A. Minor, of the Penland Land and Livestock company, informs the Gazette that this season has been the best taking it all around since he has been in the sheep business. From one bunch of 500 ewes Mr. Minor reports an increase of 575 lambs, which is a remarkable showing. Mr. Minor is of the opinion that sheep will shear one pound to the fleece better this year than last.

To all of our readers who would like to take an Eastern paper we have made arrangements to club with one of the very best—the Thrice-a-week New York World. The World in coming three times a week makes it almost equal to a daily. It is a great newspaper, giving all the news and able opinions. Both papers, the Gazette and Thrice-a-week World only \$1.65 per year.

The Gazette has been fortunate in making special arrangements with the Semi-Weekly Journal, of Portland, whereby we can furnish this excellent paper with the Gazette for the very low price of \$1.75 per year. The Journal is fast coming to the front as a great newspaper. The semi-weekly contains 8 to 12 pages and 40 to 50 columns each issue of coast and general news. It has an exceptionally strong market page, said to be the best market news printed on the coast. The Journal is mailed at the Portland postoffice before one o'clock p. m. on Tuesdays and Fridays, thus enabling it to reach Oregon subscribers on Wednesdays and Saturdays.

D. Matlo k received three more fine wolf hounds this week. The hounds are a cross between the grey hound, stag hound and bull dog. They are very large and strong and swift runners and are able to put up a fight that will make short work of a coyote. With the two big stag hounds recently purchased this makes a pack that is hard to equal. Last Friday, the dogs just for a little exercise, were taken out to Dutton's canyon for a run. A coyote was jumped up and was picked in less than a run of three-quarters of a mile. It is unnecessary to say that there is one coyote less.

W. L. Smith went to Cecil, Monday.

T. A. Rhea returned from Portland, Monday.

O. E. Farnsworth came up from the stock ranch Tuesday.

Mr. and Mrs. Dan Doherty, of Lexington, were in the city Monday.

Read Minor & Co.'s ad and clip out that coupon. It is worth looking after.

Banker C. A. Rhea and son, Carl, came up from Portland Tuesday evening.

It will pay you to clip that coupon from Minor & Co.'s ad. Read it and find out.

That coupon in Minor & Co.'s big ad is worth something. Clip it out and take it to the store.

Heppner has a few cases of scarlet fever. The Clark and Burton families have been quarantined.

E. J. Slocum, formerly of the Slocum Drug Co., has accepted a position with The Fair in the clothing department. Mr. Slocum is an experienced dry goods man.

Charles Liebenstein, proprietor of the Blue Mountain American, at Sumpter, will begin the publication of the Evening News, a daily afternoon paper about April 15, at that place.

Dr. and Mrs. Switburne and Miss Fay Bartholomew are now residents of Pendleton, having moved into a residence adjoining their new house until the latter is completed.

Miss Ethel Swaggart arrived in the city last evening from Heppner and will leave this evening for Walla Walla to attend the county teachers' institute being held there this week.—Pendleton Tribune.

It has been stated by people who do not know anything about it that there will not be any water at the Heppner cemetery this summer. This is far from the truth. There is plenty of water there now in the reservoir and there will be an ample supply all summer.

Deputy District Attorney Notson has received a letter from the Master Fish Warden of the State in which it states that parties having dams across Willow creek must construct fishways according to law or expect the Warden to perform the unpleasant duty of enforcing the penalty provided by law.

H. E. Warren, who bought the W. P. Prophet ranch last fall, was a pleasant caller at the Courier office the first of the week. Mr. Warren is one of the several enterprising citizens of Morrow county who have recently settled in this vicinity, and is making many improvements on his place.—Spray Courier.

Warnock & Wells, the real estate dealers recently purchased a nine acre tract of land from Judge T. W. Ayers, on the north hillside adjoining the cemetery, this week sold five acres of the tract to Mr. Browning. Mr. Browning will build a residence on this property in the near future.

The railroads have decided on a rate of one fare plus one dollar for Eastern people who desire to visit the Lewis and Clark fair. There has been much inquiry regarding rates to the exposition, as the trip is ideal for a summer outing. Railroad men say these inquiries come from the better class of people—those who have money to spend.

C. A. Rhea, the banker of Heppner, has leased the Rhea Packing company's plant, located on the Columbia slough, to A. A. and A. Friedman on very favorable terms. The new management will improve the property. The pressure of other business in eastern Oregon is the cause of the transfer. J. Selling, secretary of the company, has engaged in other business in this city. The plant of the Rhea Packing company consists of a three story brick building and a cold storage outfit.—Portland Journal.

Judge Dutton brought in some very fine samples of wheat from his place Monday. The wheat was sown last fall and is now one of the highest and is making a rank growth. The crop consisting of 460 acres was sown by W. E. Royce. The prospects are now that it will yield 30 bushels to the acre.

Base Ball Notes.

In response to the call of Manager Jas. Hart about fifteen men reported for base ball practice last Sunday. A practice game was played, and, although the playing was ragged at times, some very pretty plays were made showing that Morrow county has some excellent

material for a very fast team and if they have the support from Ione and Heppner these places may see some very interesting games this season.

Morrow County Ball Team vs. Eight Mile at Ione next Sunday.

Plans are almost completed for a game of ball at Heppner, Sunday, April 30th, between Morrow county team and Echo. A return game to be played at Echo May 7th.

Quite a large number of Heppnerites are contemplating a trip to Ione Sunday, April 23rd, to witness the ball game between Morrow County and Eight-Mile.

Arrangements are being made whereby Morrow County and The Dalles will play a series of games in the near future. Manager Hart is a rustler and we may look forward to some games almost every Sunday.

Morrow County has organized a ball team and is open for dates and would like to hear from amateur teams in Oregon and Washington wishing to arrange games.

The new base ball park on the Currin place just above town is a typical place for base ball grounds and the citizens of Heppner cannot make a better investment than by giving the boys some little encouragement in a financial way. The ground is already in very good shape, but needs some of the finer work

to finish it up. This can be done with very little expense and the boys will appreciate it. Let us help the thing along by turning out and patronizing the games.

Dr. A. K. Higgs has returned from Chicago.

J. T. Kirk returned from Portland Saturday evening.

Percy Jorman, of Butter creek, was in the city, Saturday.

J. L. Howard, of Galloway, was in the city, Saturday.

Mrs. Fred Bock, who has been visiting her sister, Mrs. Otis Welch, of this city, left Monday morning for her home at La Grande.

Tickets of admission to the Lewis and Clark Exposition have been placed on sale in Portland. For a period of 15 days two forms of commutation tickets will be sold. One form is the 50-ticket commutation book and the other the 137-ticket book. It is expected that some insight may be gained into the extent of the local patronage that may be depended upon throughout the sales of the next 15 days. The reduction in price is very great, the 50-ticket books going for \$12.50 and the 137-ticket book for \$20.

Always reliable—The Weekly Oregonian.
