early drouth, the state promises a better crop than last year. Rains of the week in North Dakota were light, scattered and absent or wholly insufficient in the heavy cen-

ters of production in the Red River Valley.

In the extreme southern counties of the valley enough moisture was secured to benefit the crop, but elsewhere there was no improvement, if, indeed, there was not further deterioration.

During the early part of the week the weather was cool, modifying the effect of deficient moisture, and furnishing good conditions for the filling of heads. The week closes, however, with much higher temperatures prevailing and with some indications that the hot wave in the southwest was spreading into the spring wheat district. A day or two just now with temperature around 100 degrees would disastrously affect both quantity and quality of the crop, as heads are now filling, and moderate days and cool nights are requisite for best results.

Counterfeit Gold.

The gold used in color printing and on the mirror and picture frames is not from the pure gold leaf, but is a composition of bronze and spelter. It resembles the genuine so closely that few people know the difference. To tell the difference between the genuine Hostetter's Stomach Bitters and the many imitations offered for it, some of which are put up in the empty Hostetter bottles, is to observe that the Private Stamp over the neck is unbroken. Refuse all others if you value your health. The genuine has a record of fifty years of cures of such ailments as nausea, dizziness, flatulency, headache, heartburn, indigestion, dyspepsia, and malaria, fever and ague back of it. If you have never tried it, do so to-day.

The Foundation of Health.

Nourishment is the foundation of health—life—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all foods into the kind of blood that nourishes the nerves and feeds the tissues. Nature does the rest. Indigestion, Dyspepsia, and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold by Slocum Drug Co. and Ione Drug Co.

Over 600,000 acres of arid land in the Blackfoot, Idaho, land district have been withdrawn from settlement for irrigation purposes.

Catarrh of the Stomach.

When the stomach is overloaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucus, instead of the natural juices of digestion. This is called Catarrh of the Stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppell, Tex. "I dreaded the change of life which was fast approaching. I noticed Wine of Cardui, and decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax."

Female weakness, disordered menses, falling of the womb and ovarian troubles do not wear off. They follow a woman to the change of life. Do not wait but take Wine of Cardui now and avoid the trouble. Wine of Cardui never fails to benefit a suffering woman of any age. Wine of Cardui relieved Mrs. Webb when she was in danger. When you come to the change of life Mrs. Webb's letter will mean more to you than it does now. But you may now avoid the suffering she endured. Druggists sell \$1 bottles of Wine of Cardui.

Great Story ..of Standard Oil..

"Miss Tarbell's work is of unequalled importance as a 'document' of the day. Her story has live men in it; they suffer and work and win and lose their battles with the verisimilitude that removes the tale from the dry statement and clothes it with the color of human interest and the vivid rainbow garment of human sympathy. * * * The results of her work are likely to be far reaching; she is writing unfinished history."—Boston Globe.
