

# CAUGHT BY THE GRIP-- RELEASED BY PE-RU-NA

**Pneumonia Followed La Grippe--Pe-ru-na the Remedy That Brought Relief.**  
Mr. T. Barneott, West Aylmer, Ontario, Can., writes:

"Last winter I was ill with pneumonia after having la grippe. I took Peruna for two months when I became quite well, and I can say that any one can be cured by it in a reasonable time and at little expense."

**Systemic Catarrh, the Result of La Grippe.**  
Pe-ru-na Receives Credit for Present Good Health.

Mrs. Jennie W. Gilmore, Box 44, White Oak, Ind. Ter., writes:

"Six years ago I had la grippe, which was followed by systemic catarrh. The only thing I used was Peruna and Manalin, and I have been in better health the last three years than for years before. I give Peruna all the credit for my good health."

**Pe-ru-na--A Tonic After La Grippe.**  
Mrs. Chas. E. Wells, Sr., Delaware, Ohio, writes:

"After a severe attack of la grippe, I took Peruna and found it a very good tonic."

**"Most Effective Medicine Ever Tried for La Grippe."**

Robt. L. Madison, A. M., principal of Cullowhee high school, Painter, N. C., is chairman of the Jackson county board of education. Mr. Madison says: "I am hardly ever without Peruna in my home. It is the most effective medicine that I have ever tried for la grippe."

Mrs. Jane Gift, Athens, O., writes: "I had la grippe very bad. My husband bought Peruna for me. In a very short time I saw improvement and was soon able to do my work."

**Suffered Twelve Years From After Effects of La Grippe.**

Mr. Victor Patneude, 328 Madison St., Topeka, Kan., member of Knights and Ladies of Security, writes:

"Twelve years ago I had a severe attack of la grippe and I never really recovered my health and strength--but grew weaker every year until I was unable to work."

"Two years ago I began using Peruna and it built up my strength so that in a couple of months I was able to go to work again."

"This winter I had another attack of la grippe, but Peruna soon drove it out of my system."

"My wife and I consider Peruna a household remedy."

## The Matter of Allowance.

"My dear," whispered the young man, "as we are so soon to be married we should take a practical view of life and profit by the mistakes of others. For instance, there is the subject of a regular allowance every week for spending money, you know."

"Oh, I've thought of that," she replied, sweetly.

"Have you?"

"Yes, indeed--hundreds and hundreds of times; and lately I haven't thought of much else."

"Eh?"

"Yes. Your income is \$2,000, isn't it?"

"Yes; I want it to go as far as possible toward your happiness."

"Of course. Well, I've talked it over with mamma and she thinks an allowance of \$1 a week will be plenty."

"Indeed?"

"Oh, yes. You can walk to the office, you know, and carry your lunch, you know, and so you can use the whole dollar for cigars and neckties and things."--Judge.

## Running No Risk.

Hardup--I'll never go to that restaurant again. The last time I was there a man got my overcoat and left his in its place.

Welloff--But the proprietor wasn't to blame, was he?

"No, but I might meet the other man."--Tales.

# CATARRH ANNOYING-- DANGEROUS

Catarrh is usually regarded as nothing more serious than a bad cold or slight inflammation of the inner skin and tissues of the head and throat, when it is, in fact, not only a vexatious and troublesome disease, but a complicated and dangerous one. It is true that Catarrh usually begins with a cold in the head, but when the poisons, which are thrown off through the secretions, find their way into the blood, it becomes a constitutional trouble that affects all parts of the body. It has more annoying and disgusting symptoms than any other disease. There is a sickening and offensive discharge from the nostrils, a constant buzzing noise in the ears, headaches and pains in the eyes are frequent, while filthy, tenacious matter drops back into the throat requiring continual hawking and spitting, and in certain stages of the disease the breath has an odor that is very offensive. Catarrh is worse in winter, because the cold weather closes the pores and glands, and the poisons and unhealthy vapors which should pass off that way are thrown back on the tender linings and tissues, causing the inflammation which starts the unhealthy secretions to be absorbed by the blood. When the blood becomes diseased with this catarrhal matter all kinds of complications may be looked for. As the blood circulates through the body the foul matter finds its way into the stomach, ruining the digestion and producing chronic Dyspepsia, or Catarrh of the stomach. It also affects the Kidneys, Bladder and other members of the body, while the general health is weakened, appetite lost and the patient feels despondent and half sick all the time. But worst of all, if the trouble is not checked the lungs become diseased from the constant passage of poisoned blood through them, and Catarrh terminates in Consumption, the most fatal of all diseases. You cannot get rid of Catarrh by treating it with sprays, washes, inhalations, etc., because they only reach the membranes and tissues, while the real cause of the trouble is in the blood. These relieve the annoying symptoms for a time, but the poison is all the while getting a stronger hold on the system and when they are left off will manifest itself in worse form than before. S. S. S. is the greatest of all blood purifiers, and when it has cleansed the blood, this pure, rich stream circulates through the body, carrying healthful properties to the diseased parts. Then the inflamed membranes and tissues begin to heal, the discharges cease, the general condition of the system is strengthened, every one of the annoying and disgusting symptoms pass away, and the patient is left in perfect health. S. S. S. is the best remedy for Catarrh. It goes right into the blood and removes all effete matter and catarrhal poison and cures the disease permanently, and at the same time builds up the entire system by its fine tonic effect. S. S. S. is a purely vegetable remedy--non-injurious to the system and a certain, reliable cure for Catarrh. Catarrh sufferers will find our free consulting department helpful in advising local treatment to be used with S. S. S.

Several years ago my blood was bad and I had in addition a dreadful case of Catarrh. My nose was stopped up, I had headaches, ringing noises in my ears and felt unfit for work. I commenced the use of S. S. S. on the recommendation of a friend, and in a short time it cured me sound and well. It put my blood in good condition and I have never had the slightest return of the Catarrh since that time.

## MODERN WORKER OF MIRACLES.

It is the Mother Who Can Fix Apparently Hopeless Things.

"My mother can always fix things. She's a regular magician," said a boy perplexed by one of the "insoluble" difficulties of a schoolboy's life. The mother could hardly have a better claim to admiration from her son. Indeed, half a woman's business is "fixing things" which at first sight seem beyond repair or contrivance.

The skill of mothers in setting things right is a combination of ingenuity, originality, courage, patience, and that wisdom born of love. "Never call a thing impossible until you have tried it yourself," is the wise mother's motto.

"Tom will have to leave college," said Tom's father to Tom's mother in the middle of Tom's sophomore year. "He can't seem to keep up with his class, and though he makes new resolutions to brace up every week, they all come to naught."

"Tom leave college? Our Tom give up his first battle? Oh, I don't think that will happen," said his mother. So she thought and thought, and when the next week came she was up early, and before 8 o'clock Monday morning was sitting in her son's room at college.

"Now, Tom," she said, "I'm going to see if we can't save the day. I shall simply sit here from 8 o'clock in the morning until 5 o'clock in the afternoon. You will study meantime many things which I do not understand. But I think you will find it easier to study because I am here, and you certainly will not fall to get up in season to receive the mother's call!"

Tom looked a little ashamed, a little dazed and a little pleased; but in two months the talk about his leaving college was a matter of the past, and his degree was secure. So the mother had justified herself as a worker of miracles.--Youth's Companion.

## A Scared Lion.

In the familiar stories of the unarmed man and the lion, it is not the former who trifles with the situation. There is a sort of poetic justice, therefore, in the following incident reported by the New York Press. A group of loungers were discussing the recent escape of a lion at one of the summer parks just outside of Newark, and one expressed his belief that it must have been something of a scare.

"Scare!" echoed a man connected with the park. "I should say it was a scare. The people made such a din I was afraid the poor old fellow would die of fright before we could get him back to his cage."

"We found him hiding behind a tree, and it was ten minutes before we could induce him to face that yelling mob and get back to where he knew he was safe. He is the gentlest old fellow in the world, and never would have wandered out had he not been frightened by the man who fell into the cage from the cyclone whirl above. Of course that upset him, and when he saw the door open he naturally ran out."

"Then the people made such a noise that his one idea was to flee. The more he ran the more they yelled, and when we did get him back it was hours before he stopped trembling."

"It was a shame to scare the poor old fellow like that."

**Still Worse.**

Him--What makes you look so miserable?

Her--Why, do I look miserable?

Him--Yes; you look as if your worst enemy had just been happily married.

Her--Oh, it's ever so much worse than that. She has just been happily divorced.

# PISO'S CURE FOR CONSUMPTION

Just How It Happened.

Mother--What! Fighting again? Such a black eye! If you'd only follow the lead of the minister's little boy--

Tommy--Aw, I did try ter feller his lead, but he led again wid his left an' dat's where he bilked me.--Philadelphia Press.

**Deafness Cannot Be Cured** by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by Druggists, 75c. Hall's Family Pills are the best.

**In Her Line.**

"In this morning's paper," remarked the new boarder, "I noticed an advertisement about 'a good cotton duck.' Now, what's a cotton duck?"

"Give it up," replied Starboard. "If it was an India rubber chicken, Mrs. Starvem might tell us something about it."--Philadelphia Press.

**For bronchial troubles try PISO'S Cure for Consumption.** It is a good cough medicine. At druggists, price 25 cents.

**Easy Enough.**

"Well," pondered the new answer-to-correspondents editor, "I wonder how to answer this. Here's a subscriber who wants to know what's a good thing to take ink stains out of white fannel."

"That's easy," replied the sporting editor. "A pair of scissors."--Philadelphia Press.

**To Break in New Shoes.**

Always shake in Allen's Foot-Ease, a powder. It cures hot, sweating, itching, swollen feet. Cures corns, ingrowing nails and bunions. At all druggists and shoe stores, 25c. Don't accept any substitute. Sample mailed FREE. Address Allen S. Olmsted, Le Roy, N. Y.

**Just Like a Woman.**

It was 2 o'clock in the morning when he staggered up the stairs.

"Here you come at last!" exclaimed his better half. "I've worried myself half to death over your absence."

"Well, if that ain't (hic) just like a woman," he replied. "They only (hic) half do things."

**Perfectly Suitable.**

Clymber (to valet)--Now, John, when the guests are here to-night I shall call you Jean.

Valet--Very well, sir; and what shall I call you?

"Oh, you blockhead--"

"Very well, sir; anything you say."--Famille-Journal.

**Matter of Birth.**

Western Man--I suppose any man can get into New York's "400" if he has enough money.

Eastern Man--If he made it himself he can't; if he inherited it he can.
