NOSE CHANGED.

They Are Gradual and Imperceptible, But Continuous.

Don't worry about the shape of your baby's nose if it is a snub nor be sure if it pleases you by its regularity that it will be the nose that will grow up with it, for scientists have observed that no feature changes more as life progresses. The length of the nose increases so much faster than its breadth that the snub nosed baby may evolve a long, even hooked nose. This change in the shape of noses is gradual and imperceptible, generally more expeditious in the male than in the female, correlated with various other characteristics, such as intellectual attainments or weak constitution, and producing different results. During maturity and senescence the bridge of the nose becomes more and more prominent, often more convex, so that extreme old age may even develop an aquiline nose, so that one need never despair of possessing a satisfactory nose at some period of his life if he only lives long enough. But, like so many other blessings that are deferred, the right kind of a nose may arrive too late to affect one's fortunes or happiness.

A Study In Wrinkles.

When George Rignold was playing Henry V. a friend visited him in his dressing room and remarked a large and handsome photograph of Wordsworth hanging on the wall. Said the friend, "I see you are an admirer of Wordsworth."

"Who's Wordsworth?" queried the actor.

"Why, that's his picture—Wordsworth, the poet."

"Is that old file a poet? I got him for a study of wrinkles."—London Answers.

A Hostess and an Emergency.

Lady K. had sent Parnell an invitation to dinner, but Charles, who was very absentminded with respect to social functions and unconventional in the extreme, had forgotten the right date of the party. He therefore turned up a couple of evenings afterward an hour before the time. Lady K., glad to have him on any terms, did not undecide him as to his error, but hastily sent off several notes explaining the situation and asking some of her most intimate friends to help her in her emergency. She also ordered a hastily improvised dinner from a near caterer's.—Life of Parnell.

No Case of Pneumonia on Record

There is no case on record of a cold resulting in Pneumonia, or other serious lung trouble, after

FOLEY'S HONEY and TAR

had been taken. It stops the cough and heals the lungs and prevents serious results from a cold.

Do not take chances on a cold wearing away or experiment with some unknown preparation that costs you the same as oley's Honey and Tar. Remember the name and get the genuine.

Severe Cold for Three Months.

The following letter from A. J. Nuss, of Batesville, Ind., tells its own story: "I suffered for three months with severe cold. A druggist prepared me medicine, and a physician prescribed for me, yet I did not improve. Then I tried Foley's Honey and Tar, and eight doses cured me."

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better, by reason of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said; that "a disease known is half cured." Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly female in particular. It overworks, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally. Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.
