

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months.

"I recommend it to all young women who suffer from female weakness."—MISS ALMA PRATT, Holly, Mich.

#### FREE MEDICAL ADVICE TO YOUNG GIRLS.

All young girls at this period of life are earnestly invited to write Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given, and her address is Lynn, Mass.

Judging from the letters she is receiving from so many young girls Mrs. Pinkham believes that our girls are often pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries.

Nothing is allowed to interfere with studies, the girl must be pushed to the front and graduated with honor; often physical collapse follows, and it takes years to recover the lost vitality,—often it is never recovered.

#### A Young Chicago Girl Saved from Despair.

"DEAR MRS. PINKHAM:—I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vegetable Compound and Liver Pills. When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give Lydia E. Pinkham's Vegetable Compound a trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months, and I found that I gradually improved, and that all pains left me, and I was my old self once more. —LILLIE E. SINCLAIR, 17 E. 22d St., Chicago Ill."

Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon at this important period in a young girl's life; with it she can go through with courage and safety the work she must accomplish, and fortify her physical well being so that her future life may be insured against sickness and suffering.

**\$5000 FORFEIT** If we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

## LIVE STATE NEWS

### What Oregon Editors Are Saying on a Variety of Subjects.

#### Ashland Tidings.

Jacob Klippel, a veteran placer miner of Southern Oregon, unearthed a nugget of pure gold weighing \$477 at his property on Sucker creek a few days ago. The big chunk of yellow metal was in shape almost a perfect imitation of a lady's stylishly shod foot, French heel and all. It showed a slight abrasion from being struck by the miner's pick.

#### Weston Leader.

Four hundred or more horses will be in Walla Walla for the fall races if Secretary R. B. Caswell's expectations are realized. Mr. Caswell has just returned from a trip to the Sound, taking in the Seattle races. He states that nearly every horseman there has promised to have one or more entries for the three big running races to be run Tuesday, Thursday and Saturday, October 11, 13 and 15. Next week construction work will be begun on 100 new stalls for the accommodation of the horses expected, and cattlesheds to accommodate

100 will also be erected.

Washington evidently intends to follow Oregon's striking example and elect a Democratic governor. The Republicans in our sister state deserve rebuke for their servility to the railroad machine, and George Turner deserves election. He is a man of splendid character and brilliant attainments, whose record is one of loyal service to the people.

#### Pendleton Tribune.

Here are some big wheat yields: A. Zenske in the Cold Springs country averages a little over 40 bushels. Henry Lorenzen's wheat on the reservation is going a little over 50 bushels per acre. John Bell is harvesting a field of wheat in Sand Hollow which will go 50 bushels. Henry Schmidt near Athena has 200 acres that will go 50 bushels. A. L. Swaggart, the well known farmer and hog raiser of Athena, is harvesting 50-bushel wheat from his farm. The wheat belonging to John Crow and L. L. Mann on the reservation is going about 45 bushels.

#### Puts an End to It All.

A grievous wail oftentimes comes as a result of unbearable pain from over-taxed organs. Dizziness, backache, liver complaint and constipation. But thanks to Dr. King's New Life Pills they put an end to it all. They are gentle, but thorough. Try them. Only 25c. Guaranteed by Slocum Drug Co.

## SENATORS FROM KANSAS.

### Hoodoo Which Seems to Attach to Line of "Fated Succession"—Bad Luck Follows Them.

John T. Ingalls' "fated succession" is vividly recalled to mind by the present trouble in which Senator Burton finds himself. The brilliant Atchison statesman so designated the line of Kansas United States senators that started out with Gen. James H. Lane.

Those in the "fated succession," says the Topeka Capital, were James H. Lane, Edward G. Ross, Robert Crozier, Alexander Caldwell, James M. Harvey, Preston B. Plumb, Blanton K. Perkins, John Martin, Lucius Baker and the present Senator J. Ralph Burton. Lane committed suicide. Ross committed political suicide by voting against the impeachment of Andrew Johnson, and was driven out of his party. Crozier who served about a year by appointment, died without leaving a single mark by which his brief senatorial career can be remembered. Caldwell resigned after two years' service to escape investigation.

Harvey, although he had been governor of his state and had made a fairly good reputation as such, was, after three years' service, defeated for reelection and dropped out of political life. Plumb died in office at Washington. Perkins served a brief term by appointment and is scarcely remembered as a senator. Martin served two years, and left the senate poorer in purse and with less prestige than he possessed when he went in. Baker was almost a total failure, and his crushing defeat for reelection at the hands of Burton is still warm in the memory of the people of Kansas.

## DISEASE NEEDS WATCHING.

### Whooping Cough Not Simple Little Affair Many Suppose—Nearly as Fatal as Scarlet Fever.

Eliza H. Root calls attention, says the Woman's Medical Journal, to the fact that this disease is too little dreaded by the medical profession and that it is by no means the simple affair that many seem to suppose.

From the United States census of 1900 we find that 363 died in New York from whooping cough and 549 from scarlet fever. In Chicago 141 died from whooping cough and 378 from scarlet fever; Philadelphia, 179 from whooping cough, 182 from scarlet fever, and so on in the different cities. Death from whooping cough occurs most frequently from pneumonia as a complication that induces heart failure, or a bronchitis may occur that ends in suffocation. Asphyxia or marasmus due to the continued ejecting of the food or loss of appetite may cause death.

Even when death does not occur, severe disturbance of the nervous system may remain, as weakness of the intellect and memory, imbecility. Visual defects, strabismus, blindness and deafness, partial or complete, and even deaf-mutism may remain. Whooping cough, it is evident, should be under the control of health authorities, subject to quarantine and other preventive measures as much as scarlet fever.

## NO "DAY OFF" FOR A JUDGE.

Barristers in Great Britain Can Apply for Injunctions at Any Time and Place.

Illustrating the proposition that a judge never puts aside his judgeship, the Westminster Gazette has the following: "Yesterday Mr. Justice Buckley was surprised on the limits by a barrister who presented an urgent request for a certain injunction. His lordship suspended his game, and after due consideration of the facts made the order, which was at once telegraphed to Cardiff, and no doubt took effect the same afternoon."

"On another occasion a barrister on a similar quest is rumored to have found his quarry bathing at Brighton. With a commendable devotion to his client's interests, he hired the next bathing machine and rapidly joined the judge in the water. The judge's surprise at being suddenly accosted in the well-known formula, 'I have an application to make, my lord, in a very urgent matter,' may be imagined. The law sometimes atones for its proverbial delay by these lightning injunctions."

#### Falconry in Turkestan.

In a remote part of Turkestan Dr. Sven Hedin, the explorer, a few years ago discovered the ancient art of falconry in full flower. "Among the horsemen were eight falconers," he writes, "two of whom carried eagles, the others falcons, all duly hooded. In this part of the world falconers form an indispensable adjunct in any formal parade or procession. Later in the day they gave us an exhibition of their birds' powers by letting them kill four hares and a deer, all of which were presented to me."

The editorial page of the weekly Oregonian gives a broad treatment to a wide range of subjects.
