Sickening Shivering Fits.
of Ague and Malaria can be relieved
and cured with Electric Bitters. This
is a pure, tonic medicine; of especial
benefit in malaria, for it exerts a true
curative influence on the disease, driv-
ing it entirely out of the system. It is
much to be preferred to Quinine, hav-
ing none of this drug's bad after effects.
E. S. Munday, of Henrietta, Tex., writes:
"My brother was very low with ma-

JOHN A. CANDIDATE.

Will Seek Nomination for Gov-
ernor of Oregon.

Charles A. Johns, of Baker City, has
formally announced his candidacy for
the office of governor of Oregon.
Following is Mr. John's platform:
"The affairs of the state should be
conducted with a high sense of honor
and on sound business principles and a
broad plane of equality, and to that end
there should be a watchful care and
vigilance over every department. The
high and the low, the rich and the poor
should receive the same courteous
treatment. The laboring man has the
same right to be heard as the railroad
magnate or the millionaire.
"The state school fund should be
treated as sacred, and there should be
no juggling with school lands. A law
should be enacted preventing specula-
tion in, or the sale or assignment of
school land certificates. The Land
Agent should not be allowed to have
any favorites, or speculate through
knowledge obtained by virtue of office.
There should be no adjuncts to or
around this office and it should always
be above suspicion.
"All kinds of property, including
franchises, should be required to pay a
just and reasonable tax, and express
and similar companies should pay a
tax on their gross earnings in the state.
"A law should provide for a State
Bank Examiner with conservative
plenary power.
"The primary law was enacted by a
vote of a large majority of the people
and is entitled to, and should be given,
a fair trial and should be respected both
as to its meaning and intent.
"From sentiment and conviction, I
stand with President Roosevelt on the
labor question, and am in thorough ac-
cord with him on the question of rail-
road legislation.
"I am a firm believer in, and an ar-
dent supporter of our public school
system. I favor liberal support to and
a high standard of education; and with
rare exceptions think our own boys and
girls should be educated within the
state of Oregon.
"If successful, in my administration
the needs and wishes of the people will
be the only "boss" and the only
"machine," and there will be no
"favorites" and nobody will have a
"pull," and I will give the state an
honest, clean, conscientious and vigi-
lant administration, "of the people, by
the people and for the people."
CHARLES A. JOHNS.
(Charles A. Johns was born in Jack-
son county, Missouri, June 25, 1857,
coming to Oregon in 1858, where he has
resided ever since. The foundation of
his early education was received in the
Scioto public schools in Linn county.
Later he attended Willamette Univer-
sity and received the degree of A. B. in
1878, four years later being given the
degree of A. M. from Oregon's well
known pioneer institution of learning.
In 1881 he was admitted to the bar
and commenced the practice of his
profession at Dallas. He served as
county judge of Polk county by ap-
pointment, residing at Dallas until
1888 when he moved to Baker City
where he has since resided, practicing
law.
Mr. Johns was formerly elected
mayor of Baker City for two terms and
is now serving as mayor of that city,
being elected by the largest majority
ever given to any candidate. He is
now serving a fourth consecutive term
as school director and received every
vote cast at the last election.
Mr. Johns is one of the leading at-
torneys of the state and stands high in
the profession. He has never held a
political office and his home endorse-
ment is so strong that it is unanimous.
Three little babes were nestled in bed,
"I'll name William, Willie and Bill,"
mother said;
Wide was her smile, for triplets they be,
She lays her good luck to Rocky Moun-
tain Tea. (Great baby medicine.)—

KELLIHER CONVICTED.

Forgery in Connection With State
Land Frauds.

Salem, Ore., Jan. 4.—A sensation was
created in the circuit court yesterday
when H. H. Turner, who was jointly
indicted by the Marion county grand
jury with A. T. Kelliher, on the charge
of forgery in connection with the al-
leged state land frauds, took the witness
stand and turned state's evidence. The
defense objected to Turner's evidence,
but District Attorney McNary at once
moved to dismiss the indictment
against him after which the court ad-
mitted the testimony.
Turner told how Mr. Kelliher came
to him and asked him to join in a
scheme to get hold of some school land.
He stated that he refused at first, but
finally agreed to procure signers to ap-
plications for a consideration of \$7. Of
this amount \$2 was to be retained by
him for notary fees and \$5 was to be
paid for the signatures. Finding it
hard to secure signatures, it was finally
decided that Turner should sign ficti-
tious names to the applications which he
did. He identified a number of signa-
tures on applications for the purchase
of school land introduced in evidence as
having been forged by himself and tes-
tified that he signed the name "G. D.
Rice" to the application upon which
the indictment against himself and Mr.
Kelliher was based.
The witness further stated that Mr.
Kelliher fearing that Turner's notarial
seal on so many applications might
create suspicion, suggested that he en-
list the services of some other notary.
Charles Lenon was then asked to
supply the notarial seal and Turner stated
that he signed all of the applications
bearing Mr. Lenon's signature as notary.
The defense introduced a number of
witnesses in an effort to impeach the
testimony of Mr. Turner.
After three hours of deliberation the
jury this afternoon returned a verdict of
guilty against A. T. Kelliher charged
with forgery in procuring the fraudu-
lent signing of certificates to state lands.

est amount of protein.
By manufacturing the hay into meal,
stock obtains all this valuable sub-
stance. The meal after being prepared
is placed in 100 pound sacks for ship-
ment.

The machinery installed in the Nam-
pa plant, which is the first of its kind to
be established west of Omaha, is all
modern and up-to-date, and has been
very expensive. Omaha has two
factories. One of them costs about \$60-
000 and the other \$30,000, and they are
both finding a ready market for all the
meal they can manufacture. The dif-
ficulty there is getting the hay to supply
the factory, but in this alfalfa region
there should be no difficulty in that
respect.
That alfalfa meal will become an im-
portant article of commerce there can
be little doubt. In this concentrated
form it will be especially valuable for
shipping into localities where alfalfa is
not much grown. But for general feed-
ing of stock where alfalfa is produced
in abundance we hardly expect to see
the meal come into general use. It is
most too expensive a proposition to
compete with chopped hay, which to a
certain extent, answers the same pur-
pose and is not an expensive process.
We predict that it will not be many
years till the bulk of the alfalfa fed to
stock, especially sheep and cattle, will
be chopped. This and the grinding of
the hay will solve the problem of get-
ting rid of the evil effect of the pesky
foxtail or wild barley, which is getting
so common all through the alfalfa grow-
ing districts, and which it seems al-
most impossible to get rid of.—Rural
Spirit.

**Beware of Ointments For Catarrh
That Contain Mercury.**
Mercury will surely destroy the sense of
smell and completely derange the whole sys-
tem when entering it through the mucous sur-
faces. Such articles should never be used ex-
ception on prescriptions from reputable phys-
icians, as the damage they will do is ten fold to
the good you can possibly derive from them.
Hall's Catarrh Cure, manufactured by F. J.
Cheney & Co., Toledo, O., contains no mercury,
and is taken internally, acting directly upon
the blood and mucous surfaces of the system.
In buying Hall's Catarrh Cure be sure you get
the genuine. It is taken internally and made

Oregon's Exhibition.
The recent celebration at Portland of
the hundredth anniversary of the ex-
pedition sent to secure our title to Oregon
was an event which commanded the at-
tention of the entire world. Another
event which attracted the attention of
the entire world 33 years ago was the
introduction of Hesseiter's Stomach
Bitters, and during those years its
record of cures has been so wonderful
as to hold the public attention contin-
uously. Doctors and druggists every-
where have taken note of its wonderful
efficacy and now freely prescribe and
recommend it to their patients. It al-
ways cures sick or nervous headache,
indigestion, dyspepsia, costiveness,
heartburn, flatulency, chills, colds,
grippe or female ills. Get a bottle to-
day from your Druggist, also ask for a
free copy of our 1906 Illustrated Almanac.
It is very interesting.
