Rev. George A. E. Troutman, Mt. Washington, Mo., Writes,

"My Wife and I Are Strong Believers in Pe-ru-na."

Catarth and La Grippe. Rev. Geo. A. E. Troutman, Mt. Washington, Mo., writes: "My wife and I are strong believers in Peruna."

REV. GEORGE A. E. TROUTMAN

I was cured of a bad case of catarth when nothing else that I tried had any effect. My wife was cured from a severe case of la grippe, and we feel that the least we can do is to gratefully acknowledge the merit of Peruna.

"My wife joins me in sending best wishes for your success."

Throat Trouble. Rev. H. W. Tate, 920 Lincoln Avenue, Walnut Hills, Cincinnati, Ohio, writes: "For several years I have been

troubled with a peculiar spasmodic affection of the throat. It would seize me suddenly and for a few minutes I would be unable to speak audibly, and my breath would be greatly interfered with. I would be obliged to gasp for breath.

"I finally concluded that it was some catarrhal affection which probably excited the spasm: It interfered with my vocation as a preacher, attacking me occasionally in the pulpit.

"I had heard so much about Peruna as a catarrh remedy that I determined to try it. After taking two bottles, my trouble has disappeared. I feel sure that Peruna has greatly benefited me."

Rev. P. E. Swanstrom, Swedish Baptist pastor, Box 228, Grantsburg, Wis., writes that from the use of Peruna he is perfectly well, entirely cured of chronic diarrhea and catarth.

## BILL IN CONGRESS TO CURB GAMBLING

Measures Introduced by Texas Members Would Prevent Options in Cotton and Grain.

MAY COVER DEALS IN STOCK

Idea Threatens to Place an Embargo on Market Speculation of All Kinds.

Washington correspondence:

HERE has been a sudden awakening throughout the country to the fact that some thing is going on in Washington which threatens gambling in cotton and grain and possibly, too, which aims to place an embargo on speculation in stocks. Indications of this awakening appear in a regular flood of letters from the interests threatened to the members of Congress, who are identified with the proposed restrictive legislation.

The reason which calls forth these letters lies in two bills introduced by Senator Culberson, of Texas, and Representative Burleson, of the same State, designed to wipe out speculation in cotton futures. The bills are identical and while they apply only to cotton, as originally drawn, there is likelihood that if either of them is reported out of the committee to which they have been referred the provisions will be extended to apply to wheat and other grains.

The central idea in the Burleson bill is the application of the power to regulate interstate commerce so as to restrain telegraph and telephone companies from transmitting messages relating to a contract for the future delivery of cotton. The use of the mails also is prohibited to publications containing notices or records of the transactions of any product exchange wherein the contracts aimed at in the measure are made. Heavy penalties provide the means of restraining the telegraph and telephone companies. It is the contention of Representative Burleson that if information of the kind prescribed can be kept away from the people living outside New York and New Orleans it will put the New York Cotton Exchange out of business. Frankly, it is admitted, that such is the object of the bill.

The Boards of Trade in several cities are aroused. Probably what they chiefly fear is that public sentiment against speculation in both stocks and bonds, which has been accentuated by the recent financial condition, may hasten a demand for the passage of the bill.

In addition to the Burleson measure, Representative Hepburn, of Iowa, has in hand a plan to regulate dealing in stocks.

Both France and Germany have adopted radical restrictive measures relating to dealings in stocks, grain, cotton and other things on margins, and their example is being pointed to by American legislators who are earnest in their intention of doing something along the same line. The laws of France prohibit gambling in several securities and provide heavy fines and imprisonment for infractions thereof. The French penal code also prohibits "corners" or attempts to control the supply or affect the prices of grain, flour, bread and other food products.
