It is estimated that Heppner will receive about 100,000 bushels of wheat this season. This will be about 25,000 bushels short of last year. The shortage is accounted for by the fact that the acreage was smaller this year than last. As the grain is being threshed yields are turning out fully as well as last year and the quality of wheat is somewhat better than usual. There are yet thousands of acres of the best wheat lands in Morrow county in the vicinity of Heppner that have never been plowed. The time will soon be here when this land will all be farmed and Heppner will be a big wheat shipping point.

BROKE JAIL.

Fred Fehrmann Gets Out But is Recaptured.

Fred Fehrmann, who resides in the mountains beyond Hardman and who was arrested last week charged with wife beating, broke jail last Saturday night but was recaptured Sunday evening by Sheriff Shutt. Fehrmann was taken before Justice Whiteis last Friday and waived examination. He was placed under \$500 bonds which he was unable to furnish and was placed in the county jail to await the action of the grand jury. Fehrmann who is an inoffensive looking German protested against being placed in the steel cell in the county jail and said that he had no desire to break out. But he was only playing possum. Saturday night he succeeded in breaking a sharp piece of iron from a closet which he successfully used as a chisel in prying the plaster from the stone wall of jail. After clearing away the plaster he commenced to dig away at the mortar in the wall of the jail. Getting a stick of wood he hammered a rock loose in the wall and finally succeeded in making a hole large enough to crawl out. When Deputy Hill entered the jail Sunday morning he was confronted with a ray of sunshine shining through what was formerly supposed to be an impregnable inclosure, instead of a hungry prisoner. After getting out Fehrmann made lively tracks toward Butter creek in attempting to get away. In his shoes were some large hob nails that betrayed his footsteps. He was tracked to Butter creek and was found in a clump of brush by Sheriff Shutt quietly resting on some blankets that he had stolen from the jail. As he had made a good walk and seemed to be fond of this kind of exercise Sheriff Shutt invited him to walk back to Heppner. He is confined in a steel cell where it will not be such an easy matter to dig out.

He had a search of nearly two weeks before he got what he wanted, but at last succeeded in purchasing from John Silveis, Joe Oliver and Chas. Johnson 3500 head of lambs at \$2.12 1/2 per head. He says sheep are very scarce in that section of the interior and are raising in price every week.
