The people who live along the route of the Long Creek Heppner stage line are making an active fight to secure a change in the service between Hardman and Monument. The movement for daily service from Hardman to Heppner was instituted by the people of Heppner. R. F. Hynd, manager of the Morrow Warehouse Milling Co., being the promoter of the petition. Knowing the sentiment of the Ranger in the matter and being familiar with the fact that this paper has been agitating the subject in nearly every issue, Mr. Hynd has sent the petition to the Ranger with the request that it be circulated and we have pushed it right along, sending copies to Hamilton and Monument.—Long Creek Ranger.

Ed. Turk, who has been wanted on a charge of horse stealing, has at last been captured. He was taken at LaGrande Monday by the sheriff of Union county and is now in the custody of the Grant county officials. The pursuit and capture of Turk has been one of the most interesting events of the sheriff's office in several years. Sheriff Ambrose has been in quest of him for several weeks and after learning his whereabouts made a raid and succeeded in capturing the prisoner but by a force of unseen circumstances Turk got away near Sasaville a week ago. He has been bold in his actions and reckless in his evasion of the sheriff, spending a week in the neighborhood of Long Creek with his wife and making little secret of his whereabouts. It is more than likely that every precaution will be taken to keep Turk in the hands of the law until the decision of the trial is reached.—Long Creek Ranger.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lags in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with overwork. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the deflection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, dependent, frequent headaches, pain or distress in "small of back," growing or distressing feeling in stomach, perhaps nausea, bitter or sour "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
