**New Shirt Waists**  
**ONE WORD ABOUT ECONOMY**

Economy does not mean the lowest price. In garments it means "The greatest service"—in other words the best value for the money expended. Almost any shirt waist looks well when it is new. The Empire waist looks well at that time and it also retains its good looks, because we would not be doing our duty by you if we were content with simply the superficial appearance of the new garment. We pay just as much attention to the hidden parts, the way the seams are finished and the garment put together, as we do to the outer appearance. This is why the Empire always looks well, gives the best service and once worn are always called for the next time. Our new spring line of shirt waists has arrived and ready for your inspection. We invite you to call and see them.
