The sheep market in Morrow county is now very quiet owing to the fact that about everything for sale has been cleaned up. The market has had early stimulation by the brisk demand and high prices that have been offered and growers have now disposed of about all of the surplus. There is yet a good demand and inquiries from outside places are still coming in for sheep. R. F. Wigglesworth this week purchased 2400 head of lambs from Ed Day.

for the highest standard of public morals. As a husband he was affectionate and as a friend and neighbor generous and hospitable.

His death was not unexpected, and yet it comes as a shock, but he was ready. His affliction of the eyes which had proven a sore trial to him for months was borne with patience and resignation. At last total blindness came, and he felt the end was near, bot he was not afraid to die. Death inad no terrors for him. He set his house in order and departed. We know where to find him.

The funeral sermon was preached in Lexington by the presiding elder, Rev. H. S. Shangle, of Milton, Oregon, from Rev. 14:13, in the presence of a large company of relatives and friends. "Blessed are the dead who die in the

Children especially are fond of dainties, and the housekeeper must look carefully to their food.

As good cake can be made only with good eggs, so also a cake that is healthful as well as dainty must be raised with a pure and perfect baking powder.

Royal Baking Powder is indispensable in the preparation of the highest quality of food. It imparts that peculiar lightness, sweetness and flavor noticed in the finest cake, biscuit, doughnuts, crusts, etc., and what is more important, renders the food wholesome and agreeable to young and old.

The Meppner Gazette-the news of Morrow County; The Weekly Oregonian-the news and thought of the world. Both at a special price. Inquire or address The Gszette, Heppner, Or. J. S. Boothby Dead.

Josiah Stewart Boothby was born near Jamestown, Brown county, Ohio, Oct. 24, 1824, and died in Lexington, Oregon, August 17, 1905. He was twice

married, first to Miss Elizabeth Peyton, Coles county, Illinois, in the year 1845. To this union was born four children,

viz: John C, Thomas J., Sarmantha and Mary J. Boothby. The last two of whom have slresdy preceded their glorified father to the better land. His first wife died February, 1867, in Coles county. L'linois. He was married again May 19. 1867, to Miss Susan J. Yates, Coles county, Illinois, with whom he lived until the day of his death. To this union were born two children, viz Grant and Luella. The latter afterwards was married to Charles Beymer, Lexington, Oregon, and is now deceased. The subject of this sketch was converted and joined the M. E. church in Griggsville, Illinois, about the year 1855. Then about six years ago he joined the M. E. church, south, in Lexington, Oregon, of which he remained a tsithful and consistant member until his death. He served the church as an effi ient officer, and the inspiration of his service will be missed in our councils. During the late civil war he served as a valient soldier for three years in defense of the Uuion. In 1895 he was elected by the citizens of Morrow county to represent them in the state legislature. This honored trust he filled with acceptibility to his people

and with great credit to himself. Bro. B othby was an bonored citizen and was jus ly esteemed for his purity of character and integrity of life. He

Following is the report of the United States Department of Agriculture, Oregon section for the week ending Friday, August 22:

Light showers occurred during the fore part of the week in the lower portion of the Willamette valley and in the northern coast counties. Elsewbere throughout the state dry weather prevailed. The temperatures in western Oregon averaged about normal, while the weather east of the Cascades was slightly cooler than usual, especial ly at night

The rain somewhat revived vegetation but as a whole the amounts were too small to do much good, and gardens, corn, potatoes and pastures are suffering for want of moisture

Grain is about all cut and in the stack. Threshing continues in all sections. The yields in the Willamette valley continue disappointing, but in the Columbia and Grand Ronde valleys the returns are very gratitying. Hops are making seasonal progress, and where spraying was thoroughly done the lice have about disappeared. Corn is earing and filling nicely and a good crop is indicated. Stock continues to lose flesh.

Plums and some varieties of prunes are ripe and being gathered. The yield of most fruits will fall below the average, both in quantity and size. Apples and pears are small and dropping more than usual. Peaches are plentitul and of good flavor.

Will Ship 25,000 Sheep.

Miles Lee, one of the oldest and most experienced stockmen in this county, stated to a reporter last night that the coming winter season promises to be one of the most prosperous for stockmen in the history of Eastern Oregon.

"Early in September I will ship 5000 head of sheep to the east and others will ship about 20,000 which will be used for feeders, while some of them ever stood for the best in society and will be forwarded as fat market mutton.
