**GIRL AND BOY IN COUNTY JAIL**

**Accused of Stealing a Watch From their Father.**

On the 4th of July Deputy Sheriff G. A. Bleakman, of Hardman, brought in James Frakes, aged 20, and his sister, Sadie Frakes, and turned them over to the custody of the sheriff to await the action of the next grand jury on a charge of larceny from a residence. Their father had a search warrant issued by Justice Bates, and had the boy and girl searched for his watch, which he had accused them of stealing. The watch was found in the suit case of the girl and the boy has confessed to the officers that he took a horseshoe nail and picked the lock of his father's trunk, taking out the watch and giving it to his sister for safe keeping. Justice Bates bound both of them over in the sum of \$500 each and for lack of bondsmen they are yet in the county jail.

The Deputy District Attorney here has communicated these facts to Judge Bean, who will be here in a few days, when the girl will probably be paroled and the boy either sent to the reform school (from which he is now out on parole) or to the pen.

The readers of this paper will be pleased to learn that there is at least one dreaded disease science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a Constitutional disease, requires a Constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
