MORROW COUNTY'S EXHIBIT.

Morrow county's exhibit at the Lewis and Clark fair is one of which the county should feel proud. The booth represents good taste as well as a large amount of labor and the expenditure of quite a sum of money in fixtures and the arrangements of products. The splendid display of our commercial interests is in good hands. Commissioner Blackman is a thorough exposition man and has a pleasant faculty in showing and explaining things to good advantage.

The principal wealth producers of the county—wool and wheat are the main features and are displayed in such quantity and arrangement as to attract much attention from the many visitors.

The display of wheat both in the straw and threshed impresses the stranger with the fact that Morrow county is a great wheat producer.

The wool exhibit easily outclasses anything at the exposition. Wool from all parts of the country is shown in the fleece, bale and sack and illustrates well the importance of this prominent industry.

The fruit and vegetable display while not large, also adds to the attractiveness of the exhibit.

The Pacific monthly for August is an exceptionally good number. As the leading magazine of the West it is doing much to build up the Western country. The August number is devoted principally to Seattle. With the short stories and other oratures, including the fine half tone illustrations makes the Pacific monthly one of the popular magazines of the country.

At Riparia the Snake river is the lowest it has been at any time within six years, and is but one foot two inches above the government "low water" mark.

Statistics compiled by the Bell Telephone company show that Spokane has more telephones in use per 100 people than any other city in the United States.

## Bring in Your Products.

I would respectfully ask the farmers of Morrow county to kindly bring in apples, potatoes, onions, or in fact all kinds of fruits and vegetables that are worthy of exhibit at Morrow county's booth at the Lewis and Clark fair. I will be in Heppner during the coming week and will ship the products brought in.

T. W. AYERS.

## Lengthening Human Life.

It is established beyond doubt that during the last half of the nineteenth century there was an important lengthening of the average life due largely to the improvement in living and the advancement in medicine. It was during that time that Hostetter's Stomach Bitters made its first appearance and because of its wonderful curative properties soon became the recognized leader among remedies to cure poor appetite, sour stomach, cramps, diarrhoea, indigestion, dyspepsia, constipation, biliousness, kidney ills, or malaria, fever and ague. Doctors and druggists everywhere recommend it in the above cases. We hope you'll try a bottle and test it for yourself. Women who are run down and in need of a tonic and regulator will also find the Bitters invaluable. Be sure to get the genuine.

## Trial Not Entirely Fair.

Chicago, Aug. 13.—Ex-Senator John M. Thurston, who is in Chicago on his way to Washington, D. C., from the Pacific Coast, said he had completed a bill of exceptions to the trial of United States Senator Mitchell by the Federal jury at Portland, Or., and would appeal the case to the United States Supreme Court.

Mr. Thurston expressed the opinion that his client did not have an entirely fair trial, because the jury had formed an unfavorable opinion of his case in advance, owing to the wave of graft reports which were sweeping over the country and arousing public sentiment. He further said that there are a number of errors in the court records.

When asked how Senator Mitchell took his conviction, Mr. Thurston intimated that he felt it deeply, but had never uttered one word of reproach to him over the result.

That Great Southern Railroad, extending south from The Dalles, will be a prayer. So would roads through other sections.

## Reduced Rates to the Seaside.

The Southern Pacific Co. has placed on sale at its Portland offices, round-trip tickets to Yaquina Bay and Newport at rate of \$6.00 for season tickets and \$3.00 for Saturday to Monday tickets. This is a fine place to take your family for a few weeks outing at a moderate cost.

Some Canyonville, Douglas county, onions weigh 2½ pounds each.

A Berlin doctor lays it down that the piano should never be used by a child under 16 years of age. Out of 1000 girls who played before the age of 12 he found 600 cases of nervous diseases.

John D. Rockefeller announces his intention of expending \$50,000,000 more upon Chicago university, with the purpose of making it the largest and most heavily endowed institution of learning in the world.

# New Suits Winter Jackets Rain Coats

at  
**MINOR & CO'S**

We are pleased to announce to the ladies who have been so patiently waiting the arrival of our

## New Fall & Winter Cloaks and Suits

and any others who may desire to purchase early, that our first shipment is here and ready for your inspection which we most earnestly solicit. This may seem a little early to select a suit or coat for the winter, but the Lewis and Clark Exposition at Portland seems to have created an early demand for such goods, and the late visitors to the fair will find it very convenient to be able to select the latest styles so early in the season before leaving for the fair.

## FASHIONS STAMP OF APPROVAL

The long winter coat extending nearly to the bottom of the dress and made from the heavy manish mixtures have the stamp of fashions approval on them. We have them and no two alike—be exclusive and buy your coat here. The suits have both long and short jackets. Both in evidence here. We can't describe them to you, we want you to see them. Come in and let us convince you by showing you these beautiful garments that they are correct.

Save your cash slips and get a 42 piece set of beautifully decorated China. Ask particulars and save your slips.
