There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to 100. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Heppner will celebrate the 4th of July as it has never been celebrated before in the history of our town, which celebration will draw an immense crowd to our city. Our streets, alleys and vacant lots are in a very poor condition to entertain any one. The streets are full of rocks, alleys strewed with tin cans and all sorts of rubbish and the vacant lots are in most deplorable condition, being covered with thistle, foxtail and every sort of foul weed. These lots should be cleaned and cleared of these undesirable things, as they will be used by the public for loading places.

IN JUDGE ELLIS' HONOR. Resolutions Passed at Meeting of Heppner Attorneys.

At a meeting of the attorneys of the Heppner bar, held on the 27th day of June, 1906, the following resolutions were adopted:

Whereas, the term of Honorable W. R. Ellis as Judge of the Sixth Judicial District of the State of Oregon is drawing to a close, and,

Whereas, the attorneys of the City of Heppner as a body desire at this time to give expression to the high regard in which they hold the retiring Judge,

Land-Fraud Trials July 9.

Monday, July 9, has been definitely decided upon by the Federal authorities as the date upon which the land-fraud trials will begin. Announcement of this fact was made last night by Judge Wolverton, who will exchange benches at the time specified with Judge Hunt of Montana, and the latter will preside during the pendency of the land-fraud cases.

It has not been decided officially as to which case shall have precedence, and until Congress adjourns there is no way of compelling Binger Hermann to go to trial, as it is understood that he intends to stand upon his prerogative in that respect and decline to face criminal proceedings while still a member of Congress. After adjournment of the body his term will have expired, and nothing will then stand in the way of bringing the ex-Commissioner of the General Land Office into court in response to one of the numerous indictments pending against him.

Judge Wolverton has also been advised by Judge Gilbert that Francis J. Heney, special Government prosecutor, would probably arrive in Portland next Sunday.

The editorial page of the Weekly Oregonian gives a broad treatment to a wide range of subjects.
