

IF YOU WANT TO KNOW WHAT AILS YOU

the U. S. mail will bring you the best medical
advice for only the cost of writing
materials and stamps.

Many people owe their present good health to the fact that they consulted Dr. Pierce by letter, giving him all possible information about their condition, symptoms, etc., and received in return good medical advice which cost them nothing. Write to Dr. R. V. Pierce, founder of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Dr. Pierce by no means confines himself to prescribing his well-known medicines. He tells you in the most common-sense way what ails you, what you ought to do, what line of treatment should be followed out in your particular case, and if your case does not indicate the need for this proprietary medicine, he tells you plainly and frankly what you do need, and the best possible method of improving your health. Dr. Pierce treats many chronic cases at a distance, through the mail and all you have to do is to write him your symptoms.

"During my two years of married life I have not had good health," writes Mrs. Daisy Stoddard, of 608 S. Esplanade Avenue, Leavenworth, Kans. "I was all run-down, and my husband got me to write to Dr. Pierce. I got an early reply telling me what the trouble was. I commenced taking Dr. Pierce's Favorite Prescription, and also the 'Pleasant Pellets,' and now can say that I feel like a new woman. I do all my work and do not feel tired out like I used to. I have taken eight bottles of the 'Favorite Prescription.' It makes one feel well and strong."

Dr. Pierce's Pleasant Pellets cure dizziness and sick headache.

WATER FOR CEMETERY.

Pipe Lines Have Been Located and Surveyed.

The work of laying the pipe to furnish water for the Heppner cemetery will be commenced in a short time. The line of pipe has been located and surveyed and the first work will be that of digging the ditches and the reservoir. Geo. Conser who is taking a very active interest in the work informs the Gazette that the work will be completed by the first of the year as promised. With the application of water the cemetery will be beautified with green lawns. Mr Conser deserves much credit for his untiring work.

A Mammoth Advertisement.

The largest advertisement which ever appeared in the Gazette we publish this week. In fact it is just four times larger than any advertisement ever printed in our paper. It occupies the space of four pages and comprises the Fall announcement of The Fair store in Heppner. The advertisement is worthy the perusal of every reader of the Gazette. It is metropolitan in composition and mechanical construction, in fact a worthy type of modern advertising. Every large business concern nowadays has its advertisement writer. Our readers shall be the judge if Mr. Huelat is not up to the times.

The next consideration is choosing a medium, and The Fair chose the Gazette. We invite our readers, in their own interests, to scan carefully the four pages of bargains offered by The Fair this week in the full assurance that they will profit thereby.

Hoxie is charged with being complicated in a holdup in Idaho, in which a merchant was shot and robbed, but was not killed.

JUMPING THE DEER.

One of the Most Thrilling Experiences Which Befall the Hunter of Big Game.

"Jumping a deer" is a highly-attractive phrase, quite apt to make a tingling in the back hair of the tenderfoot who hears it for the first time. It is also intensely satisfactory to the chap who always has to shave before wooing nature, says Outing. You may, indeed, get a good shot in this way, and it is generally the only way to see the grandest of all the sights of the woods—deer running through a windfall. To see the glossy curves of fur curl over the lofty logs that lie piled on each other in boundless confusion is well worth a trip to the woods, while for him who loves the rifle as I do, more for what cannot be done with it than for what can, there is no such target elsewhere. But for the tyro who is dying to get that first deer "jumping a deer" generally means out of sight and out of hearing both. For the deer that goes off to lie down after feeding does not go to sleep, but to ruminate and take life easy.

Once in a great while one falls into a doze, but almost always the head is well erect and all senses keen for danger. And even if one is in a doze it may slip away without your suspecting its existence, for sleep deadens little of the senses of this wary animal. The man who "wouldn't shoot such an innocent creature as a deer" should by all means see one getting out of a heavy windfall, while the man who loves game that can get away can here find the attraction of the woods at its climax.

What Is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly pain results. Irregular living means derangement of the organs, resulting in constipation, headache or liver trouble. Dr. King's New Life Pills quickly readjust this. Gentle yet thorough. Only 25c at local druggist's drug store.
