Fortunate Morrow County.

While the country in general is somewhat stirred up over the financial flurry, come to think of it here in Morrow county we are especially fortunate.

There is a reason for the fact that every bank in Morrow county has kept open as usual, and that business has gone on without apparent distress.

The best reason is the fact that the wheat remains untouched.

We still have our 2,000,000 bushels of wheat, about twice as much as we ever had before in the history of the country. The fact that wheat has been and will be higher in price than for many years is certainly no cause for any panic here.

Then comes our solid and perpetual meal ticket, the great stock industry, with the thousands of heads on good grass and plenty of hay for winter.

The banks have more money than they ever had, and their securities are backed by more wealth than ever before.

Now what in the world is there to get alarmed at.

Your money is safer in Morrow county banks than in city banks for the reason that we haven't a long list of savings accounts for wage earners to make a run on.

Good times are coming. The time is not far away.

Good Roads Convention.

Hon. John H. Scott, president of the Oregon Good Roads Association has prepared a magnificent program for the good roads meeting to be held at the Portland Commercial Club beginning Thursday, November 14th, at 1 o'clock P. M.

The meeting will be opened by addresses of welcome by Mayor Lane and Tom Richardson, with response by Judge Scott. The addresses for the afternoon will be by Hon. Wilbur K. Newell, Judge Alfred Battles, president King County, Washington, Good Roads Association, Judge Thomas F. Ryan, of Clark County, Ex-Governor T. T. Geer and Hon. James H. McDonald, president American Road Makers Association and Highway Commissioner of Connecticut.

Thursday evening at 7:30 there will be a stereopticon lecture by Hon. Samuel C. Lancaster, United States government engineer, followed by refreshments, music and speeches, at which Judge Webster will preside as toastmaster.

The convention will re-assemble Friday morning, November 15th, at 9 o'clock and the list of speakers for the morning session includes Professor Skeelin of the Oregon Agricultural College, Dr. Willis B. Morse of Salem, President Campbell of the State University, Hon. Samuel Hill president Washington Good Roads Association, Dr. James Withycombe, and Hon. John B. Albert.

Friday afternoon Senator Johnson, of Benton county, Judge Webster, of Blaine county, Addison Bennett of the Irrigon Irrigator, Dr. Andrew C. Smith of Portland, President Coleman of Willamette University, and Senator Kay of Marion county, will talk, followed by reports of committees, election of officers, and an automobile ride to Kelly Butte.

The horse show which closed Saturday at Portland was a tremendous success, and the Oregon animals on display as well as the show itself was rated by Dr. Withycombe as just as good, if not as large, as the one in New York City.

"We take clearing home certificates" is a sign now to be seen in the show windows of almost every Portland business house. The financial sky is clearing and there is every prospect that two weeks more will see conditions normal.

Sawmills May Cut Wages.

Sawmill companies of Portland are seriously considering the proposition of reducing wages, should the present unfavorable conditions continue for any length of time. It is understood that the Multnomah Lumber & Box Factory, operating on the South Portland water front, has already reduced the pay of its hands from \$2 to \$2.25 to \$1.75 a day. The reduction affects the men employed as laborers in and about the yards.

"We cannot continue to pay present wages much longer," said the manager of the Eastern & Western Lumber Mills this morning, "as we are losing money right along. We will keep wages up as long as we can, as we do not desire to add our straw to the load the camel is packing, and we hope for better conditions in the near future."

"Our Eastern market has been cut off from us by the high rates of the railroad and we have difficulty in reaching the nearby interior markets by the lack of cars. The railroads are not bringing as many open cars West as we need, because the moving of the grain crop keeps such cars in commission."

"There are about 4000 men employed by the sawmills of Portland, and a reduction of wages would mean a lessening of coin in circulation to a considerable degree. Add to this number about 4000 more, employed in the logging camps and on the steamboats and logging rafts, whose wages would follow the decline, and it can be readily seen how important it is to the people of the Northwest that wages be kept up as high as possible."

"Men have become suddenly numerous, and we are obliged to post notices 'No More Men Wanted' at the entrance to our yards, for the first time in several years."

Great as was the wheat crop, says the Arlington Record, it is likely to be surpassed by the crop of wild geese, acres of which are now ready for the harvester. Arlington appears to be the stopping place of these birds of passage, and more of them have paused in their flight to inspect the country hereabouts than Rockefeller has dollars. Hunters are swarming in from all directions and the railroads, powder trust and hotels are hoping the goose harvest will last all winter. Four sportsmen brought in 160 geese as the result of one morning's work and this is not much above the average of a good shot. The birds are in fine condition and when properly cooked are good enough to tempt a dyspeptic.

Hundreds of gallons of huckleberries have been gathered by Canyonville residents this season from the nearby mountains.

The Bend Commercial club has a fine new house.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate woman's organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments. For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve tonic, adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments. Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel, and Surgical Institute, Buffalo, N. Y.

The Gardner Gazette has died from starvation.

Approaching Winter

Calls to mind the necessity of winter clothing. You may deny yourself somethings but to go with out the proper clothes in weather is expensive beyond comparison.

Marquardsen Supplies Your Needs.

Boys Over Coats in all sizes, colors and lehghths. This is an especially strong line and the cool days are moving the various styles rapidly. You should call and see them. Prices from \$2.00 to \$12.50.

Young Men's Suits.

We mention this line of clothing in order to bring to your mind that we have the proper thing in the way of a young man's suit and the prices are right. A personal inspection would give more satisfaction than a yard of figures and prices.

Men's Overcoats.

Fur	Fur	Fur	Fur	Fur
\$18.50	\$21.50	\$24.00	\$27.00	\$35.00

Thibet cloth, Kersey, Tweeds and Raincoats, heavy, well made and all lengths \$6.75 and up.

Marquardsen's Department Store

One Union mill made 60,000 fruit boxes this season.

An apple raised near Mitchell weighed 22 ounces.

The Brownville cannery has been a big success this year.

The first train to enter Wallowa county pulled in last week.

Sunday closing will be enforced in Condon and throughout Gilliam county.

A Toledo man could ship away ten carloads of apples if cars were obtainable.

Only occasionally can Freewater or Milton get a car in which to ship out apples.

Good English walnuts were picked from a Jacksonville tree only three years old.

A Wallowa man went out to dig his potatoes and found some unknown person had done the job for him, taking the potatoes for pay.

This from the Newberg Graphic is a sample of many items: The sawmill was closed down Saturday evening, owing to the raise of freight rates which came into effect the first of the month. The company has four or five million feet of lumber already in the yard, and as all orders have been canceled to date, it is not known how long the mill will be shut down.

Ideal Gentleman's Resort

BILLIARD AND POOL ROOMS
