TWO WEEKS MORE OF HARVESTING

Very Late on Account of Scarcity of Help and Machinery.

Owing to the fact that it will take at least two weeks more, and possibly longer to harvest Morrow county's great wheat crop, it is hard to get at an estimate that is really accurate of the yield this season. There is no question but what the yield will be much greater than ever before in the history of the county. The farmers themselves have underestimated the yields of their crops. This is shown by the fact that there is a general demand for more sacks than first contracted for from almost every section. Some people estimate the total yield in Morrow county

at 2,000,000 bushels. The Gazette is of the opinion that this estimate is a little too high and will fall short probably a couple of hundred thousand bushels. With prices today of 77 cents for club and 80 cents per bushel for choice blue stem the crop of 1,800,000 bushels will bring a large sum of money which means unprecedented prosperity for all. The prevailing weather for the present month is about all that could be desired. The unusual scarcity of labor, the lack of harvesting machinery to harvest a wheat crop that has gone far ahead of the most sanguine expectations, has made the harvest very late. Now that we have been forced with such a long working season, everything will be saved in good order.

Dr. and Mrs. Winward and children were passengers for Portland Saturday.

About 2500 head of cattle, all feeders have been brought to Heppner this week for delivery to purchasers who will feed. L. E. McBee of lower Willow creek, and Frank Sloan, of Batter creek, were the largest buyers. The cattle were driven in from Harney, Crook and Wheeler counties.

Mr. and Mrs. H. A. Cupper and Mr. and Mrs. Oscar Schafer, of Monument, left this morning for Milton, where they go to attend the wedding of Percy Cupper.

Dave Herren, the Spay merchant, came over from Spray Saturday. Mr Herren reports that business is good in the town of Spray.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a Constitutional disease, requires a Constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Everybody wants to know what The Oregonian has to say.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. Some publishers broadcast and on each bottle wrapper, what his medicines are made of and verify the truth. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

Notice.

Notice is hereby given that I, the undersigned, under and by virtue of the laws of the state of Oregon, prohibiting the running at large of animals within Morrow county, have taken up and have in my possession at my farm 15 miles south of Heppner, Morrow county, Oregon, the following described animals to wit: One pale red steer with white face, dehorned branded OX on right hip, both ears cropped with swallow fork, two years old this fall. One dark red steer with white face, dehorned, branded Q on right hip, both ears cropped, two years old this fall. Also one dark brown mare about 15 1/2 hands high, weight 1100 pounds and about 8 years old with harness marks on sides, brand E on left shoulder.

The owner or owners of said animals, or either of them are hereby notified that unless the same are claimed within the proper time or manner, that I will on the 2nd day of November 1907, at the hour of 10 o'clock in the forenoon of said day at my said farm sell the said described animals in the manner and for the purposes provided by law.

Dated this 14th day of October, 1907.

H. W. FELL.
