

Centennial Notes.

Utah will have a comprehensive exhibit at the Lewis and Clark Exposition. It is expected that a state pavilion will be erected.

The Massachusetts State building at the Lewis and Clark Exposition will be larger than the pavilion the state erected at St. Louis.

The Ocean Park (Cal.) Journal, will send the "Queen of Ocean Park" to the Lewis and Clark Exposition. The paper pays all the expenses of the queen, who is elected by popular vote.

Two cars of totem poles have arrived at the Lewis and Clark Exposition grounds. They will form an interesting part of the United States Government's Alaskan display at the fair.

The first railroad locomotive ever run in Oregon will form an interesting exhibit in the Transportation Building at the Lewis and Clark Exposition. The locomotive is the property of David Hews, of San Francisco, who has had it for thirty years.

Illinois Day will be a big day at the Lewis and Clark Exposition. Governor Deneen and staff will attend the fair during the last week of June and elaborate ceremonies will be observed at the Illinois headquarters.

A section of the biggest cherry tree on the Pacific Coast will be a feature of Sacramento (Cal.) exhibit at the Lewis and Clark Centennial. The tree was planted in 1850, and was three feet in diameter when cut down a few days ago.

Clark County, Washington, which was named after Captain William Clark who shared with Meriwether Lewis the honors of command on the Lewis and Clark

Expedition a century ago, will have a comprehensive exhibit at the Lewis and Clark Centennial.

The Woodmen of the World Chorus, of Denver, will compete for the choral prize at the Lewis and Clark Exposition. Professor Gwilyn Thomas, who has been drilling the chorus for several months, gained distinction by training the Denver Choral Society chorus, which won first prize at St. Louis.

THE GAZETTE HEPPNER, OREGON

Morrow County, Oregon.

Morrow County is a new country, and like all other new countries, is awaiting development.

Located in the Columbia river valley, and skirted on the South with a spur of the Blue mountains, within the boundaries of Morrow county is a territory 75 miles in length by 35 miles in width, and containing 1,313,250 acres of land. Formerly stockraising was the principal industry, but lately the fertility of the land is bringing agriculture to the front. Immense wheat crops are grown with little cultivation, the soil being mixed with a volcanic ash which is very rich in wheat-producing qualities. The 1904 crop will aggregate 1,400,000 bushels, much of it from virgin soil.

Morrow county has thousands of head of sheep, horses and cattle. The wool production for 1904 was 2,500,000 pounds. Alfalfa and fruit growing are profitable industries, rapidly growing in importance. The county has also a great coal field, soon to be developed.

The Heppner Gazette

Is the best exponent of the industrial life of the town and county. Keeps its readers thoroughly posted as to their progress and development. A good medium to send to eastern friends, thoroughly reliable, wide-awake and progressive,
