How a Kansan Cures Alfalfa.

An interesting method of curing alfalfa hay is that used by Hon. J. W. Berry of Jewett, Kan. According to Prof. Ten Eyck of the Kansas agricultural college, Mr. Berry's plan is to cut alfalfa as soon as the dew is off in the morning, rake it green and haul it in the same day that it is cut, the only precaution being that there be no moisture on the hay other than that contained in the green stems and leaves. He stores the hay in large corners, the bottoms of which are elevated several feet above the ground with more or less open spaces, and the sides of the cribs are also open. The cribs are large enough to store a single cutting of alfalfa from eleven acres of ground and only cover the bottom of the cribs to a depth of 4 or 5 feet. The hay is spread over the whole crib bottom in an even layer and not tramped, but left light and loose as it is thrown in. The second cutting of alfalfa is placed above the first, and the third above the second, until the crib is full to the top. For three seasons now Mr. Berry has put up the hay from this field in the manner described above and each winter he has baled the hay and sold it at an average of \$2 per ton above the market price of good alfalfa hay. The hay stored and cured in this way has been greener in color and of better quality than alfalfa put up by the usual methods.

Experiment stations have not given as much information on hay curing as they should. There are several methods of haymaking and each is adapted to certain conditions. Alfalfa hay has been put too green in Texas, and the reputation of it has suffered accordingly. Here is an excellent field for investigation by our experiment stations.

CONTEST NOTICE. Department of the Interior, U. S. Land Office, The Dalles, Oregon. June 7th, 1906. A sufficient contest affidavit having been filed in this office by John K. Olden, contestant, against homestead entry No. 12621, made June 2, 1905, for NE 1/4 Section 9, Township 5 S., Range 2 E., W. M., by Harvey G. Rogers, Contestee, in which it is alleged that said Harvey G. Rogers has totally abandoned said claim and left the state of Oregon; that said abandonment has existed for more than one year last past; that he has failed to improve and cultivate the same as required by law; that said alleged absence was not due to his employment in the army, navy or marine corps of the United States in time of war, said parties are hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock a. m., on July 21, 1906 before J. P. Williams, U. S. Commissioner at his office in Heppner, Oregon, and that final hearing will be at 10 o'clock a. m., on July 26, 1906 before the Register and Receiver at the United States Land Office in The Dalles, Oregon. The said contestant having, in a proper affidavit, filed June 4, 1906, set forth facts which show that after due diligence personal service of this notice can not be made, it is hereby ordered and directed that such notice be given by due and proper publication.

President Seeks Vacation.

Washington, June 29.—President Roosevelt is preparing to go to Oyster Bay this evening if congress adjourns. He has let it be understood that he desires a quiet summer at his Oyster Bay home. He has experienced the most strenuous winter since he became president and is in need of rest and recreation. The president has a faculty of disposing with great facility of an immense amount of work, but he is not made of whalebone or steel springs. The tremendous amount of business he has had to do during the past winter and spring has worn on him greatly.

Those who have come into contact with him during the past two or three weeks have noted with something akin to apprehension that the president manifests a degree of nervousness, which is new to him. His mentality is not less strained by the strain which he is undergoing, but he is a trifle abrupt than is his wont. Intimate friends have noted a change in the president and have urged him to get a genuine rest this summer. The president has agreed and will endeavor to secure a systematic rest while he remains at Oyster Bay. Last summer the peace conference between the representatives of Russia and Japan occupied a great deal of the president's attention during July and August. In fact matters connected with the commission extended into September. The strain at that time was not generally appreciated. The story of his participation in the affairs of the peace conference was never adequately presented to the public, and it may be very many years before it is. It is sufficient now to state that he had scarcely a week's relaxation from the strain during the whole of last summer.

KIDNEY DISEASES CAUSE ONE-THIRD OF THE TOTAL DEATHS. When the Kidneys fail to perform their functions properly by not straining out the poisonous waste matter from the blood as it passes through them, the poisons are carried by the circulation to every part of the body, deranging the different organs. This causes heart trouble, stomach trouble, sluggish liver and a host of other ills, all due to deranged Kidneys. FOLEY'S KIDNEY CURE corrects irregularities and cures Kidney and Bladder diseases in every form, tones up the whole system, and the diseases that have resulted from disordered Kidneys disappear, because the cause has been removed. Commence taking FOLEY'S KIDNEY CURE at the first sign of danger. Do not risk having Bright's Disease or Diabetes. CURED OF BRIGHT'S DISEASE. Mr. Robert G. Burke, Elmore, Saratoga Co., N. Y., writes:—I am glad to have an opportunity of telling what magnificent results I have had from using FOLEY'S KIDNEY CURE after having tried other advertised medicines and several physicians. Before I began it I had to get up from 12 to 20 times each night to relieve my bladder. I was all bloated up and my eyesight was so impaired that I could scarcely see one of my family across the room. In fact, I was so badly used up that I had given up hope of living when I was urged by a friend to try FOLEY'S KIDNEY CURE. One 50-cent bottle worked wonders, and before I had taken the third bottle the superfluous fluid had gone, as well as all other symptoms of Kidney trouble. My friends were surprised that I was cured, as they all thought I was going to die. Every few days some one comes from miles away to learn the name of the wonderful medicine that cured me of Bright's Disease, and not one that has tried it has failed to be benefited. Two Sizes, 50 Cents and \$1.00. SOLD AND RECOMMENDED BY SLOCUM DRUG COMPANY, HEPPNER, OREGON
