Livestock Record Broken.
Livestock receipts at Kansas City during the month of June were approximately 136,000 cattle, 19,250 calves, 285,000 hogs, 100,000 sheep, 3650 horses and 9900 cars. Cattle and calf receipts were the largest on record for the month of June. The previous best record was made last year when 128,272 cattle and 14,249 calves arrived. This makes the sixth consecutive month that cattle and calf receipts were greater than in any previous corresponding month since the yards were established. The receipts of hogs at the public yards combined with over 60,000 received at the Fowler private yards, exceeds the 336,608 received at the public yards in June, 1898. At that time Fowler's had not established private yards. 1000 of the previous best record made in 1897. The highest prices on record for the current month were paid for sheep and lambs. No 12-480 acres, 5 miles from Heppner, 460 acres in wheat, 285 acres in summer fallow, good house and barn, plenty of water except in harvest, 12 acres in potatoes. Price \$20 per acre, \$2,500 cash, balance to suit at 8 per cent. interest.
