

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

*Chas. H. Fletcher*

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

### POINTED PARAGRAPHS.

Jenouly is like emity. The less said about it the better.

The club all through life seems to be in the wrong hands.

The meanest father that ever lived isn't half as mean as the meanest husband.

Occasionally love affairs drag on so that Cupid disappears and Father Time takes his place.

When there are sickness and trouble and mother is sent for that is one occasion when no one notices she wears old-fashioned clothes.

Don't keep your eyes on the man you have just heard something bad about. It is more important that you keep them on your mouth.

If a man is saying anything he shouldn't and his wife gives him a little punch under the table he takes it for an encore and says it again.—Arlinson Globe.

### Early Glassmaking.

The first attempt at glassmaking in this country was some years before the Revolution and was made at Quincy, Mass., by a company of Germans. Some specimens of their articles still exist. The place in Quincy where their manufactory was established acquired from them the name of Germantown, which name it retains to the present time. The site of their manufactory is now occupied by the institution called the Sailors' Snug Harbor. About 1785 Robert Heves, a well known citizen of Boston, made probably the first effort to establish a window glass manufactory on this continent. Mr. Heves carried his works to the fuel and erected his factory in the forest of New Hampshire.

### Safety in Elevators.

Many persons have an objection to riding in elevators, or, more properly speaking, this objection should be classed as a feeling of dread or fear. But according to the superintendent of a big office building in Philadelphia the safest place for a person to be in an elevator—that is, statistically speaking. In the set of elevators for which statistics have been kept by the superintendent there has been an average transportation of 2,400,000 persons each year for seven years, an aggregate of 16,800,000, and of this number but one person has been injured, and that injury did not result fatally.—Rochester Post-Express.

### A Famous Widow.

One of the most famous widows of antiquity was Agrippina, the widow of Germanicus. During the lifetime of her husband she attended him in all his campaigns and shared his dangers. Suspecting that her husband had been poisoned, she had his presumed murderer assassinated and was herself soon after treated with such indignity by Tiberius that she was driven to despair and starved herself to death.

### Tradition Defied.

The bull had just entered the china store. "Here," he remarked, "is where I knock tradition endwise." Carefully backing from the place without so much as jarring a saucer, he inquired the route to the stockyards and went his way.—Philadelphia Ledger.

### Breaking the Record.

Small Brother (enthusiastically)—Oh, grandma, Harry broke the record at the college contest! Grandma—Well, I declare, that boy is always breaking something! What will it cost to fix it, or will he have to get a new one?

Everybody wants to know what The Oregonian has to say.

### Disgraces Gould Name.

San Francisco, Sept. 28.—Mrs. Howard Gould has acquired a Chinaman for a brother-in-law and Miss Clemens, her sister, has changed her name to Mrs. Sun Yue.

Though socially removed from each other, two women are sisters nevertheless. The name was never spelled the same by them, Catharina Clemens being an actress, while her elder sister, Miss Clemens, occupied the humble position of a missionary among a heathen race. Close to the shriveled heart of that famous, fascinating, unsavory, spectacularly barbaric section, now merely a memory, Ella Clemens three months ago resumed her missionary labors. Ella Clemens was married according to the law of the land years ago, but was given her legal freedom later by Judge Melvin and permission to resume her maiden name.

She has ignored the exacting rules of society in selecting a second mate. She acknowledges Sun Yue as her husband, and has taken his name. She wears a heavy jade band which he placed on the third finger of her left hand. She says: "It is my wedding ring."

Around her left wrist is a thick bracelet of the same precious greenish-hued stone. "My wedding bracelet," she explains, looking at it fondly and fingering it as might any bride. "I am happy, very happy," she said yesterday. Her blue eyes did not belie her words. They sparkled. A flush mounted to cheek and brow.

In answer to a question about her husband, she replied that he was cleaning bricks in the ruins. Mrs. Sun Yue does not speak the language of her husband yet, but is proud of him and unstintingly praises his kindness.

Five years ago Mrs. Howard Gould offered to give her sister Ella a handsome allowance if she would leave Chinatown and live in Palo Alto with their mother, Mrs. Dayan, in her beautiful home. The offer was refused.

Sicily produces about 500,000 tons of sulphur a year, which is about 80 per cent of the entire production of the world.

The railroad between Payette and New Plymouth is completed and was formally opened on September 25.

Sixty ministers and laymen of the Baptist church attended the state convention at Caldwell, Idaho. That church has a college at Caldwell.

The rooms in the Morrow building are for rent. These rooms are large and newly papered and elegantly furnished. 75c a night or \$15 per month, under new management. Call at Morrow bldg., or L. E. Cohn's millinery store.

A recognized authority—The Weekly Oregonian.

### NOTICE FOR PUBLICATION.

Department of the Interior, Land Office at La Grande, Oregon, Aug. 13, 1906. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before J. P. Williams, U. S. Commissioner, at his office in Heppner, Ore., on Sept. 21, 1906, viz: H. E. No. 1436, Rowell H. Jones of Heppner, Oregon, for the W<sup>1/2</sup>SW<sup>1/4</sup>, SW<sup>1/4</sup>SW<sup>1/4</sup> Sec. 6, T. 1 N., R. 27 E. W. M. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: George Love, Ralph Love both of Echo, Oregon, Lee Dutton of Galloway, Oregon, and Hays Stockard of Lexington, Oregon. E. W. DAVIS, Register. Aug 16-Sept 3.

### ALCOHOL IN SICKNESS

At one of the London public hospitals a special point is made of giving alcohol to the patients as rarely and sparingly as possible; and each time that one of the physicians does so he submits a special entry of the reason that actuated him. In the thirty-two years of the existence of the hospital alcohol has only been given seventy-one times. The cases received are exactly like those received by all the other hospitals. For 1904 they numbered 1337 in-patients only. The death-rate among these was 7.3 per cent. For the same year the average death-rate among the other London public hospitals was 9.1 per cent. Therefore the use of alcohol in sickness is not to be regarded as a necessity. Although most physicians prescribe alcohol in solution with drugs for their patients—there was one physician of national reputation who did not believe in using alcohol. Many years ago when Dr. R. V. Pierce decided to put up his valuable "Prescription" for the diseases of women in a "ready to use" form—he used as a solvent and preservative chemically pure glycerine of proper strength, which is a better solvent and preservative of the active medicinal principles residing in most of our indigenous or native plants than is alcohol. Dr. Pierce found that the glycerine, besides being entirely harmless, possesses intrinsic medicinal properties, of great value.

No woman who is suffering from inflammation, from the pains and drains incident to womanhood can afford to be without Dr. Pierce's Favorite Prescription. An honest medicine which has the largest number of cures to its credit and a deserved popularity for two score years all over the United States. Dr. Pierce tells you just what is contained in his "Favorite Prescription."

### ITS INGREDIENTS ARE:

Golden Seal root (Hydrastis Canadensis), Lady's Slipper root (Cypripedium Pubescens), Black Cohosh root (Cimicifuga Racemosa), Unicorn root (Helenias Dioica), Blue Cohosh root (Caulophyllum Thalictrifolium), Chemically Pure Glycerine.

Among the prominent medical men of the country who recommend the above ingredients as superior remedies for nervous conditions depending upon disorders of the womanly system and for the cure of those catarrhal conditions in the affected parts are: Edwin M. Hale, M. D., Professor of Materia Medica, at Hahnemann Medical College, Chicago; Prof. John King, M. D., Editor of the American Dispensary, Woman and her Diseases; Prof. John M. Scudder, Doctors Hale, Ives, Wood, Bartholow and others. Address a postal card to Dr. Pierce for a complete treatise on the subject—sent to you without cost.

### DR. PIERCE'S PLEASANT PELLETS

cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belchings, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

Persons who are subject to any of these troubles should never be without a vial of the "Pleasant Pellets" at hand. In proof of their superior excellence it can truthfully be said that they are always adopted as a household remedy after the first trial.

One little "Pellet" is a laxative, two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels. As a "dinner pill," to promote digestion, take one each day. To relieve the distress arising from over-eating, nothing equals one of these little "Pellets." They're tiny, sugar-coated, anti-bilious granules, scarcely larger than mustard seeds.

### HEALTH AND HAPPINESS.

How to live in health and happiness is the general theme of Dr. Pierce's Common Sense Medical Adviser. This great work on medicine and hygiene, containing over 1000 pages and more than 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers.

If you have lost your boyhood spirits, courage and confidence of youth, we offer you new life, fresh courage and freedom from ill health in Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. W. P. McMillen, Lexington, Oregon.

### Chinese Doctor.

Mr. J. Mon Foo, an experienced compounder of Chinese medicines, successor to the late Hon Wu Tong, of Albany, Oregon, is now prepared to furnish Chinese medicine to all. The undersigned recommends him and guarantees satisfaction.

Call or write him at No. 117 West Second Street, Albany, Oregon.

JIM WESTFALL.

### ALL WILL BURN OIL.

Engines of S. P. and O. R. & N. Being Fitted for New Fuel.

So successful has been the use of crude petroleum for fuel on the Southern Pacific and O. R. & N. lines in Oregon that the managers of the allied lines will hasten the changing of the other locomotives which are now coal and wood-burners into oil-burners. Engines already burning oil are in the passenger service. Orders have been issued that freight engines be changed as rapidly as possible.

The new fuel has been undergoing a trial on the Harriman lines in this state for the past five months. Some predicted at first that the oil would not prove satisfactory, as it would cause so hot a fire that the tubes in the boilers would suffer. This has not proved true, and with the wider use of this class of fuel has come a better knowledge of how to handle it to the best advantage. The managers of the railroads are thoroughly satisfied with oil fuel, and would not go back to the old days of wood and coal-burning. The change has resulted in economy of operation, as well as in a more even supply of steam and less trouble in handling.

Directly after the San Francisco earthquake it was thought that the O. R. & N. and Southern Pacific would have to make a double-quick change back to wood and coal-burning engines, a great difficulty was experienced in getting oil. The Associated Oil Company, from which the Harriman oil supply was coming, suffered the breaking of its pipe lines, and the consequent failure to deliver oil. Had it not been that the Standard Oil Company came to the rescue of the railroads, it would have been almost impossible to move trains.

"We have now received assurances that the supply of fuel oil will be forthcoming for railroad use," said Superintendent Buckley, of the Harriman lines. "This justifies us in going ahead and changing all our engines as rapidly as they can be handled in the shops. Our passenger locomotives are already equipped with tanks and oil burning furnaces, and a start will now be made on the freight engines. After a time all our freight motive power will be burning oil. About three engines will be changed each week in the shops until all are thus equipped."—Oregonian.

The news of both hemispheres—in The Weekly Oregonian.

## FOLEY'S KIDNEY CURE

Cures Kidney and Bladder Diseases in Every Form—Many People Have Kidney Trouble and Do Not Know It.

### HOW TO FIND OUT.

It is the function of the kidneys to filter and purify the blood which is constantly passing through them.

When the kidneys are out of order the other organs are affected immediately and you may have symptoms of heart trouble, stomach and liver trouble, and other ailments, which are all owing to the kidneys being weak and out of order.

If you are sick **Foley's Kidney Cure** will strengthen and build up the worn out tissues of the kidneys so they will act properly and the symptoms of weakness, heart, stomach and liver trouble will disappear and you will be restored to perfect health.

### How to Tell if You Have Kidney Trouble.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased and **Foley's Kidney Cure** should be taken at once. **Foley's Kidney Cure** is pleasant to take and acts directly upon the parts affected and you begin to feel better at once.

It corrects slight disorders in a few days and it has cured many obstinate cases after other treatment had failed.

### Doctors Said He Would Not Live.

Peter Frey, of Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. **Foley's Kidney Cure** was recommended to me by a friend, and I immediately sent my son to the store for it and after taking three bottles I began to get better and continued to improve until I was entirely well."

Two Sizes, 50c and \$1.00.

SOLD AND RECOMMENDED BY SLOCUM DRUG COMPANY

Miss Dot Miller left this morning for Portland, where she goes to attend school.

Announcements are out announcing the marriage of Letitia Estelle Killia to Dr. Frank B. Kistner, at Portland, Oregon, on September 26, 1906.

The apple growers of Payette valley have organized a union. The officers and directors are: J. A. Bowers, president; C. H. Sargent, vice-president; B. F. Tussing, treasurer; C. C. Effo, secretary. A packing house 40x80 feet is under way, and will soon be completed. Such progress has been made of late by the Southern Pacific in its efforts to stop the flow of the Colorado river into the Salton Sink that it is thought it will be completely diverted to its old channel by October 10. The company has 1000 men at work night and day narrowing from both sides, the channel through which the river flows into Imperial valley.

STATE OF OHIO, CITY OF TOLEDO, ss.

NOTARY PUBLIC.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O.  
Sold by all Druggists, 25c.  
Take Hall's Family Pills for constipation.

### A GOOD INVESTMENT.

Valuable Farm and Outfit Offered for Sale.

Ten hundred and forty acres of deeded land in the famous Butter creek district. Plenty of running water the year round. Four hundred acres of good wheat land. Eighty acres of alfalfa under irrigation. Thirty acres more of fine alfalfa land practically under irrigation. All under fence. \$3,000 residence. Good barn and sheepshed, camphouse and other sheds. One of the finest orchards in Morrow county, on the famous Butter creek. This orchard last year netted the owner \$500, and the people who bought the fruit picked all of it. The fruits are principally apples and peaches.

The place is completely equipped with everything necessary for farming and stockraising which will go with the ranch at the purchase price as follows: Twenty-three hundred head of first class stock sheep, 32 head of fine Merino and Lincoln bucks, two spans of good mules, one span of fine mares, other young horses, hogs, chickens, and a complete outfit of machinery, all in good condition. Price \$30,000. \$12,000 down and ten years on the balance. This place will pay for itself and is one of the best investments in Morrow county. For further information, call on or address Fred Warnock, Heppner, Oregon.

Jacquard, the inventor of the famous loom, might have become a billionaire. This unselfish Frenchman, though gave his invention to the government, and all he got in return—all he asked in return—was a pension of \$1000 a year.

## Why Don't Homeseekers Come To Morrow County?

Morrow county produces more wealth per capita than any other county in the state of Oregon. Our territory within county lines is 75 miles in length by 35 miles in width, large enough for a state, but with not enough population for a good sized country village. Only 5000 people in the county.

Every year we grow about 1,000,000 bushels of wheat. This is worth about \$700,000.

We have about 225,000 head of sheep worth about \$562,000, after shearing while the wool from these sheep will sell for \$360,000. Then there are horses and cattle worth at least a half a million more.

These are the main items in the wealth producers. It don't take much figuring when you look at these figures to come to the conclusion that Morrow county people make some money. We have the soil, the climate and the goods to make good.

Morrow county's climate is pleasant and healthful. Morrow county people are prosperous. Morrow county people have money. Here in the town of Heppner we have two banks. The First National in published statements shows deposits running from half a million dollars up. Both banks have a big business. Heppner can show the largest bank deposits of any town of its size in the Northwest, and it should be remembered that Lexington, nine miles away, and Lone, 18 miles from Heppner both have banks doing a good business. This looks like Morrow county people have money.

But look here, almost half the population of Morrow county reside in the towns. This leaves only between 3,000 and 4,000 people in a territory 75 miles in length by 35 miles in width. Don't you think there is room for more people.

Ten or twelve years ago land in Morrow county went begging at from \$100 to \$250 a quarter section.

Five years ago this land had looked up to \$6.00 and \$7.00 per acre. Today this land is worth \$15 per acre with a few of the choicest lots some times bringing \$20 per acre. Now the old timers are wondering why they did not take advantage of this cheap land. They could have made a barrel of money.

Over in the adjoining county of Umatilla wheat lands today are worth from \$50 to \$75 an acre. On the other side of us is Sherman county with wheat lands selling from \$25 up. Here we are between with just as good land land at \$15 per acre. Our lands are sure to go up in price. In a few years the people here will be again wondering why they did not buy some of this \$15 land. The proposition is the same now as it was a few years ago, but it takes more money. Last year and year before a number of good farmers bought wheat lands and paid for it with the first crop.

Come to Morrow county and investigate this land business. Following are a few samples of what we have for sale:

No 1—320 acres, 13 miles south of Lone, 220 acres in cultivation and is in crop. One third of crop delivered in lone goes with place. All fenced with 2 wires. Price \$4,500. \$2,500 cash, balance in 2 years, 8 per cent.

No 2—800 acres, 12 miles south of Lone, 500 acres in cultivation 285 acres in grain, will summer fallow balance. Good well water, fair buildings and one mile from school. Price including crop and summer fallow, \$12,500. \$3,000 cash, \$2,000 after harvest, balance in one half crop payments at 8 per cent.

No 3—640 acres, 9 miles south of Lone, 450 acres in cultivation, 100 more to be plowed, 155 acres in wheat. Fair buildings, and all fenced with 2 wires. Price including crop, \$10,500. \$3,500 cash, small payment after harvest, balance to suit purchaser.

No 4—430 acres, 1 1/2 miles from Lexington, all in cultivation but 5 acres, running water, all fenced. Price per acre \$20.00. One half cash, balance on easy terms.

No 5—480 acres, 12 miles from Heppner, 300 acres in cultivation, 60 acres more can be plowed, 150 acres in grain, Windmill and plenty of water at house and running water in pasture. All fenced with 2 wires. Small orchard. Three quarters of mile from school. Price including crop, \$8,000. \$3,500 cash, balance on easy terms.

No 6—640 acres, 5 miles from Heppner, all tillable but 50 acres, 300 acres in wheat. Plenty of water, and fair buildings. Young orchard. Price including crop \$20.00 per acre. One half cash balance on easy terms.

No 7—Stock ranch, 7200 acres all fenced with 3 wires, watered by several

spring branches and creeks. There is about 75 acres set to alfalfa, 250 more in cultivation, two fair houses, two good sheep sheds. Located in the best grass section in Morrow county. Price per acre \$6.50. One third cash, balance on easy terms.

No 8—280 acres timber land, good house and barn, all fenced, 25 acres meadow or bottom land. One mile from good saw mill, 1 1/2 miles from school, 10 miles from Hardman. Price per acre \$10.00. \$500.00 cash, balance to suit purchaser.

No 9—320 acres timber and grass land, 3 miles from saw mill, all fenced, plenty of running water, small house. Price \$1600. Small payment down, balance on easy terms.

No 10—640 acres, 525 acres in cultivation, balance can be farmed, 300 acres in summer fallow, fair house and barn and other out buildings, fenced and cross fenced with 2 wires, county road runs on one side, one half mile from good school, 8 miles from railroad station. Price \$20.00 per acre, including summer fallow. One third cash, balance on easy terms, 8 per cent.

No 11—160 acres, 6 miles from Harman, well watered by springs, plenty of timber for home use, comfortable five room frame house, cellar, milk house, smoke house, wood house and shop, barn room for 12 head of stock. Hay barn 24x34, cattle shed 24x60, wagon and tool shed 16x40. About 40 acres in cultivation, more could easily be put in cultivation. Orchard of apple, plum, prune, pear and cherry trees just beginning to bear, one half mile from school house, 3 miles from saw mill. Price \$2,000 down balance to suit purchaser.
