

Worship Roosevelt's Picture.

San Francisco, Dec. 15.—Americans think a great deal of President Theodore Roosevelt, but it has been reserved for the Russian peasants settled in Eastern Siberia to reverence the well-known picture, which shows the gleam of teeth, as that of a saint. That they do so is asserted to be a fact by Alexander G. Denbigh, who arrived on board the steamer Siberia, and is now staying at the St. Francis Hotel.

"The people there are of the lowest class of Russian peasant and know nothing about the outside world," said Denbigh. "In every house, no matter how poor it may be, there is sure to be an ikon of some kind, and if it is possible for the owner of the place, he also has a picture of a saint."

"The picture of your President has gone over the world, and can be found in many queer places. I remember asking one of my men from the Ural mountain district, who had never heard of Roosevelt, what picture he had in his tent. He at once told me that it was one of St. Peter—without the beard and with spears on. Curious to see such a picture, I went to the hut and found that it was a chromo of the President of the United States. The man assured me that he had the best of good fortune since he had obtained the picture of the 'holy saint.'"

Pendleton rejoices in the starting of the woolen mill after a temporary suspension of several months. This is not only good news to Pendleton, but to all Oregon and the northwest, as it is an indication of the far-reaching demand for more manufacturing establishments, says the East Oregonian.

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them remedies of known composition.

By this bold step Dr. Pierce has shown that his formulae are of such excellence that he is not afraid to subject them to the closest scrutiny. Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, his famous medicine for weak stomachs, and liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small standard medical work of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents, and that they are made from native, medicinal roots of great value; also that some of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription, was known to the Indians as a "Sour-Weed." Our knowledge of the use of a not a few of our most valuable native medicinal plants was gained from the Indians. As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the woman's functions, correcting displacements, as prolapsus, anteversion, and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

Owing to the recent drop of prices in the hog market many who were fattening hogs for sale are compelled to kill and pack their meat.
