

The Week's News

Local and Personal Happenings in and About the City.

Frank Natter went to Portland, yesterday.

Jack Lane drove in from Hardman, Tuesday.

Miss Annie Smith is visiting friends in Portland.

Ed Royse was a passenger for Sumpter, Tuesday.

Chas. Earhart, of Ione, was a Heppner visitor Friday.

J. C. Kirk returned from Portland, yesterday evening.

Jake Griffith returned from Portland, yesterday evening.

County Clerk Vawter Crawford visited Ione, yesterday.

Hon. Henry Blackman is still confined to his room with sickness.

Percy Hughes returned to the Ayers cattle ranch, Sunday.

Banker C. A. Rhea came up from Portland Tuesday evening.

Frank Ward, of Parker's mill, was a Heppner visitor, Tuesday.

Wm. McDaniels was in from Hardman Tuesday on land business.

Miss Stella Lalande, of Weston, is the guest of Mrs. M. B. Metzler.

Miss Nora Matlock returned Tuesday evening from a visit to Spokane.

Miss Anna Welch, of Portland is the guest of Mr. and Mrs. Otis Welch.

A. L. Ayers and Orv Rasmus left Monday evening for Teal Springs.

Ex County Commissioner J. L. Howard, of Galloway, was in the city today.

Mrs. W. B. Potter and daughter Gladys, of Spray, are visiting in the city.

The work of remodeling and repairing the old City hotel building by J. W. Morrow is now in progress.

Dr. M. A. Leach, dentist, has moved to this city and is now permanently located in the new Fair building.

Judge T. W. Ayers and family and Mrs. Ida Fell, of Pendleton are enjoying an outing trip at Ditch creek.

Mr. Butler, of Michigan, a nephew of the late Benjamin Parker, is visiting Mrs. Ada Parker at Parker's mill.

Mr. and Mrs. S. W. Spencer, Mrs. Wm. Ayers, Mrs. J. L. Ayers and Misses Mabel and Ella Ayers are camping at Ditch creek.

At the recent meeting in Portland of the grand lodge Degree of Honor, Mrs. Mattie F. Smead, of Heppner, was elected grand inside watch.

D. W. Hornor's fame as a saddle maker extends throughout the country. He received an order this week from Colorado and another from Montana.

A break down with the big pump of the Light & Water Co. this week caused some inconvenience to both the water company and the consumers. The broken part of the pump was sent to Portland for repairs and is now in good working order.

Buried beside the bank of the John Day river over 40 miles below Mitchell, is the body of Mrs. Bethune, the aged Mitchell resident who was drowned in the flood two weeks ago. Her corpse lodged on a gravel bar near Clarno's ferry, where settlers noticed it.

Attorney Sam Van Vactor and family and Lewis Kinney and family started Monday morning for Ditch creek for an outing trip. Sam stated to the Gazette in a strictly confidential manner that he intended to kill nine deer, seven elk, no limit to the bears, and as to wolves, well, he would kill them all.

W. H. Hart, a well known lumber mill man, reports finding a giant sequoia measuring 36 feet in diameter and 100 feet around the base. This is said to be the largest tree on earth. Hart says the tree is in Eahom Valley, Tulare county, in a secluded gulch near one of the mills. The mammoth, he figures, is 400 feet in height.

THE FAIR

THE FAIR

yesterday morning for the Greenhorn. Prof. Reid goes to run out the lines for the Mayflower group of mines owned by the Heppner mining Co. Dan Stalter who has charge of the mines will assist Prof. Reid in the surveying. Prof. Reid and family will stop at McDuffy's springs before returning to Heppner.

Robert Gaynor left Tuesday morning for Heppner, where he will make his home for a year or more. His health has been failing for several months, and it is believed that a change of climate will be beneficial. Robert has many friends in Dallas, and he will hope that he will return to his home at no distant day completely restored to health.—Dallas Observer.

M. D. L. French, a prominent ranchman of Hinton creek, claims a stalk of wheat containing 149 heads, raised from a single seed. Being asked to preserve it for the Lewis and Clark fair, he said he should like to do so, but it was more important to save it for seed. Ours is a bunch-producing country, a feature which makes our ranges so valuable for their native grass. Alfalfa is subject to the same freak.

A great difference in yield may be noticed on adjoining wheat farms containing the same kind of soil and subject to the same weather conditions. The conclusion is inevitable that the difference comes from different methods of farming. As our country gets older no doubt the best results will be obtained by adopting those methods which have been found by experience to produce the best. One farmer reaped a volunteer crop of 12 bushels per acre this season from land he intended to summer fallow, but "didn't get around to it."

DIED.

GENTRY—In this city, Wednesday, December 27, 1904, the four year old son of Mr. and Mrs. Mack Gentry.

FORGED A NOTE.

Lou Howeth After Getting Money Skips the Country.

The news leaked out this week of a clever forgery perpetrated by Lou Howeth who fraudulently secured \$320 from Frank Borg.

Howeth who is an old resident of Morrow county and who is well known here, and it was not difficult for him to defraud his friends. Several months ago he went to Frank Borg and asked for a small loan and produced a note for \$320, signed by Harry Jones, which he wanted to put up for security. As Howeth had been working for Mr. Jones, Mr. Borg thought nothing of it, in fact, Mr. Borg stated to the Gazette that he would have loaned Howeth the sum asked for without any security, but as Howeth insisted on him taking the note, he took it for security. This ran on until last November when Howeth again went to Mr. Borg and asked for \$125 on the note which was furnished. A week ago last Wednesday Howeth again went to Mr. Borg and wanted to sell the note stating that he would take the face value for it, giving the accrued interest for the accommodation. Mr. Borg paid him the balance making \$320. A few days after this, Mr. Jones was in town, and as the note was nearing maturity, Mr. Borg spoke to Mr. Jones about it. It was then learned that the paper had been forged. Mr. Borg immediately notified Sheriff Shutt, but Howeth was not to be found, having left Heppner on the first train after he had received the money. It was learned also that he had mortgaged his property here and had gotten everything he had into money before leaving. The officers are now looking for him.

Good Representation at Development League.

County Judge T. W. Ayers and Mayor Frank Gilliam have been quite active during the past week in helping to create an interest in the importance of attending and helping to organize the Oregon Development League which will take place in Portland on August 2-3.

Judge Ayers has sent a letter to twenty representative citizens asking them to gather statistics and all the information possible in relation to this county in order that we may have proper representation at the meeting. The intent is to get plain and reliable statements of the actual conditions just as they exist. We have plenty of material to make a showing that will attract attention. This information will be used in the newspapers and will also be furnished to the immigration departments of the railroads and in every way possible will be given the greatest publicity.

It is the intention to effect an organization that will be a Development League in the broadest sense of the term.

Twenty delegates have been appointed by Judge Ayers and Mayor Gilliam, and while all may not be able to attend on account of the busy season, still there will be a good representation not only from Heppner and Ione but from different sections of the county. The following delegates were appointed by Judge Ayers:

Frank McKnight, John Busick, Dave Herren, C. A. Rhea, E. C. Ashbaugh, C. C. Patterson, B. B. Kelly, D. O. Justus, Geo. Vinson, Vawter Crawford. The delegates appointed by Mayor Gilliam are as follows:

R. C. Wills, F. P. Farnsworth, Fred Warnock, Phil Metschan, Jr., E. M. Shutt, G. W. Phelps, C. E. Redfield, S. P. Garrigues, Frank Roberts, W. G. Scott.
