BUSINESS ENTERPRISE.

The enterprise of the big Fair store of this city in the inauguration of the immense sale which commenced on Wednesday of this week is commendable and deserving of encouragement by good patronage, not only by the people of Heppner, but the people from all over Morrow county. To do the big amount of advertising that is necessary to get thoroughly before the people as well as the big cut in prices which naturally cuts off profits, is an expensive proposition, far more so than most people would imagine without investigation. In doing this the Fair is a true exponent of the theory that in order to build up Morrow county it is necessary to patronize Morrow county people. Outside bidders on printing and other articles of the necessary expenses were not recognized and the big expense in getting ready for this sale was divided up among home people, thus giving home people more money which will naturally fall back in the channels of trade out of which The Fair will get its share. The management has been very careful to eliminate everything in the way of fake, and the sale will be conducted on a thoroughly legitimate basis. Fifty thousand dollars worth of goods are offered at genuine bargains, which means money saved to every customer. Such enterprise and hustle for business is what Heppner needs. It will bring many people here to trade. They will come here from all over this and adjoining counties and they will go home with a good word for Heppner as a place to trade. In order to get the trade Heppner must reach out for it. Progressive business men make a progressive town. Everybody will be benefited by bringing more people here to trade. The Fair will not get all the benefit by any means, but The Fair will enjoy an increase of business as the reward of enterprise.

A. M. Phelps, the manager of the store, who has just come out from the East, is a thorough business man and the business at The Fair is already showing the effect of his able management.

The widening of Willow creek through Heppner is a serious problem and will be something to work on for the Heppner commercial club. The undertaking is by no means an impossibility and if the people will get together the problem can be solved. Many of our citizens are ready right now to give the matter financial aid. If it cannot all be accomplished at once little by little will accomplish the result. The main thing is to get the matter started right. Now is a good time to commence.

SHEEP SHOOTERS' WORK.

up and kept up a running fight for about a mile and a half in which there was a regular battle, but owing to the darkness no one was hit.

About 60 shots were fired at the fleeing outlaws.

Seventy-five head of Mr. Buseick's sheep were killed.

Mr. Hynd and Mr. Buseick are both of the opinion that both bands were shot into by the same party. Some of the shooters are already known.

New Cure For Cancer.

All surface cancers are now known to be curable by Bucklen's Arnica Salve. Jas. Guaranteed cure for cuts and burns. 25c at Slocum Drug Co.'s drug store.

The World's Gold Production.

The world's gold production for last year was one of the largest on record, and the latest figures show that Australia produced the most, while our country was a close second. But when it comes to producing a reliable remedy for the thousand and one ills of mankind we lead the world, for in Hostetter's Stomach Bitters we possess the best that science can produce. During its 50 years' experience it has never failed to give satisfaction, and because of its reliability has become the standard for sour stomach, belching, heartburn, indigestion, dyspepsia, poor appetite, constipation, biliousness and malaria. If you will only try one bottle you won't accept anything else because it will cure you. Thousands have found this so. We urge you to try it at once.
