Mrs. Miller's household goods were considerably damaged from the effect of the water from the hose.

**Man's Unreasonableness** is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by Patterson & Son, druggists. Price 50c

Yip Sing, one of the star actors in Gee Woo's palatial laundry, after filling up on gin created a little disturbance at the laundry on May street, Monday. Yip's fun culminated in his arrest by Marshal Rasmus. With a determination not to walk and with the help of the effect of the gin on the mongol's legs, it was necessary for the assistance of the hurry-up wagon to get the hilarious celestial to jail. In the police court, Tuesday, Yip helped to swell the city treasury to the tune of \$7.50. He says, "heap no drink any more."

The Heppner commercial club is beginning to wake up.

The citizens are beginning to realize the importance of the success of the undertaking and are taking hold of the matter in earnest.

Two meetings were held on Thursday and Friday evenings of the past week. The main topic of discussion at both of the meetings was the matter of putting up a building.

President Gilliam announced that there had been \$2370.00 subscribed for the building fund.

C. O. Huelat stated that \$210 had been collected on membership fees.

At the meeting Friday evening, Secretary R. F. Hynd moved that the officers of the commercial club with T. W. Ayers and S. P. Garrigues act as the building committee until the incorporation of the building association. The motion was carried by a unanimous vote, and it was decided to go to work immediately by incorporating and making the necessary arrangements for the construction of a building.
