STATE WILL PROFIT.

Purchasers of Oregon Wagon Road Lands Men of Action.

Salem, Ore., Aug. 17.—That the sale of the Oregon Central Wagon Road lands to Minnesota and North Dakota investors means much to the settlement of Southeastern Oregon is the belief of W. F. Dunlap, of the State Printing Office, who was formerly a newspaperman in North Dokota. He bases his opinion on his knowledge of the work these men have done in North Dakota in the way of colonizing large tracts of land purchased from the Northern Pacific Railroad in that state.

"Richard Sykes is a colonizer," said Mr. Dunlap today. "He came from Manchester, England, and understands how to reach the class of people most desirable as settlers in a new country. E. A. Johnson & Co. are steamship agents, real estate men and immigration agents, and have been largely instrumental in bringing colonies of Scandinavians into North Dakota.

"W. B. S. Trimble is well known in North Dakota as a dealer in lands in undeveloped sections of the state. Of the other men mentioned as connected with the purchase, of the Oregon Central Wagon Road lands I have no knowledge, but the fact that they are associated with the three men named assures me that they are also in the colonization work, and I have no hesitancy in expressing the opinion that Oregon has not in many years acquired the assistance of more valuable investors than these who have bought the half-million acres of land referred to.

"Of course, I do not know their plans, but if they operate as they did in North Dakota, they will bring about a wonderful change in the region in which they have invested. In North Dakota they bought cheap lands and then went through the Eastern States and Canada and to Norway, Sweden and Germany and found industrious, frugal families, such as make a success of home-building in a new country.

"They brought these people to North Dakota, sold them land on easy terms, helped them get a start and in a few years the unsettled lands were peopled by prosperous, contented, patriotic citizens.

"These men are not land sharks, grasping money-lenders or ordinary speculators. Of course they are buying the land with the expectation of selling it for more money, but when they sell it they will bring homeseekers to Oregon. They are not the kind of men who sell a man a farm on partial payments and foreclose on him whenever they can make a few dollars by doing so. They help the settlers get started and give them every chance to pay for the land from the crops produced upon it.

"Unless I miss my guess, you will see Southeastern Oregon get some effective advertising as a result of this purchase. These men know how to advertise a new country in order to attract those people who make desirable settlers and they are in a position to reach the people most likely to be interested in such a region as that in which the Oregon central lands are located.

"They spent much money advertising several counties in North Dakota and Northern Minnesota and make every dollar of it effective. It was a fortunate day for Oregon when they decided to undertake a colonisation enterprise in this state, for they have the experience, the money and the energy to make it win."

How Nature Provides.

Our Beauty, Health and Happiness.

Is it not possible, and altogether probable that elements necessary for the body-health are contained in the medicinal roots found in the earth, digested in the plant laboratory of Nature and made ready for man or animal?

There is a growing belief among scientists that the vegetable kingdom furnishes us with the necessary elements for blood making and to keep that delicate balance of health that the human animal is so apt to disturb by wrong methods of living. Thus we know that we should get the phosphates from the wheat in our bread—or some cereal foods, and iron from certain vegetables, such as spinach and greens.

If there is ill-health then our best method for recovering our standard balance of health is to go to Nature's Laboratory—the plant life which will furnish the remedy.

Buried deep in our forests is the plant known as Golden Seal (Hydrastis) the root of which Edwin M. Hale, M. D., Professor of Materia Medica at Hahnemann Medical College, Chicago, states "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states." Dr. Hale continues: "Prof. John M. Scudder says, 'It stimulates the digestive processes, and increases the assimilation of food. By these means the blood is enriched, and this blood feeds the muscular system.' 'I mention the muscular system because I believe it first feels the increased power imparted by the stimulation of increased nutrition. The consequent improvement on the nervous and glandular systems are natural results.'"

Stillingia or Queen's root is another root which has long been in repute as an alterative (blood purifier) and Prof. John King, M. D., says of it: "An alterative unsurpassed by few if any other of the known alteratives; most successful in skin and scrofulous affections. Beneficial in bronchial affections—permanently cures bronchitis—relieves irritation—an important cough remedy—coughs of years' standing being cured. Aids in blood-making and nutrition, and may be taken without harm for long periods."

Nearly forty years ago, Dr. R. V. Pierce of Buffalo, N. Y., combined an extract of the two above roots, together with that of Stone root, Black Cherry bark, Bloodroot, Mandrake and Glycerine—into a prescription which he put up in a ready-to-use form, and called Dr. Pierce's Golden Medical Discovery. It was most successful in correcting and curing such ailments as were due to stomach and liver derangements, followed by impure blood.

In cases of weak stomach, indigestion, dyspepsia, ulceration of stomach or bowels, torpid liver, or biliousness, the "Golden Medical Discovery" has never been excelled as a tonic and invigorator which puts the affected organs "in tune" and enables them to perform their proper functions.

This alterative and tonic is indicated when you have symptoms of headache, backache, in fact "ache all over." When your appetite is gone, tongue furred, bad taste in mouth, foul breath, when you feel weak, tired, blue and discouraged, then is the time to take this natural restorative of Dr. Pierce. "Golden Medical Discovery" is not a secret, or patent medicine, because all its ingredients are printed on the bottle wrapper. It contains no alcohol, or other harmful, habit-forming agents—chemically pure, triple-refined glycerine being used as a solvent and preservative.

A good medical book, written in plain English, and free from technical terms is a valuable work for frequent consultation. Such a work is Dr. Pierce's Common Sense Medical Adviser. It's a book of 1008 pages, profusely illustrated. It is given away now, although formerly sold in cloth binding for $1.50. Send 21 cents, in one-cent stamps, to pay for cost of mailing only for paper-covered copy, addressing Dr. R. V. Pierce, Buffalo, N. Y.; or 31 cents for an elegantly cloth-bound copy.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. One a laxative, two or three cathartic. Easy to take as candy.

WAS GIVEN UP TO DIE.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured."

CONTEST NOTICE.

Department of the Interior,
U. S. Land Office, The Dalles, Oregon.
July 14, 1906

A sufficient contest affidavit having been filed in this office by Mary A. Furlong, contestant, against homestead entry No. 9488, made June 21, 1901, for SE¼NE¼, Lot 1, Sec. 6, Lots 3, 4, Section 5, Township 5 S., Range 26, E. W. M., by Jefferson Blivins, Contestee, in which it is alleged that said Jefferson Blivins has never resided on said land and has not resided or made his home on said land for the last past six months and has never made any improvements on said land except to build a small cabin on said land; that said alleged absence was not due to his employment in the army, navy or marine corps of the United States in time of war, said parties are hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock a. m. on September 12, 1906, before J. P. Williams, U. S. Commissioner at his office in Heppner, Oregon, and that final hearing will be held at 10 o'clock a. m. on September 19, 1906, before the Register and Receiver at the United States Land Office in The Dalles, Oregon.

The said contestant, having in a proper affidavit filed July 10, 1906, set forth facts which show that after due diligence personal service of this notice can not be made, it is hereby ordered and directed that such notice be given due and proper publication.
