Hermann's council at and find ready credence among the length attacked the indictment on the masses." ground that it did not specifically alleg . the destruction of any known records and that it did not furnish any descrip tion of the books alleged to have been destroyed and alluded to in the judictment as "public records."

The Government briefly contented that the indictment sufficiently charged a violation of section 5,408 of the Revised Statutes and furnished as full a description of the books as the grand tention just now, are Texas and Wyom-

jury could give. Judge Gould, in overruling the demurrer, said that the indictment appeared to sufficiently establish the character of the records destroyed. namely, that they were "public records," hat he believed that the indictments might more specifically describe the books and their contents, so that Hermann might know exactly on what his prosecution will rest. However, the court held that the first consideration outweighed the second and he overruled a fully organized state government, the demurre.

Baker Wants no Office.

Washington, March 16 .- A report reached Washington today from Portland to the eff of that Chairman Frank Baker is here to procue his appointment as collector of customs to succeed Isaac L. Patterson, whose term expires early in the Summer. When asked about it, Mr. Baker flutly stated that he was not a candidate for this office and had no expectation of being appointed When Senator Fulton was asked regard ing the rumor, he made this statement:

"Mr. Baker is not a candidate for the Portland collectorship or any office, to my knowledge. The services he has are leased, and as the major portion of rendered the Republican party as chair- the grant to the state there was in the man of the State Central Committee 16th and 36th sections of each township, are, as he knows, highly appreciated by there is less opportunity for a large me and hence it would seem likely that, if he were such candidate, he wou'd not hesitate to so advise me. His standing been selected, is in large tracts than with those who are high in the cauncils single sections, and this is often let in of the party and the administration is one large range. But despite the diffisuch that, if he were a candidate, he culty for extensive leases, stockmen of would doubless have strong support, Wyoming profess loyally to the leasing but he assures me he is not, Indeed, I principle as illustrated there. Where once heard him say to the President leases are granted, the stockmen assert that he was not and would not be an that there is far b tter control of the applicant for appointment to any range, absence of overstocking, no

position." Mr. Baker left for Portland tonight, erty owner which approaches close to He found it impossible to go to New private ownership of the land. Texes and Wyoming Giving Lessous in New Plan.

Washington, D. C. March 14-1wo examples of range lessing in this country, which are being given unusual ating. They are brought under the timetight by general developments regardng lease of wes'ern range lan's yet owned by the Government. Represent ing two distinct regions, where stock in terests vary in proportion to the agriculural, they have especial interest, and will be studied more exhaustively in the rext year or two.

Texas is peculiar among all later ac qui-itions of territory by this government, in that it entered the Union with which was recognized and treated with Texas owned her own public domain. Grants were made for educational and other purposes, mainly the former. All of the land available in the state for leasing now belongs to the public schoo's and higher educational institutions. But in the bandling of this range leasing has been practiced for several years with a measure of success that commands the praise of stock interests. Leases are for low figures, the lands bringing from five to eight cents an acre annually. As some of the school grants were in large blocks, range leasers may acquire considerable

areas for stock raising. In Wyoming the school lands only b'ock of grazing land under one lease. A portion of the school land having range wars and a security to the prop-

There has been other experiments in range leasing on a more limited scale, evidence by the range leasing champions. Cattle interests are being contermination in congress.

Pacific Monthly for March.

The March issue of The Pacific Monthly represents un unusual diversity of interest.

Wallis Nash has written a story which tions are not nearly so alarming a one place in Wal a Walla, Washington last

> Two other stories of interest are, "The cia," told for the first time in magazine

In this issue there are the usual number of good startes, most striking of China d es not exceed that entertained these being that written by Marshall the authors. This story, 'The Triumon of Mr. Montague," is full of the spirt of the highly self esteemed actor mappreciated by the general public.

> Rose Evtinge, the well known actress broad career. In "The Whirligig of Time" she relates the story of a mun now high in the councils of Russia, whom she found trimming lamps in a Montana Opera House, and this man's gradual return to his own sphere.

> Lute Pease is again represented in an Alaska story, "In the Dread of the Freeze up " and there are several other good stories by Willard Huntington Wriget, Edwin L. Sabin and Amada

The cover design of the March number is the First Mission in San Diego in colors which remind one of the beauty of Southern Ca ifornia outdoor tints.

About 20,000 people live in the crater of an extinct vocano, 30 miles from Kumamota, Japan. They dwell in this pit-like t wn, surrounded by a veritable wa'l 800 feet high. The inhabitants rarely make a journey into the outer world, and practical y they form little community all by themselves.

A strike has been reported from the Nome district by advices to Captain E W. Johnson, on whose property the and was made, of a pay streak that runs from \$400 to \$600 to the pan and is stated to be one of the richest of the entire territory. The claim is known as No. 8 on Cooper gulch and is contiguous to the Portland bench property.
