

Scrofula

Few are entirely free from it. It may develop so slowly as to cause little if any disturbance during the whole period of childhood. It may then produce dyspepsia, catarrh, and marked tendency to consumption, before manifesting itself in such cutaneous eruption or glandular swelling. It is best to be sure that you are quite free from it, and you can rely on **Hood's Sarsaparilla** to rid you of it radically and permanently. Accept no substitute, but insist on having Hood's. Liquid or tablets, 100 Doses \$1.

A Careful Patient.

A woman whose throat had troubled her for a long time, says a writer in the Philadelphia Public Ledger, grew impatient at the slow progress she was making, and made complaint to her doctor, who said: "Madam, I can never cure you of this throat trouble unless you stop talking, and give your throat a complete rest."

"But, doctor," objected his patient, "I'm very careful what I say. I never use harsh language or anything of that kind."

One Way Out.

"What?" exclaimed the vexed wife. "You forgot to get the tickets for the matinee, after we have asked our friends to go with us? O, you dummy! Now, what excuse can we make to them? It is too late to get seats."

"Well," stammers the husband, "couldn't we tell them we forgot they were going?"

Marriage as an Institution.

The historical facts concerning marriages as an institution are probably only vaguely known to the majority of people, most of whom would doubtless be surprised to learn that the institution, as we know it to-day, is less than 500 years old. Histories of the marriage ceremony show that it was not solemnized in church as a religious rite until the time of Pope Innocent III, A. D. 1198, and was not considered a sacrament until 1443.

Deafness Cannot Be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube re-opened to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by Druggists, 75c. **J. CHENEY & CO., Toledo, O.** Hall's Family Pills are the best.

Sister Liked Him.

"Have you any reason to believe that your sister likes me, Willie?" "Course she does. Just yesterday I heard her say, 'Nobody could help liking the dear old easy mark.'"—Cleveland Plain Dealer.

QUEER STORIES

The town of Lovelocks, in Nevada, ran so short of fuel one day that residents had to pull down some of their buildings and burn the materials. The mercury was 30 degrees below.

The heat developed by the firing of heavy guns is remarkable. During some recent tests a gun that had been fired seventy-five times melted solder placed upon the case, indicating a temperature of 600 degrees F.

The longest bridge in the world is that crossing the Danube, at Czernavoda, with a length of 12,705 feet; followed next by the Galveston bay bridge in Texas, with 11,197 feet. The Birna of Forth bridge, near Queensferry, in Scotland, ranks eighth, and the Brooklyn bridge ninth. The world's three largest bridge spans are those of the Niagara bridge, the Rhine bridge near Bonn, and the Rhine bridge near Dusseldorf.

Making little wire cages for grasshoppers is a regular business in Italy. The insect is regarded as lucky, and if one can be kept alive in the cage for a month it is believed that the year will be prosperous. The superstition arose from this incident. A cardinal of the Medici family invited a bishop to dine with him in his garden. The cardinal handed the bishop a glass of wine. A grasshopper fell from a tree into the wine, and the bishop did not drink it. The wine was afterwards found to have been poisoned.

The woodcock has been known to carry away her young when threatened with danger. She places them on her spread feet, pressing them between the toes and the breast. A naturalist says many woodcocks also carry their young down to marshy grounds in the evening, returning before dawn. In fact, they have no means of feeding their young except by carrying them to their food to them. The nests are usually in dry, heathery woods, and the young birds require plenty of moisture.

There is a law on the statute books of England designed for the protection of the persecuted male sex which no man has ever had the courage to invoke. It was passed during the reign of Queen Elizabeth, when Parliament solemnly enacted that "any woman who, from that date would deceive or entice into matrimony any of the subjects of her majesty, by the use of false hair or any other thing false in connection with her body, or by the use of paints or cosmetics, would be punished as for fraud and deceit, with intent to cause harm."

A remarkable story of life saving by a dog is told at Innsbruck. Two persons were ascending Mount Stivo, which has an altitude of about 6,100 feet. Near the top a dog attracted their attention by his plaintive cries and his obvious efforts to induce them to follow him. The two travelers took the road indicated by the dog. The animal kept in front, and led them to a narrow ravine, at the bottom of which they found Herr Bugoot, professor in the Lycee of Lubek, lying dangerously injured by a fall while searching for mineralogical specimens. Both legs were fractured.

A Frenchman found a way of beating the game at Monte Carlo. He went to a roulette table and threw down upon the red \$1,250 in notes pinned together. Black turned up, but before the croupier could gather in the notes the Frenchman snatched them up and made a rush for the door, exclaiming dramatically as he passed out: "My children's bread? Never, never!" There was a burst of laughter from the astonished spectators, and gruff exclamations from the officials; but they did not follow him, and he was allowed to go free with the money. The plan, unfortunately, would work only once. It has not sufficient continuity to make a "system."

A CHINESE CINDERELLA'S SHOE.

The picture herewith presented is from a photograph of one of the shoes worn by Mrs. Chu Nan, a Chinese woman who recently came into public notice by her heroic escape from Philadelphia's Chinatown, where she had been imprisoned for six years. The shoe is three and seven-eighths inches in length and the upper part is of the finest oriental silk. Although Mrs. Chu Nan's feet made escape from her detested surroundings a difficult undertaking, she accomplished it, using an ax to cut her way to freedom. She reached New York in safety and was sent home to China by some wealthy Chinese women of that city.

No Business. The friend of a young physician started for a little western town and promised to telegraph if the settlement appeared to be a good opening in the medical line. Some weeks later the physician received the following message: "Come at once. All's well." To which the physician responded: "What's the use of coming if all's well? I had better locate where they're all sick."

Atlas Engines
Many prospective purchasers of engines and boilers are under the impression that because the Atlas Thrifting Engine is of such high grade, and because it is fitted with a balance valve and a main bearing, such as only Collins engines of other makes contain, it is necessarily of such price that it is out of their reach. This is not true. An Atlas engine is no higher in price than any other engine, except perhaps one that is made entirely in a foundry.
For your information, therefore, we give for the present an approximate price upon a 12-hp. Thrifting Atlas Engine, range 43 to 60 Horse Power of \$350.00
This includes engine complete with hand wheel, governor, throttle valve, and all regular trimmings and represents the price delivered f. o. b. cars factory, or, if in stock at our Agencies at any of the following points:

RHEUMATISM CAN NOT BE RUBBED AWAY

When the joints are sore and swollen, and the muscles throbbing with the pain of Rheumatism, relief must be had at once, and it is natural to rub the affected parts with liniments, oils, etc. This treatment does good in a way, by temporarily relieving the pain and reducing the inflammation, but has no effect on the disease itself, because Rheumatism is more than skin deep; it is in the blood and cannot be rubbed away. Rheumatism is brought on by indigestion, weak kidneys, poor bowel action, stomach troubles and a general sluggish condition of the system. The refuse and waste matters, which should be carried off through the natural avenues of bodily waste, are left to sour and form uric acid and other irritating poisons which are absorbed by the blood, making it thin, weak and acrid. Then instead of nourishing the different nerves, muscles, joints and tissues it fills them with poison to produce the aches, pains and other disagreeable symptoms of the disease. Rheumatism is usually worse in Winter for the reason that cold and dampness are exciting causes. The nerves become excited and sting with pain, the muscles are sore and drawn, the joints swollen and stiff and the sufferer lives in intense agony; and if the disease is not checked it often leaves its victims helpless cripples for life. Rheumatism cannot be rubbed away but it can be driven from the blood by S. S. S. Being a perfect blood purifier this great remedy soon produces a complete change in the entire circulation; the thin, acrid blood through the body nourishes and soothes the irritated nerves, eases the throbbing muscles, and dissolves and carries out of the system the irritating particles in the joints which are keeping up the pain and inflammation. S. S. S. cures Rheumatism permanently, and in addition tones up the digestion and stimulates the different members of the body to their full duty so there is no cause for another attack. Do not waste time trying to rub Rheumatism away, but get it out of the blood with S. S. S. so that the cold and dampness of Winter will not keep you in continual pain and agony. Special book on Rheumatism and any medical advice will be given free.

THE WINNING STROKE
If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all-important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without gripping, irritating, or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases.
It is because of the fact that **SYRUP OF FIGS** is a remedy of known quality and excellence, and approved by physicians that has led to its use by so many millions of well informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists and that full name of the company—California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.
