THE GAZETTE HEPPNER, OREGON

Morrow County, Oregon.

Morrow County is a new country, and like all other new countries, is awaiting development.

Located in the Columbia river valley, and skirted on the South with a spur of the Blue mountains, within the boundaries of Morrow county is a territory 75 miles in length by 35 miles in width, and containing 1,313,280 acres of land. Formerly stockraising was the principal industry, but latterly the fertility of the land is bringing agriculture to the front. Immense wheat crops are grown with little cultivation, the soil being mixed with a volcanic ash which is very rich in wheat-producing qualities. The 1904 crop will aggregate 1,400,000 bushels, much of it from virgin soil.

Morrow county has thousands of head of sheep, horses and cattle. The wool production for 1904 was 2,500,000 pounds. Alfalfa and fruit growing are profitable industries, rapidly growing in importance. The county has also a great coal field, soon to be developed.

The Heppner Gazette

Is the best exponent of the industrial life of the town and county. Keeps its readers thoroughly posted as to their progress and development. A good medium to send to eastern friends, thoroughly reliable, wide-awake and progressive,
