THURSDAY.....Nov. 21, 1907

SELLING FLEETS LAZDER.

Half-Million Pounds Potatoes for Pacific Cruise.

New York, Nov. 18.—Five of the 16 big American battleships which next month will start on one of the most notable cruises of the world's naval history are at the Brooklyn Navy-yard receiving their last preparation for the long journey to the Pacific Ocean. The other 11 are at the Norfolk, Boston and League Island Navy-yards. Several of the battleships now at other yards will come to New York during the next ten days to be put into the drydocks at the Brooklyn yard. Eleven and possibly 12 of the fleet will rendezvous in New York harbor before December 1, and will sail either on that day or December 2 for Hampton Roads, from which port the start to San Francisco will be made on December 16, after a review of the assembled ships by President Roosevelt.

In addition to the five heavily armored fighting craft at the local yard, four vessels of the auxiliary squadron of supply and repair ships also are under repair and will be ready in a few days to receive their full cargoes of supplies. The task of loading the foodstuffs is by no means one of the smallest of the problems involved in the setting out of the heaviest fighting squadron ever assembled under the American flag, a fact which is patent when of potatoes alone the requisitions now in the hands of the pay corps officers call for 500,000 pounds.

The Connecticut, the flagship of Rear Admiral Evans, which will head the battleship column in its hemisphere-girdling cruise, was taken out of dry dock late yesterday afternoon, her white sides glistening with new paint.

Quite a change is being made in the appearance of the superstructures of the battleships by the stripping off of nearly one-half of the small boats formerly carried. It was once the idea in the Navy to carry small boats enough to accommodate a ship's company in case of wreck or disaster in battle. Such a plan has long since been impracticable, for the crew of the modern fighters have grown to more than 800 men, and if small boats enough to care for these were carried there would be room for little else aboard. The danger of shipwreck now is regarded as remote, and in the event of sinking in battle, the men it is believed, would have as good chances of rescue in caring for themselves individually as they would in an endeavor to get into boats. The rescue of men from sinking ships is regarded as one of the duties imposed upon the victor.

The town of Nibley, in Union county has been sold to A. B. Conley and the houses will be moved away, the town fences taken down and ere long what was once a hopeful little Mormon town, will be known only in local history.

An eight-pound potato is on exhibition in Klamath Falls.

Timber Land, Act June 3, 1878.
NOTICE FOR PUBLICATION.

United States Land Office, The Dalles, Oregon
September 9th, 1907.
Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada and Washington Territory," as extended to all the Public Land States by act of August 4, 1892,

George W. Merrill, of Hardman, county of Morrow, State of Oregon, has this day filed in this office her sworn statement No. 4213, for the purchase of Lots 2 and 4 and SW 1/4 NW 1/4 of Section No. 4, in Township No. 6 S., Range No. 26 E., W. M., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish her claim to said land before the Register and Receiver at The Dalles, Oregon, on the 23rd day of January, 1908.

She names as witnesses: George W. Chapin, Annie E. Cha In, Orla E. Shaver and John A. Adams, all of Hardman, Oregon.
Any and all persons claiming adversely the above described lands are requested to file their claims in this office on or before said 23rd day of January, 1908.
Nov 21-Jan 23 C. W. MOORE, Register.

Wild geese are still plentiful around Arlington.

A Gilliam county man sold 300 2-year-old ewes for \$5 a head.

The town of Umatilla issued "clearing house certificates" based on O. R. & N. pay checks.

The wheat area to be seeded in Umatilla county this fall will exceed by perhaps 10 per cent the area in cultivation this year.

Although Wood River valley proper consists of only about a township in area, there have been sold out of there this fall about 5,000 head of cattle.

Dallas Observer: As far as Polk county is concerned it can scarcely be said that there has been a flurry. The sawmills and factories have been running without interruption, the banks have remained open, and the merchants have enjoyed the usual prosperous fall trade. Polk county marked a record-breaking crop and grain and fruit this year, and the hop farmers are coming out in far better shape financially than prospects indicated early in the season.

Notice For Publication.

Department of the Interior,
Land Office at The Dalles, Oregon.
October 15, 1907.

Notice is hereby given that Edwin L. Moreland of Hardman, Oregon, has filed notice of his intention to make final five-year proof in support of his claim, viz: Homestead Entry No. 3903 made January 18, 1901, for the E 1/2 S 24, Section 21, NW 1/4 SW 1/4, Section 22, Township 4 S., Range 25 E., W. M., and that said proof will be made before J. P. Williams, U. S. Commissioner, at Heppner, Oregon, on November 30th, 1907.

He names the following witnesses to prove his continuous residence upon, and cultivation of, the land, viz:
Orlo C. Stevens, Arthur Stevens, Joseph Howell and Fred C. Knighton all of Hardman, Oregon.
Oct 14-Nov 28 C. W. MOORE, Register.

Eugene merchants are selling an unusual amount of wood-chopping tools.

Woodburn nurseries are shipping great numbers of trees and employ many men.

Many carloads of alfalfa are being shipped from Milton—or would be if enough cars could be obtained.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress "small of back," gnawing or distressing feeling in stomach, perhaps nausea, and "rises" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong. The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised. Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

Who Makes XTRAGOOD

WE always like to know all we can about the makers who produce the clothes we offer you; and we'd like you to know about them too.

One of the main reasons we sell XTRAGOOD is the fact that they are made by Ederheimer, Stein & Co., Chicago, in the most modern and remarkable tailor shops ever built; in large, light, airy, clean buildings specially erected and fitted for making clothes better and different than others have done or are doing.

Beside the longer wear your boy will get out of XTRAGOOD, the better appearance and more perfect fit that you'll appreciate, it's an advantage to know they're clean and wholesome, as well as most durable, reliable, honest, economical.

The Best Boy's Overcoat is an XTRAGOOD. Ages 7 to 17. Prices \$5 to \$12.
