**ITS A TOSS UP**  
**Unless You Think For Yourself.**

To the man up a tree it looks like a toss up. You wait to get the best suit you can buy for the money.

You read the clothiers ads and everyone has "the best made, best fit, and best everything." Some of them must be guessing at it, you say; and give it up as a hopeless job, or drop in some where by accident--and afterward wish you hadn't.

**Why not bring a little Sound Common Sence**  
**— into Your Decision?**

The trouble with most cloths is that they are shaped with the flat-iron, and you can't expect them to give satisfactory wear.

The flat-iron work is so cheap, as against the patient hand sewing of the Sincerity clothes, in giving shape to a garment, that the makers get bigger profits and you pay the bills.

Next time buy a **Sincerity Suit** for the extra worth you will get out of it. We are sole agents for Sincerity clothes.

We invite your inspection of our new styles for spring, not only in clothing, but also our "fixin's" in the way of Hats, Furnishing Goods and Shoes.
