

It Must Come.

As inevitable as the changing seasons of the year is the change which comes to every woman. And just as one anticipates the change of seasons it is wise to anticipate this change of season and prepare for it. In this way the discomforts and disasters suffered by many women at the period of change can be avoided or overcome.

Dr. Pierce's Favorite Prescription, a medicine for every season of woman's life, will entirely meet the needs of women at this period of change. It cures the physical ills and relieves the mental anxiety and depression usually associated with this critical period. It tranquilizes the nerves, encourages the appetite and induces refreshing sleep.

\$500 REWARD FOR WOMEN

WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Prolapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their medicine.

J. S. Carlisle, Esq., of Manchester, Coffee Co., Tenn., writes: "I have been using your medicine for the last sixteen or eighteen years in my poor-house. I am superintendent of the Coffee County poor-house and asylum combined. Your 'Favorite Prescription,' 'Golden Medical Discovery' and 'Pleasant Pellets' are the best medicines for the diseases for which they are recommended, that I ever used. They saved my wife's life at the time of 'change of life.' I have been recommending your medicine to many afflicted women and have also guaranteed that if it did not cure I would pay back the money spent for it. I have told our druggist that if the people come back and said that your medicine did not give satisfaction, to give them back their money and charge it to me. I have not once been called upon to refund. I have never found anything to equal the 'Favorite Prescription' for diseases of women."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address Dr. J. C. Pierce, Boston, Mass.

Gambling Checks Void.

Olympia, Wash., July 30.—The Supreme Court today decided that bank checks issued for money advanced for the purpose of gambling are void. The decision was in the Spokane County case, of Archie S. Nash, appellant, vs. Charlotte Clarke, executrix of the estate of James Clarke, deceased, respondent. Nash bought two checks, amounting to \$150 from a gambler named Green. The checks were signed by Clarke, and were paid in at Green's gambling game, but before payment thereof Clarke died and Nash brought suit against his executrix to collect on them. He lost the case in the lower court, and that judgment is now affirmed.

The law, section 7207, section Ballinger code, is plain in declaring void checks given to cover gambling losses, but it was contended that the checks were not void in this case because the money was lost by Clarke after the transfer of the checks. The court declares the checks were no less obnoxious to the statute than if Green had credited Clarke during the game and subsequently taken checks for the money won.

The fact that Clarke had told Nash that the checks were good did not vindicate them or place Nash in the position of an innocent purchaser when he was aware of the gambling part of the transaction.

Boers May be Deported.

London, July 30.—In the House of Commons today, during the discussion of the Colonial Office vote, replying to a bitter attack on the government's policy and Lord Milner's administration of South Africa by Mr. Markham, Liberal, in the course of which he charged that affairs were growing worse, Colonial Secretary Chamberlain defended at some length the administration of South Africa. He said the greatest difficulty was not the reconciliation of the Boers and Britons, but the reconciliation of the Boers with themselves. The Secretary called attention to the fact that the British were making every effort to develop the country, and were forming local agricultural associations of which, in many cases, were former leaders of the Boer forces.

Mr. Chamberlain admitted that much remained to be done, and said if it was found that the work of pacification was prevented by irreconcilables, the government would not hesitate to use its strong power to deport the mischief-makers.

Choice of Bryan.

Lincoln, Neb., July 30.—The forthcoming issue of Mr. Bryan's Commoner will say:

"In the discussion among Democrats of possible candidates for the presidential nomination in 1904, the availability of Judge Owen P. Thompson, of Jacksonville, Ill., is worthy of consideration. While he has always taken an active interest in public affairs and has been an earnest advocate of Democratic principles, he has neither sought for, nor held, public offices outside of the line of his profession."

The article concludes with an extended tribute to Judge Thompson contributed by a friend.

In another and separate editorial paragraph, the Commoner, says:

"In view of this kindly assistance, it would seem that the Republican party bosses might select a candidate for vice-president from among the 'Gold Democrats.'"

THEDFORD'S BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. Thedford's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by Thedford's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than Thedford's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901. I have used Thedford's Black-Draught for three years and I have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.
