The price was 2 1/2 cents per hundred, weighed in at Mr. Vincent's, with a four per cent cut for shrinkage. Mr. Vincent who has been feeding his cattle on alfalfa, has 190 head left, and says there are plenty of buyers. The cattle have been very thrifty this winter and are in prime condition.

Mr. Lineback will have headquarters at the Palace hotel where he will be located for the next two weeks. He is offering some of the greatest bargains ever known in Heppner on pianos. Call and see him.

Peter Brenner, of Eight-Mile, was in the city, Friday. Mr. Brenner states that the acreage in the Eight-Mile country this season is large. The acreage of summer-fallow sown wheat being between 25 and 50 per cent greater than last year. An encouraging feature is the fact that the farmers are paying more attention to better cultivation and the summer-fallow in the Eight-Mile district this season was in better condition when sown than ever before.

The farmers are now busy taking advantage of the fine weather. Winter wheat is looking well and is making a good growth. The open winter has given grain a chance to become well rooted and the consequences are that winter prospects are encouraging.

### GOOD SHOWING.

Good Portion of Fair Appropriation Turned Back.

At the term of the county court closed this week Judge T. W. Ayers submitted his report on the disposition of the Lewis and Clark fair fund.

Prior to the opening of the Lewis and Clark fair at Portland, owing to the prevailing sentiment in favor of a good showing for Morrow county at the fair by the people of this county, the county court appropriated \$2,000 to be expended for a booth and for the gathering and installation of an exhibit of our products.

At the time, this was considered a small sum, especially when compared with other counties, some of the appropriations running as high as \$15,000.

While this sum was small, Morrow county's showing was certainly creditable and attracted probably as much attention as any other county, taking everything into consideration.

The report submitted by Judge Ayers is very complete, showing an itemized statement in detail of every expenditure, which makes a showing of wise and careful management. In short it was a whole lot for the money.

The report shows a balance of \$508.54 which has been returned to Morrow county, making a total cost to the taxpayers of this county the sum of \$1491.46.
