The citizens of Prineville are indignant over the recent articles in the Oregonian in which that paper has featured a brawl, making it appear that Prineville is a lawless place. From the report of the city council and the Citizens' Business League, it appears that the facts have been greatly distorted. Such reports would be injurious to any town. As a matter of right the Oregonian should investigate this case and publish the facts.

The East Oregonian in speaking of the municipal lighting plant at Milton, says: "The plant cost the city \$12,000, citizens of Milton taking the entire bond issue. After paying all running expenses, interest and other items of expense, the plant furnishes free street lights for Milton and then pays 10 per cent on the investment. This is clear profit to the city of Milton. The most significant fact concerning the plant is that the cost of electricity to the public is 50 per cent less than in Pendleton, Baker City or Walla Walla." This is certainly an object lesson that ought to be of interest to other towns.

NEW BUILDING.

Heppner Improvement Co. Will Erect Two-Story Building.

There were two meetings of the building committee of the Heppner Improvement Co. this week. The plans submitted by Con-

tractor Cox, for a building 44x80 feet, two stories, were accepted.

The lower floor will be used for a gymnasium and the upper story will be used for the Commercial Club rooms.

Subscriptions to the building fund now aggregate in the neighborhood of \$3500.

Sunday School Convention.

The Morrow County Sunday School Association held an interesting and profitable convention at the M. E. church, South, last Thursday and Friday. It was regarded by many as the best convention held for several years.

Rev. W. C. Merritt, international field worker, for the Pacific Coast, was present and delivered several excellent addresses, besides taking an active and helpful part in the discussions. His address on Friday evening on the topic, "Organized to Win," is deserving of special mention.

Rev. J. P. Conder, of Portland, was also present and proved a most excellent worker in the convention. It is quite likely that he will be placed in the field as field worker for this state.

Among our local workers who delivered addresses or discussed topics were Rev. Buie, Rev. Crawford, J. J. Adkins, Miss Bertha Adkins, Rev. J. L. Jones, S. E. Notson, M. D. L. French, and Rev. Chandler.

The different schools furnished some inspiring music for the convention.

Resolutions were adopted thanking Revs. Merritt and Conder for their help, the people of the M. E. church, South, for the use of their church, the good people of Heppner for kindly entertaining the outside delegates, and urging the schools to support the state work and commending the teacher training work of the state association.

There will be Christmas exercises with a Christmas tree at the M. E. church, South, next Saturday evening. All are invited.
